## **Birmingham Magic For The New Millennium:**

*Magic City Rock: Spaces and Faces of Birmingham's Scene* Blake Ells, 2020-10-19 Birmingham's rock music scene has thrived on camaraderie and collaboration for decades. With no competitiveness it has maintained a punk rock ethos while also appealing to a mainstream audience thanks to DIY clubs and alternative radio support. Once one of the country's most successful AAA radio stations 107.7 The X and the A/R power of station head Scott Register provided the early radio success that helped break Train, Matchbox Twenty and John Mayer. The same scene produced Jim Bob, the Leisure Suits, the Primitives, the Sugar La Lás and Verbena. From local legends like Hotel and Telluride to national sensation St Paul and the Broken Bones, writer Blake Ells tells the story of the Magic City's indelible stamp on the history of modern rock. Legitimising Magic, 2023-12-11 As magic is a powerful means to influence the natural world and human beings and is deeply connected to the divine sphere, persons using it are in constant need to justify its use. The ambivalence of magic to serve both well-wishing and ill-wishing aims puts the practitioners ever at risk. This volume illuminates the strategies adopted to legitimise the practice of magic and analyses how these justifications are phrased and formulated in cuneiform texts, thereby revealing the underlying principles and unexplained axioms of using magic in the Ancient Near East. *The Birmingham Queen* S. A. M. Trainor, 2010-06 We are to believe there was a time when The Birmingham Queen was just a poem, a mock epic burlesque in which a fake pound coin told how she was won in a game of darts by a drag queen called Britannia Spears. It parodied Pope's *The Rape of the Lock*, Byron's *Don Juan* and an anonymous eighteenth-century novel *The Birmingham Counterfeit*. The transformation of this bit of picaresque doggerel into the sprawling work barely contained by this cover is the central mystery of a ludic novel. It mirrors the unlikely story of a dirty little settlement of nailers and cutlers becoming the principle city of the Industrial Revolution by flooding the Restoration economy with counterfeit coins. What remains is an absurd scholarly edition of a poem recast as a futuristic dystopia in which nothing is authentic. It is also the tale of an impossible love affair that uncovers an impossible text by an impossible author. It is as strange, ironic, sombre, flashy and anarchic as the city to which it owes its existence. **Personal Religion in Domestic Contexts during the New Kingdom** Iria Souto Castro, 2023-06-08 This study has three main themes: the definition of personal religion and religious domestic practices from a theoretical perspective; the description and analysis of the main archaeological and anthropological evidence; and on that basis, the study of the impact of the Amarna period in the development of personal religion during the New Kingdom. The Ashgate Research Companion to Popular Musicology Derek B. Scott, 2010 The research presented in this volume is very recent and the general approach is that of rethinking popular musicology: its purpose, its aims and its methods. Contributors to the volume were asked to write something original and at the same time to provide an instructive example of a particular way of working and thinking. The essays have been written with a view to helping graduate students with research methodology and the application of relevant theoretical models. The team of contributors is an exceptionally strong one; it contains many of

the pre eminent academic figures involved in popular musicological research and there is a spread of European American Asian and Australasian scholars

*The Second Coming* J. F. C. Harrison, 2013-05-07 First published in 1979 *The Second Coming* is an experiment in the writing of popular history a contribution to the history of the people who have no history and an exploration of some of the ideas beliefs and ways of thinking of ordinary men and women in the late eighteenth and first half of the nineteenth centuries Millenarianism is a conceptual tool with which to explore some aspects of popular thought and culture It is also seen as an ideology of social change and as a continuing tradition traced from the end of the seventeenth century to the 1790s and is shown to be embedded in folk culture Abundant in rich and lively descriptions of such colourful characters as Richard Brothers Joanna Southcott John Wroe Zion Ward and Sir William Courtenay as well as studies of the Shakers early Mormons and Millerites the result is a window into the world of ordinary people in the Age of Romanticism

**Prophet Harris, The 'Black Elijah' of West Africa** David A. Shank, 2023-12-28 Prophet Harris The Black Elijah of West Africa offers the only comprehensive study of the thought of William Wade Harris the Glebo Liberia loyalist whose prophetic mission from 1910-29 moved tens of thousands of West Africans out of traditional religion into the stream of Christianity and modernization particularly in the Ivory Coast It reviews that unparalleled breakthrough thoroughly examines traditional African Western missionary and colonial influences which helped determine religious innovation and shape his vocation as prophet of Christ's reign of peace and prosperity Heretofore unused sources enriched by documents and photos expose biblical eschatological and messianic dynamics which tied Harris words symbols and charisma together in a holistic African Christianity The source of long standing contentions between Ivoirian Harrists Methodists and Catholics is uncovered in the well intentioned but changing colonial and missionary responses to his impact
