Birth Mother:

Surrogate Motherhood Rachel Cook, Shelley Day Sclater, Felicity Kaganas, 2003-06-30 This multi disciplinary book explores legal ethical social psychological and practical aspects of surrogate motherhood in Britain and abroad Queering Family Trees Sandra Patton-Imani, 2020-06-09 Argues that significant barriers to family making exist for lesbian mothers of color in the United States One might be tempted in the afterglow of Obergefell v Hodges to believe that the battle has been won that gays and lesbians fought a tough fight and finally achieved equality in the United States through access to legal marriage But that narrative tells only one version of a very complex story about family and citizenship Queering Family Trees explores the lived experience of queer mothers in the United States drawing on over one hundred interviews with African American Latina Native American white and Asian American lesbian mothers living in a range of socioeconomic circumstances to show how they have navigated family making While the legalization of same sex marriage and adoption in 2015 has provided avenues toward equality for some couples structural and economic barriers have meant that others especially queer women of color who often have fewer financial resources have not been able to access seemingly available choices such as second parent adoptions powers of attorney and wills Sandra Patton Imani here argues that the virtual exclusion of lesbians of color from public narratives about LGBTQ families is crucial to maintaining the narrative that legal marriage for same sex couples provides access to full equality as citizens Through the lens of reproductive justice Patton Imani argues that the federal legalization of same sex marriage reinforces existing structures of inequality grounded in race gender sexuality and class Queering Family Trees explores the lives of a critically erased segment of the queer population demonstrating that the seemingly color blind solutions offered by marriage equality do not rectify such inequalities After Adoption Carole Smith, Janette Logan, 2004 Providing a comprehensive understanding of adoption issues and based on research with a large number of adoptive parents children and birth relatives the authors consider the impact of direct post adoption contact on all concerned **Queen Mothers** Rhonda Jeffries, 2019-08-01 Black women s experiences functioning as mothers teachers and leaders are confounding and complex Queen Mothers from Ghanaian tradition are revered as the leaders of their matrilineal families and the teachers of the high chiefs M ller 2013 Stoeltje 1997 Conversely the influence of the British Queen Mother on Black women in the Americas translates as a powerless title of dis courtesy Characterized as a deviant figure by colonialists the Black Queen Mother s role as disruptive agent was created by White domination of Black life Masenya 2014 and this branding persists among contemporary perceptions of Black women who function as the mother teacher or leader figure in various spaces Nevertheless Black women as cultural anomalies were suitable to mother others for centuries in their roles as chattel and domestic servants in the United States Dill 2014 Lawson 2000 Lewis 1977 and Rodriguez 2016 provide explorations of the devaluation of Black women in roles of power with these effects wide ranging from economic and family security professional and business development healthcare maintenance political representation

spiritual enlightenment and educational achievement This text interrogates contexts where Black women function as Queen Mothers and contests the trivialization of their manifold contributions The contributed chapters explore The myriad experiences of Black women mothering teaching and leading their children families and communities how spirituality has influenced the leadership styles of Black women as mothers and teachers and how Black women are uniquely positioned to mother teach and lead in personal and professional spaces

The Tigers in Your Dreams Sandra Ladwig, 2018-11-08 The Tigers in Your Dreams 14 stories of adoptees reuniting with family members is an emotional book about adoption and searching It contains true accounts of adoptees searching for and contacting their birth families including siblings that they may not have known about Also included is information and tips for your own search Sandra and her Committee of eight M L A Marianne Jablonski and Minister Iris Evans were instrumental in opening the adoption records in Alberta on January 1 2005 There are amendments still required to allow family members to obtain information from the adoption file should the birth parents be deceased or should the adoptee be deceased At the present time only those involved in the adoption triangle may obtain information from the adoption files

Open Adoption and Diverse Families Abbie E. Goldberg, 2019 This book explores the reality of what it s like to live adoption and open adoption specifically Most people know very little about how contemporary US adoptions work and this book draws back the curtain to reveal the vulnerabilities strengths challenges and daily struggles and triumphs of adoptive families today It does not shy away from tough subjects like birth parents mental illness and racial differences between adoptive parents and their children It aims to trace the challenging decisions and dynamics that adoptive parents sign up for when they pursue open adoption It also aims to illuminate the unique benefits and joys of open adoption

America's Children , 2005 The Violence of Love Kit W. Myers, 2025-01-28 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program Visit www.luminosoa.org to learn more The Violence of Love challenges the narrative that adoption is a solely loving act that benefits birth parents adopted individuals and adoptive parents a narrative that is especially pervasive with transracial and transnational adoptions Using interdisciplinary methods of archival legal and discursive analysis Kit W Myers comparatively examines the adoption of Asian Black and Native American children by White families in the United States He shows how race has been constructed relationally to mark certain homes families and nations as spaces of love freedom and better futures in contrast to others that are not and argues that violence is attached to adoption in complex ways Propelled by different types of love such adoptions attempt to transgress biological racial cultural and national borders established by traditional family ideals Yet they are also linked to structural symbolic and traumatic forms of violence The Violence of Love confronts this discomfiting reality and rethinks theories of family to offer more capacious understandings of love kinship and care

Pre-Parenting Thomas R Verny, Pamela Weintraub, 2003-10 Originally published as Tomorrow s baby

The Politics of Adoption Kerry O'Halloran, 2008-12-01 Adoption has always had a political dimension Its use to achieve political ends has been evident throughout history and in many different cultures In Roman times an emperor would adopt a successful general to 1 continue his rule In Ireland under the Brehon Laws the reciprocal placements of 2 children between clans was an accepted means of cementing mutual allegiances In Japan the adoption of non relatives was traditionally seen as a means of allying 3 with the fortunes of the ruling family The willingness of governments to use adoption as a political strategy was apparent for example in Australia where it was used to 4 further the assimilation of indigenous people It is now present in the phenomenon of intercountry adoption where the flow of children particularly in the aftermath of war is often politics by proxy Adoption can be profoundly affected by politics as demonstrated by the decision of the Chinese government to advocate one child families which resulted in very many Chinese girls being relinquished for adoption abroad as their parents exercised a preference for a male child Again as in Korea in the recent past c rently in some South American countries and in those states of eastern Europe newly emerged from under the blanket of totalitarianism governments can and do facilitate an outward flow of children for reasons of economic and political 5 expediency
