Birthing A Living Church:

Birthing a Living Church Virginia Hoffman, 1988 Describes a Catholic Church without a clerical structure and suggests new roles for women as well as other parishioners The Living Church ,1942 **Birth Control Battles** Melissa J. Wilde, 2019-12-17 Conservative and progressive religious groups fiercely disagree about issues of sex and gender But how did we get here Melissa J Wilde shows how today s modern divisions began in the 1930s in the public battles over birth control and not for the reasons we might expect By examining thirty of America s most prominent religious groups from Mormons to Methodists Southern Baptists to Seventh Day Adventists and many others Wilde contends that fights over birth control had little to do with sex women s rights or privacy Using a veritable treasure trove of data including census and archival materials and more than 10 000 articles statements and sermons from religious and secular periodicals Wilde demonstrates that the push to liberalize positions on contraception was tied to complex views of race immigration and manifest destiny among America s most prominent religious groups Taking us from the Depression era when support for the eugenics movement saw birth control as an act of duty for less desirable groups to the 1960s by which time most groups had forgotten the reasons behind their stances on contraception but not the concerns driving them Birth Control Battles explains how reproductive politics divided American religion In doing so this book shows the enduring importance of race and class for American religion as it rewrites our understanding of what it has meant to be progressive or conservative in America

Christianity, in its various aspects, from the birth of Christ, to the French Revolution. Translated by C. Cocks Edgar Quinet, 1846 *From the birth of Christ to the reign of Constantine, A.D. 1-311* Philip Schaff, 1867 **The Second Adam and the New Birth** Michael Ferreebee Sadler, 1867 **The Second Adam, and the New Birth ... Second Edition, Enlarged** Michael Ferreebee Sadler, 1860 **Abortion and America's Churches** Daniel K. Williams, 2025-10-01 Abortion and America s Churches explores the surprising history of how American Christians think about abortion Many people assume that Christians have steadfastly condemned abortion throughout the United States s history Daniel K Williams overthrows all assumptions about the unity consistency or simplicity of American Christian thought and belief in this groundbreaking new book He demonstrates that churches in the United States have fought among themselves and with the wider culture as they developed and enforced their stance on abortion revealing major struggles to define their often changing positions Far from a cynical exercise of political interest changes and disagreements arose from serious theological considerations informed by each tradition s approach to the faith These theological shifts and corresponding shifts in interreligious political alliances led to the changing fortunes of Roe v Wade By capturing the fascinating and complicated history informing each faith s position Abortion and America s Churches restores much needed context to the sharp polarization over abortion today **The second Adam, and the new birth; or, The doctrine of baptism as contained in holy Scripture, by the author of 'The sacrament of responsibility'.** By the rev. M.F. Sadler Michael Ferreebee

Sadler,1860 **The Ufo Phenomenon and the Birth of the Jewish, Christian, and Muslim Religions** Robert Iturralde,2022-04-07 This book traces and explains the unsolved mysteries from unexplained archaeological findings to modern day supernatural religious phenomenon The connection between the three major religious beliefs and the ufo phenomenon Is deeply explored The most famous supernatural mysteries like the Bermuda Triangle Big Foot the Jersey Devil and the men in black are explained as creations of the Ufo Phenomenon The purpose of these supernatural is to make us wonder fright hope and deceive Scientists are still looking for extraterrestrials In all the wrong places Alien life has been with us for thousands of years in forms of the supernatural religious phenomena myths and legends and now in modern times as the ufo phenomenon I show why the ufo phenomenon is the creator of the supernatural and religion **The Birth of the Soviet Secret Police** Boris Volodarsky,2023-05-31 This book is new in every aspect and not only because neither the official history nor an unofficial history of the KGB and its many predecessors and successors exists in any language In this volume the author deals with the origins of the KGB from the Tsarist Okhrana the first Russians secret political police to the OGPU Joint State Political Directorate one of the KGB predecessors between 1923 and 1934 Based on documents from the Russian archives the author clearly demonstrates that the Cheka and GPU OGPU were initially created to defend the revolution and not for espionage The Okhrana operated in both the Russian Empire and abroad against the revolutionaries and most of its operations presented in this book are little known The same is the case with regards to the period after the Cheka was established in December 1917 until ten years later when Trotsky was expelled from the Communist Party and exiled and Stalin rose to power For the long period after the Revolution and up to the Second World War and indeed beyond until the death of Stalin the Cheka s main weapon was terror to create a general climate of fear in a population In the book the work of the Cheka and its successors against the enemies of the revolution is paralleled with British and American operations against the Soviets inside and outside of Russia For the first time the creation of the Communist International Comintern is shown as an alternative Soviet espionage organization for wide scale foreign propaganda and subversion operations based on the new revelations from the Soviet archives Here the early Soviet intelligence operations in several countries are presented and analyzed for the first time as are raids on the Soviet missions abroad The Bolshevik smuggling of the Russian imperial treasures is shown based on the latest available archival sources with misinterpretations and sometimes false interpretations in existing literature revised After the Bolshevik revolution Mansfield Smith Cumming the first chief of SIS undertook to set up an entirely new Secret Service organization in Russia During those first ten years events would develop as a non stop struggle between British intelligence within Russia and abroad and the Cheka later GPU OGPU Before several show spy trials in 1927 British intelligence networks successfully operated in Russia later moving to the Baltic capitals Finland and Sweden while young Soviet intelligence officers moved to London Paris Berlin and Constantinople Many of those operations from both sides are presented in the book for the first time in this ground breaking study of the dark world of the KGB **Annual**
