## **Biting At The Grave The Irish Hunger Strikes And The Politics Of Despair:**

**Biting at the Grave** Padraig O'Malley, 1990 A book equal to the pity and terror of its subject Padraig O Malley simplifies nothing and scrutinizes everything This is not only a heartfelt narrative but a sustained exercise of moral and political intelligence Seamus Heaney **Biting at the Grave** Padraig O'Malley, 1990 **The European Convention on Human**

**Rights and the Conflict in Northern Ireland** Brice Dickson, 2012-03-15 This book charts the role played by the European Convention on Human Rights during the conflict in Northern Ireland from 1968 to the present day It offers a systematic case study of the Convention's capacity to protect human rights in a society wracked by terrorism and political conflict *The*

*Dynamics of Conflict in Northern Ireland* Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture

and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge

**Out of the Ashes** Robert White, 2017-04-25 Out of the Ashes is the definitive history of the Provisional Irish Republican movement from its formation at the outset of the modern Troubles up to and after its official disarmament in 2005 Robert White a prolific observer of IRA and Sinn Féin activities has amassed an incomparable body of interview material from leading members over a thirty year period In this defining study the interviewees provide extraordinary insights into the complex motivations that provoked their support for armed struggle their eventual reform and the mind set of today's dissidents who refuse to lay down their arms Those interviewed stem from every stage of the Provisionals' history from founding figures such as Seán Mac Stíofáin Ruairí Ó Brádaigh and Joe Cahill to the new generation that replaced them Martin McGuinness Danny Morrison and Brendan Hughes among others Out of the Ashes is a pioneering history that breaks new ground in defining how the Provisionals operated caused worldwide condemnation and were transformed by constitutional politics

Socio-ideological fantasy and the Northern Ireland conflict Adrian Millar, 2013-07-19 Conducting a Lacanian inspired psychoanalysis of some of the most candid interview materials ever gathered from former IRA members and loyalists the author demonstrates through a careful examination of their slips of the tongue jokes rationalisations and contradictions that it is the unconscious dynamics of socio ideological fantasy i.e. the unconscious pleasure people find in suffering domination submission ignorance failure and rivalry over jouissance that lead to the reproduction of antagonism between the Catholic and Protestant communities in Northern Ireland In the light of this

he concludes that traditional approaches to conflict resolution which overlook the unconscious are doomed to failure and that a Lacanian psychoanalytic understanding of socio ideological fantasy has great potential for informing the way we understand and study all inter religious and ethnic conflicts Whether you find yourself agreeing with the arguments in this book or not you are sure to find it a welcome change from both the existing mainly conservative analyses of the Northern Ireland conflict and traditional approaches to conflict resolution

*The Politics of Ethnic Conflict Regulation* John McGarry, Brendan O'Leary, 2013-06-17 This major and timely collection addresses one of the world's most visible and tragic problems ethnic conflict and its regulation It begins with a guide to the primary methods used to eliminate or manage ethnic conflict and is followed by a global sample of case studies written by leading authorities in their fields

*Ex-Combatants, Gender and Peace in Northern Ireland* Azrini Wahidin, 2016-07-27 This book explores the contours of women's involvement in the Irish Republican Army political protest and the prison experience in Northern Ireland Through the voices of female and male combatants it demonstrates that women remained marginal in the examination of imprisonment during the Conflict and in the negotiated peace process However the book shows that women performed a number of roles in war and peace that placed constructions of femininity in dissent Azrini Wahidin argues that the role of the female combatant is not given but ambiguous She indicates that a tension exists between different conceptualisations of societal security where female combatants both fought against societal insecurity posed by the state and contributed to internal societal dissonance within their ethno national groups This book tackles the lacunae that has created a disturbing silence and an absence of a comprehensive understanding of women combatants which includes knowledge of their motivations roles and experiences It will be of particular interest to scholars of criminology politics and peace studies

*Northern Ireland and the Divided World* John McGarry, 2001-07-26 Written by a leading group of scholars in the field this unique volume examines post Agreement Northern Ireland It shatters the myth that Northern Ireland is a place apart its conflict the result of peculiarly local circumstances Northern Ireland is compared with other divided societies in four continents including the Aland Islands the Basque Country Canada Cyprus Corsica East Timor Israel Palestine Lebanon Puerto Rico South Africa South Tyrol and Sri Lanka The collection shows that comparative analysis is essential for understanding the dynamics of Northern Ireland's conflict and ethnic conflict in general It also shows the value of comparative analysis for conflict management The contributors offer a wealth of suggestions on how to consolidate or change the landmark Agreement that Northern Ireland's political parties reached in April 1998

**Hunger Strike** Thomas Hennessey, 2013-11-11 xx

**Inside the IRA** Andrew Sanders, 2011-12-20 The Irish Republican movement was one of the most significant revolutionary movements of the twentieth century This book focuses on the issue of republican splits which created the Provisional and Official republican movements and the subsequent development

**Making the Peace in Ireland** Jeremy Smith, 2014-06-11 For nearly thirty years Northern Ireland has been a by word for terrorism bloodshed military coercion and intense communal conflict However

Ireland is now experiencing a transition from a society in conflict to one at peace Where did the violence come from and why could it not be pacified Why has it taken thirty years to solve the Northern Irish conflict and why did early attempts at settlement fail Jeremy Smith explores these questions by placing the events in context with wider British and European patterns giving the first in depth study of the history of the peace process in Northern Ireland *A Treatise on Northern Ireland* Brendan O'Leary,2019 The third volume of the definitive political history of Northern Ireland **Contemporary Northern Irish Society** Colin Coulter,1999-10-20 This is a critical overview of the various sources of social and political identity in Northern Ireland The book examines the key variables of sociology status class and gender and in this case ethno religion and explains why ethno religious sentiment has become the principle source of political identity A range of themes are covered the role and status of women the representations of the conflict and peace process in the media sport and the importance of popular music *Painting History* Tony Crowley,2025-09-16 *Painting History* The Murals of Northern Ireland 1908 2024 is the first book length study of the oldest and most enduring tradition of political wall art Tony Crowley shows how muralism became an important medium for the unionist and loyalist community in its political domination of public space before and after Partition The text also demonstrates that nationalists and republicans painted few murals before the start of the 1981 Hunger Strike during which they painted wall art across republican areas of Northern Ireland as a way of publicizing their cause In the context of a divided society by the mid 1980s murals had become an established genre for the expression of political demands and aspirations In *Painting History* Tony Crowley provides a detailed analysis of the complex tradition of muralism in the context of the history that produced it with particular attention given to the cultural politics of this remarkable form The book also raises and discusses a series of theoretical questions about murals and muralism that transcend Northern Ireland issues of propriety and legality form and content authority and censorship The work ends with a consideration of the future of the murals in a still polarized but changing region *Gender and Modern Irish Drama* Susan Cannon Harris,2002-09-06 *Gender and Modern Irish Drama* argues that the representations of sacrificial violence central to the work of the Abbey playwrights are intimately linked with constructions of gender and sexuality Susan Cannon Harris goes beyond an examination of the relationship between Irish national drama and Irish nationalist politics to the larger question of the way national identity and gender identity are constructed through each other Radically redefining the context in which the Abbey plays were performed Harris documents the material and discursive forces that produced Irish conceptions of gender She looks at cultural constructions of the human body and their influence on nationalist rhetoric linking the production and reception of the plays to conversations about public health popular culture economic policy and racial identity that were taking place inside and outside the nationalist community The book is both a crucial intervention in Irish studies and an important contribution to the ongoing feminist project of theorizing the production of gender and the body **The Irish Experience Since 1800: A Concise History** Thomas E. Hachey, Lawrence J. McCaffrey,2015-01-28 This

rich and readable history of modern Ireland covers the political social economic intellectual and cultural dimensions of the country's development from the origins of the Irish Question to the present day In this edition a new introductory chapter covers the period prior to Union and a new concluding chapter takes Ireland into the twenty first century All material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition The text is richly supplemented with maps photographs and an extensive bibliography There is no comparable brief multidimensional history of modern Ireland

Central Debates in British Politics John Benyon, David Denver, Justin Fisher, 2014-09-25 Central Debates in British Politics focuses on British politics in a changing social economic and institutional context The book explores issues and debates using a variety of approaches and techniques It is written and edited by a team of leading experts who analyse key issues in a highly structured and thematic manner

**Community Relations and the Troubles in Northern Ireland** Joana Etchart, 2024-11-19 Community relations policy has been an almost permanent feature in Northern Ireland since 1969 yet it has rarely been considered as an object of study This book provides historical depth to its analysis by documenting the various manifestations of the notion of community relations in public policy during the Troubles period Drawing on a variety of written and oral primary and secondary sources it offers a unique rich perspective on the meaning and intent behind community relations policy at certain critical junctures In addition by examining this period through the lens of one policy the book sheds light on important questions such as who intervened in policy making during the conflict who sought to influence the process and eventually who took the decisions It also considers the varied roles played by community workers This meticulous analysis reveals previously unknown aspects of the evolution of community relations policy and presents a compelling micro history of policy making and governance during the Troubles in Northern Ireland

The Oxford Handbook of Religion in Modern Ireland, 2024-01-15 What does religion mean to modern Ireland and what is its recent social and political history The Oxford Handbook of Religion in Modern Ireland provides in depth analysis of the relationships between religion society politics and everyday life on the island of Ireland from 1800 to the twenty first century Taking a chronological and all island approach it explores the complex and changing role of religion both before and after partition The handbook's thirty two chapters address long standing historical and political debates about religion identity and politics including religion's contributions to division and violence They also offer perspectives on how religion interacts with education the media law gender and sexuality science literature and memory Whilst providing insight into how everyday religious practices have intersected with the institutional structures of Catholicism and Protestantism the book also examines the island's increasing religious diversity including the rise of those with no religion Written by leading scholars in the field and emerging researchers with new perspectives this is an authoritative and up to date volume that offers a wide ranging and comprehensive survey of the enduring significance of religion on the island
