Bitter Grounds Roots Of Revolt In El Salvador:

Bitter Grounds Liisa L. North,1982 **Bitter Grounds** Liisa North,1985 *Killing Hope* William Blum,2003-07-31 Is the United States a force for democracy From China in the 1940s to Guatemala today William Blum presents a comprehensive study of American covert and overt interference by one means or another in the internal affairs of other countries Each chapter of the book covers a year in which the author takes one particular country case and tells the story and each case throws light on particular US tactics of intervention *The Salvadoran Officer Corps and the Final Offensive of 1981* Brian J. Bosch,2013-02-22 The final offensive an insurgent campaign fought after El Salvador s coup of 1979 clearly demonstrated the strengths weaknesses idiosyncrasies and behavior of the Salvadoran officer corps During this crucial period the military institution faced the double threat of internal politics and a rebel guerrilla army Colonel Bosch served as the U S Embassy s Defense and Army Attach during the crisis His intimate perspective brings to life the important political and military events before during and after the final offensive His book also offers an historical perspective of officer attitudes from 1931 to 1979 The Armed Forces political crisis of 1979 and 1980 is discussed followed by a detailed analysis of the final offensive the short lived cohesiveness shown by the officer corps and the divisiveness that lasted through the war and into peace The text is complemented by a map and photographs Women and Civil War Krishna Kumar,2001 Foreword By Andrew S Natsios How Holocausts Happen Douglas Porpora,1992-02-24 History repeats itself but it never repeats itself exactly observes Douglas Porpora in this powerful indictment of U S intervention in Central America Comparing the general public s reaction to the Holocaust in Nazi Germany with American public opinion of U S participation in the genocidal policies of Nicaraguan counter revolutionary forces and the governments of Guatemala and El Salvador among others Porpora demonstrates that moral indifference to the suffering of others was the common response With reference to Hannah Arendt s thesis of the banality of evil he develops the concept of a Holocaust like event and examines how even a democratic society can be capable of something on the order of a Holocaust Unlike other accounts of the Holocaust and genocide this book focuses on the citizenry served or ruled by genocidal governments rather than on the governments themselves Porpora argues that moral indifference and lack of interest in critical reflection are key factors that enable Holocaust like events to happen And he characterizes American society as being typically indifferent to the fate of other people uninformed and anti intellectual Porpora cites numerous horrifying examples of U S backed Latin American government actions against their own peasants Indians and dissident factions He offers finally a theory of public moral indifference and argues that although such indifference is socially created by government the media churches and other institutions we the public must ultimately take responsibility for it *How Holocausts Happen* is at once a scholarly examination of the nature of genocide and a stinging indictment of American society *Canada and the United States* John Herd Thompson,Stephen J. Randall,2010-05-31 The United States and Canada have the world s largest trading relationship and the

longest shared border Spanning the period from the American Revolution to post 9 11 debates over shared security Canada and the United States offers a current thoughtful assessment of relations between the two countries Distilling a mass of detail concerning cultural economic and political developments of mutual importance over more than two centuries this survey enables readers to grasp quickly the essence of the shared experience of these two countries This edition of Canada and the United States has been extensively rewritten and updated throughout to reflect new scholarly arguments emphases and discoveries In addition there is new material on such topics as energy the environment cultural and economic integration the wars in Iraq and Afghanistan border security missile defense and the second administration of George W Bush

Interrupting Capitalism Matthew Allen Shadle,2018 Interrupting Capitalism traces the history of Catholic thinking about economic life from the perspective of a theology of interruption The church s social teaching provides a way for Christians to interrupt capitalism to live out economic life faithfully in the midst of the global economy **Media Power in Central**

America Rick Rockwell,Noreene Janus,2010-10-01 Media Power in Central America explores the political and cultural interplay between the media and those in power in Costa Rica El Salvador Guatemala Honduras Panama and Nicaragua Highlighting the subtle strangulation of opposition media voices in the region the authors show how the years since the guerrilla wars have not yielded the free media systems that some had expected Rick Rockwell and Noreene Janus examine the region country by country and deal with the specific conditions of government sponsored media repression economic censorship corruption and consumer trends that shape the political landscape Challenging the notion of the media as a democratizing force Media Power in Central America shows how governments use the media to block democratic reforms and outlines the difficulties of playing watchdog to rulers who use the media as a tool of power *Women and Social*

Movements in Latin America Lynn Stephen,2010-01-01 Women s grassroots activism in Latin America combines a commitment to basic survival for women and their children with a challenge to women s subordination to men Women activists insist that issues such as rape battering and reproductive control cannot be divorced from women s concerns about housing food land and medical care This innovative comparative study explores six cases of women s grassroots activism in Mexico El Salvador Brazil and Chile Lynn Stephen communicates the ideas experiences and perceptions of women who participate in collective action while she explains the structural conditions and ideological discourses that set the context within which women act and interpret their experiences She includes revealing interviews with activists detailed histories of organizations and movements and a theoretical discussion of gender collective identity and feminist anthropology and methods Fair Trade Coffee Gavin Fridell,2007-12-12 Over the past two decades sales of fair trade coffee have grown significantly and the fair trade network has emerged as an important international development project Activists and commentators have been quick to celebrate this sales growth which has allowed socially just trade labour and environmental standards and practices to be extended to hundreds of thousands of small farmers and poor rural workers throughout the

Global South While recent assessments of the fair trade network have focused on its impact on local poverty alleviation however the broader political economic and historically rooted structures that frame it have been left largely unexamined In this study Gavin Fridell argues that while local level analysis is important examination of the impacts of broader structures on fair trade coffee networks and vice versa are of equal if not greater significance in determining their long term developmental potential Using case studies from Mexico and Canada Fridell examines the fair trade coffee movement at both the global and local level assessing its effectiveness and locating it within political and development theory In addition Fridell provides in depth historical analysis of fair trade coffee in the context of global trade and compares it with a variety of postwar development projects within the coffee industry Timely meticulously researched and engagingly written this study challenges many commonly held assumptions about the long term prospects and pitfalls of the fair trade network s market driven strategy in the era of globalization

Imperial State and Revolution Morris H. Morley, 1987 Drawing on personal interviews classified documents obtained through the Freedom of Information Act and other primary sources this study presents the most comprehensive analysis to date of the Kennedy and Johnson administrations efforts to isolate Cuba politically within Latin America and economically throughout the capitalist world

Revolution and the Multiclass Coalition in Nicaragua Mark Everingham, 2010-11-23 This book tells the intriguing story of the multi class coalition that formed to overthrow Somoza s Nicaraguan government in July of 1979 Mark Everingham offers personal accounts from members of the elite class to determine the factors that led them to join the popular class in support of the Sandinista uprising

Discovering the Americas James Rochlin, 2011-11-01 Over much of this century Canada has played only a minor role in hemispheric affairs In recent years dramatic changes have occurred which have catapulted Canada to the role of full partner in the Americas These include Canada s decision to enter the Organization of American States as a full member its involvement in the NAFTA negotiations its important peacekeeping role in Central America and its support for a process of hemispheric integration Discovering the Americas describes and analyzes the evolution of Canadian foreign policy towards Latin America The book is divided into three parts each reflecting a distinct phase of Canada s relations with the Americas Part 1 traces Canada s minimal relations from the beginning of the century until the Trudeau years Part 2 examines the Trudeau era when partly propelled by nationalism Canada sought a more independent role in its relations with Latin America Part 3 discusses the post 1984 era which has been marked by the prospect of an emerging hegemony in the Americas The central thesis of this timely book is that changing hegemonic structures represent the most significant factor shaping Canadian policy in the region Rochlin argues that the emergence in the late 1980s and 1990s of global trading blocs and the trend towards ideological convergence have opened up new opportunities for Canada in the hemisphere Canada s role in inter American affairs is becoming increasingly entrenched and is unlikely to recede

Global Air Power John Andreas Olsen, 2011-02 Presents a regional national and global overview of air power Written by a cadre of military specialists who

offer global perspectives Assesses its cultural as well as military influences Democracies and Dictatorships in Latin America Scott Mainwaring, Aníbal Pérez-Liñán, 2014-01-31 This book presents a new theory for why political regimes emerge and why they subsequently survive or break down It then analyzes the emergence survival and fall of democracies and dictatorships in Latin America since 1900 Scott Mainwaring and An bal P rez Li n argue for a theoretical approach situated between long term structural and cultural explanations and short term explanations that look at the decisions of specific leaders They focus on the political preferences of powerful actors the degree to which they embrace democracy as an intrinsically desirable end and their policy radicalism to explain regime outcomes They also demonstrate that transnational forces and influences are crucial to understand regional waves of democratization Based on extensive research into the political histories of all twenty Latin American countries this book offers the first extended analysis of regime emergence survival and failure for all of Latin America over a long period of time *The Cambridge History of Latin America* Leslie Bethell, 1984 This is an authoritative large scale history of the whole of Latin America from the first contacts between native American peoples and Europeans in the late fifteenth and early sixteenth centuries to the present day 1988-1989 John Paxton, 2021-06-21 No detailed description available for 1988 1989 **Anthropological Considerations of Production, Exchange, Vending and Tourism** Donald C. Wood, 2017-08-25 Volume 37 of REA features eleven original articles organized in four different sections each focusing on a specific popular and significant theme in economic anthropology production exchange vending and tourism *Latin America* Leslie Bethell, 1998-06-13 The Cambridge History of Latin America is a large scale collaborative multi volume history of Latin America during the five centuries from the first contacts between Europeans and the native peoples of the Americas in the late fifteenth and early sixteenth centuries to the present Latin America Politics and Society since 1930 consists of chapters from Part 2 of Volume VI of The Cambridge History that provide a thorough account of political movements in Latin America Each chapter is accompanied by a bibliographical essay
