The Play World Patricia Anne Simpson, 2020-09-21 The Play World chronicles the history and evolution of the concept of play as a universal part of childhood Examining texts and toys coming out of Europe between 1631 and 1914 Patricia Anne Simpson argues that German material literary and pedagogical cultures were central to the construction of the modern ideas and realities of play and childhood in the transatlantic world With attention to the details of toy manufacturing and marketing Simpson considers prescriptive texts about how children should play treat their possessions and experience adventure in the scientific exploration of distant geographies She illuminates the role of toys among them a mechanical guillotine yo yos hybridized dolls and circus figures as agents of history Using an interdisciplinary approach that draws from postcolonial childhood and migration studies she makes the case that these texts and toys transfer the world of play into a space in which model childhoods are imagined and enacted as German With chapters on the Protestant play ethic enlightened parenting Goethe as an advocate of play colonial fantasies children s almanacs ethnographic play and an empire of toys Simpson s argument follows a compelling path toward understanding the reproduction of religious gendered ethnic racial national and imperial identities emanating from German speaking Europe that collectively construct a global imaginary This foundational and deeply original study connects German speaking communities across the Atlantic as they collectively engender the epistemology of the play world It will be of particular interest to German studies scholars whose research crosses the Atlantic

Sensory History Mark Michael Smith, 2007 No Marketing Blurb **The Sweet Taste of Empire** Kim Hall, 2025-08-19 How seventeenth century English literary genres associated with gastronomic and aesthetic pleasure shaped representations of Caribbean colonization and slavery Over the course of the seventeenth century sugar prices fell drastically As this newly affordable luxury made its way from royal entertainments to the closets of home cooks in ever increasing quantities sugar bound England s fortunes to the Caribbean The pursuit of sugar s pleasures and profits generated newly visible and vexed relationships not simply between enslaved and enslaver but also between enslaved and consumer that threatened the English

sense of the nation the household and the self The Sweet Taste of Empire explores how the unique emphasis the English placed on confections as a marker of status and national identity offered a framework for grappling with changing notions of race gender labor and domesticity that shaped early colonization Tracing the literal and literary uses of sugar in seventeenth century England Kim F Hall shows how literary genres associated with gastronomic and aesthetic pleasure shaped representations of Caribbean colonization and slavery developing a culinary language that functioned as a discourse of pleasure and white innocence In turn Hall argues Caribbean sugar production influenced domestic consumption and trade in England as well as the very notion of what it meant to be English Drawing on a wide range of early Anglo Caribbean texts from cookbooks and banquet menus to economic poetry to maps and treatises on plantation labor and health Hall uncovers what she calls a plantation aesthetic in which writers mobilize ways of seeing from pastoral georgic and landscape discourses when addressing issues of race and enslavement This plantation aesthetic reveals deep worry over the threat African slavery poses to the imagined idea of English plantations as idealized agrarian life ultimately shaping the history of both English slavery and the later anti slavery response Recentering the Caribbean in early modern literary studies The Sweet Taste of Empire sheds new light on the aesthetic and the poetic in the archives of Caribbean enslavement [Australian Book Review](#) ,2002

Elmore), 2015-09-10 Amazon 1 4 The Big Issue Taiwan Ugly Freedoms Elisabeth R. Anker, 2021-10-25 In *Ugly Freedoms* Elisabeth R Anker reckons with the complex legacy of freedom offered by liberal American democracy outlining how the emphasis of individual liberty has always been entangled with white supremacy settler colonialism climate destruction economic exploitation and patriarchy These ugly freedoms legitimate the right to exploit and subjugate others At the same time Anker locates an unexpected second type of ugly freedom in practices and situations often dismissed as demeaning offensive gross and ineffectual but that provide sources of emancipatory potential She analyzes both types of ugly freedom at work in a number of texts and locations from political theory art and film to food toxic dumps and multispecies interactions Whether examining how Kara Walker's sugar sculpture *A Subtlety Or the Marvelous Sugar Baby* reveals the importance of sugar plantations to liberal thought or how the impoverished neighborhoods in *The Wire* blunt neoliberalism's violence Anker shifts our perspective of freedom by contesting its idealized expressions and expanding the visions for what freedom can look like who can exercise it and how to build a world free from domination **Revolutionary Time** Fanny Söderbäck, 2019-12-01 This book is the first to examine the relationship between time and sexual difference in the work of Julia Kristeva and Luce Irigaray Because of their association with reproduction embodiment and the survival of the species women have been confined to the cyclical time of

nature a temporal model that is said to merely repeat itself Men on the other hand have been seen as bearers of linear time and as capable of change and progress Fanny S derb ck argues that both these temporal models make change impossible because they either repeat or repress the past The model of time developed here revolutionary time aims at returning to and revitalizing the past so as to make possible a dynamic embodied present and a future pregnant with change S derb ck stages an unprecedented conversation between Kristeva and Irigaray on issues of both time and difference and engages thinkers such as Simone de Beauvoir Jacques Derrida Sigmund Freud Judith Butler Hannah Arendt and Plato along the way
