Birgitta Of Sweden And The Voice Of Prophecy:

Birgitta of Sweden and the Voice of Prophecy Claire Lynn Sahlin, 2001 Birgitta's religious authority considered with regard to her prophetic mission and her authenticity as a medium of divine revelation in 14c Europe This book examines the religious authority of St Birgitta of Sweden the charismatic moral reformer and controversial female visionary of the fourteenth century emphasising both representations of her prophetic mission and debates about her authenticity as a medium of divine revelation It illuminates Birgitta's view of herself as a prophet of moral reform by explaining how her Revelations depict her religious mission and place in salvation history going on to reconstruct interactions between Birgitta and her contemporaries including the significance of her prophetic authority vis a vis the priestly authority of her male clerical associates Finally it analyses arguments about women's suitability for mediating the divine word in posthumous attacks and defences of her claims to prophesy Through a close examination of Birgitta's lengthy Revelations canonization documents and texts by her posthumous defenders and detractors this study demonstrates that members of her audience perceived her to be both a vibrant source of supernatural power and a dangerous transgressor of conventional boundaries Informed by sociological studies of prophetic authority it contributes to our knowledge of Birgitta herself as well as to our understanding of the dynamics of women's spiritual authority Professor CLAIRE SAHLIN teaches at Texas Woman's University

Prophecy and the Battle for Spiritual Authority, 1360-1400 Frances Courtney Kneupper,2025-07-02 The end of the fourteenth century was a time of upheaval and contested authority among the traditional institutions of medieval Europe In response to these conditions a number of people began to claim their own authority as prophets speaking the word of God They came from outside of the clerical elite and were mostly women and reformers This book examines the battle over authority which ensued Prophetic women and other non elites successfully used prophecy to exert influence and to enter the corridors of power while educated male clerics insinuated that prophecy was the product of demonic influence and therefore a hazard to the public Surprisingly a third faction also emerged an international network of clerical men who wrote in support of female prophecy This volume traces the arguments made by these three groups the clashes that erupted and the long term impacts of this battle on ideas of spiritual authority

Tending the Garden Jennifer Hornyak Wojciechowski,2025-02-11 Mysticism in an ancient and important aspect of the Christian faith yet it is highly misunderstood Due to obscure language and concepts not to mention occasionally eccentric personalities the mystics can be difficult to approach Once you peel back the layers of insider language however one begins to see a highly relatable group of people who were first and foremost concerned with tending to a personal and loving relationship with God Tending the Garden provides the reader with a basic definition of and clarity around several terms and practices of Christian mysticism as well as analyzing the lives and writings of important Christian mystics Jennifer Wojciechowski proposes some ways in which we as modern people living in an industrialized and disenchanted society can benefit from knowing Christian mystical history and engaging in spiritual practices related to Christian mysticism The book s aim is to demystify the mystics by making them understandable and relatable to modern believers In this era of disenchantment and religious decline Tending the Garden will introduce Christians to a rich and vibrant history of mystical prayer and relationship with God in order to spark curiosity and inspire a deeper spiritual life The book will serve as an accessible introduction to and thematic historical overview of Christian mysticism

Touching, Devotional Practices, and Visionary Experience in the Late Middle Ages David Carrillo-Rangel,Delfi I.

Nieto-Isabel,Pablo Acosta-García,2019-12-16 This book addresses the history of the senses in relation to affective piety and its role in devotional practices in the late Middle Ages focusing on the sense of touch It argues that only by deeply analysing this specific context of perception can the full significance of sensory religious experience in the Late Middle Ages be understood Considering the centrality of the body to medieval society and Christianity this collection explores a range of devotional practices mainly relating to the Passion of Christ and features manuscripts works of devotional literature art woodcuts and judicial records It brings together a multidisciplinary group of scholars to offer a variety of methodological approaches in order to understand how touch was encoded evoked and purposefully used The book further considers how touch was related to the medieval theory of perception examining its relation to the inner and outer senses through the eyes of visionaries mystics theologians and confessors not only as praxis but from different theoretical points of view While

considered the most basic of spiritual experience the chapters in this book highlight the all pervasive presence of touch and the significance of affective piety to Late Medieval Christians Chapter 3 Drama Performance and Touch in the Medieval Convent and Beyond is Open Access under a CC BY 4 0 license at link [springer.com](https://www.springer.com) *Poets, Saints, and Visionaries of the Great Schism, 1378-1417* Renate Blumenfeld-Kosinski, 2010-11-01 In *Poets Saints and Visionaries of the Great Schism* Renate Blumenfeld Kosinski looks beyond the political and ecclesiastical storm and finds an outpouring of artistic literary and visionary responses to one of the great calamities of the late Middle Ages **The Bride of Christ Goes to Hell** Dyan Elliott, 2011-11-16 The early Christian writer Tertullian first applied the epithet bride of Christ to the uppity virgins of Carthage as a means of enforcing female obedience Henceforth the virgin as Christ's spouse was expected to manifest matronly modesty and due submission hobbling virginity's ancient capacity to destabilize gender roles In the early Middle Ages the focus on virginity and the attendant anxiety over its possible loss reinforced the emphasis on claustration in female religious communities while also profoundly disparaging the nonvirginal members of a given community With the rising importance of intentionality in determining a person's spiritual profile in the high Middle Ages the title of bride could be applied and appropriated to laywomen who were nonvirgins as well Such instances of democratization coincided with the rise of bridal mysticism and a progressive somatization of female spirituality These factors helped cultivate an increasingly literal and eroticized discourse women began to undergo mystical enactments of their union with Christ including ecstatic consummations and vivid phantom pregnancies Female mystics also became increasingly intimate with their confessors and other clerical confidants who were sometimes represented as stand ins for the celestial bridegroom The dramatic merging of the spiritual and physical in female expressions of religiosity made church authorities fearful an anxiety that would coalesce around the figure of the witch and her carnal induction into the Sabbath Artists' Art in the Renaissance Marilyn Aronberg Lavin, 2006-12-31 Marilyn Aronberg Lavin has taught the history of art at Washington University the University of Maryland Yale Princeton and Universita di Roma La Sapienza Specializing in Italian 13th 16th century painting she is internationally known for her books and articles on Piero della Francesca Her other books include *The Place of Narrative Mural Painting in Italian Churches 431 1600 AD* and *Seventeenth Century Barberini Documents and Inventories of Art* both of which were recipients of international prizes for distinguished scholarship She is one of the leaders in the use of computers and digitized imagery for research teaching and publication in the history of art This book offers a series of case studies intended to introduce and define an important class of fifteenth century Italian art not previously recognized It is argued that the paintings and sculptures discussed were created privately by artists for personal satisfaction and internal needs outside the traditional framework of patronage and commercial gain Since there is no direct documentation from this period of a work being privately made the selection presented here is necessarily speculative Instead the essays focus on works by Piero della Francesca Mantegna Michelangelo Bellini and Titian that appear in the artists' testaments letters of refusals to sell and

inventories showing ownership at the time of death The task at hand is to uncover the motivation and meaning of works of art in which the medieval craftsman began to rise to the status of independent artist and the maker and the viewer confront each other face to face for the first time Women and Pilgrimage in Medieval Galicia Carlos Andres Gonzalez-Paz,2016-03-03

For many in the Middle Ages pilgrimages were seen to represent a clear risk of moral and religious perdition for women and they were strongly discouraged from making them this exhortation would have been universally disseminated and generally followed except of course in the case of the virtuous extraordinary women such as saints and queens Women and Pilgrimage in Medieval Galicia represents an analysis of the social history of women based on documentary sources and physical evidence breaking away from literary and historiographical stereotypes while at the same time contributing to a critical assessment of the myth that medieval women were kept hidden away from the world As the chapters here show women and not only those extraordinary women but also women from other social strata became pilgrims and travelled the paths that led from their homes to the most important Christian shrines especially although not exclusively Jerusalem Rome and Santiago de Compostela It can be seen that medieval women were actively involved in this ritualistic expression of devotion piety sacrifice or penitence This situation is thoroughly documented in this multidisciplinary book with emphasis both on the pilgrimages abroad from Galicia and on the pilgrimages to the shrine of St James at Compostela **Marquard von Lindau**

and the Challenges of Religious Life in Late Medieval Germany Stephen Mossman,2010-01-07 This is a study of the intellectual history and religious culture of German speaking Europe in the late Middle Ages Its focus is the bilingual oeuvre of the Franciscan friar Marquard von Lindau d 1392 arguably the most widely read author in the German language before the Reformation His most successful works were those in which he considered pragmatic issues of Christian life aimed at a broad reading public that stretched from monks and nuns living the contemplative life in enclosed convents to his confreres novices and students in the mendicant orders and the literate citizens of the burgeoning mercantile centres It is three of these pragmatic issues central to late medieval religious life around which this book is structured the Passion of Christ the sacrament of the Eucharist and the devotion to the Virgin Mary The dominant approaches taken towards each of these in the fourteenth century church represented problematic challenges to Marquard challenges which he met in a distinctive and influential manner by no means in accordance with the affectively charged devotional practices encouraged by many within and without his order and so often considered normative for late medieval religious culture The original voice with which Marquard spoke is made clear through the location of his oeuvre within the pan European context of the debates in which his works participate The ethos his works projected redetermined the trajectory of intellectual life in Germany into the fifteenth century and beyond A Companion to Birgitta of Sweden Maria H.
