## **Birkhauser Architectural Guide Germany 20th Century:**

**Architectural Guide, Germany** Winfried Nerdinger, Cornelius Tafel, 1996 *The Cambridge Companion to Modern German Culture* Eva Kolinsky, Wilfried van der Will, 1999-01-28 One of the most intriguing questions of our time is how some of the masterpieces of modernity originated in a country in which personal liberty and democracy were slow to emerge This Companion provides an authoritative account of modern German culture since the onset of industrialisation the rise of mass society and the nation state Newly written and researched by experts in their respective fields individual chapters trace developments in German culture including national identity class Jews in German society minorities and women the functions of folk and mass culture poetry drama theatre dance music art architecture cinema and mass media from the nineteenth century to the present Guidance is given for further reading and a chronology is provided In its totality the Companion shows how the political and social processes that shaped modern Germany are intertwined with cultural genres and their agendas of creative expression **Encyclopedia of 20th Century Architecture** R. Stephen Sennott, 2004 For more information including the introduction a full list of entries and contributors a generous selection of sample pages and more visit the Encyclope dia of 20th Century Architecture website Focusing on architecture from all regions of the world this three volume set profiles the twentieth century s vast chronicle of architectural achievements both within and well beyond the theoretical confines of modernism Unlike existing works this encyclopedia examines the complexities of rapidly changing global conditions that have dispersed modern architectural types movements styles and building practices across traditional geographic and cultural boundaries *Birkhäuser Architectural Guide* Mercedes Daguerre, Roman Hollenstein, 1997

**Birkhäuser Architectural Guide** Raúl Rispá, 1998 **Birkhäuser Architectural Guide** Bertrand Lemoine, 2000 In the 20th century France has proved astonishingly fertile ground for modern architecture The architectural ideas of Modernism and the avant garde are firmly rooted here and dominate the French architectural landscape unlike in any other country Her architects are acclaimed throughout the world Paris a center for international architecture rightly forms the focus of this guidebook with more than 100 notable buildings However this guidebook also does justice to the entire country with more than 450 buildings from all regions The buildings are documented with photographs drawings and texts providing a comprehensive and portable guide **American Book Publishing Record** , 2003 *Subject Guide to Books in Print* , 1997

**Architectural Publications Index** , 2002 **Contemporary Architecture in Germany 1970-1996** Gerd Bruyn de, 1997-06 In recent years the importance of architecture in Germany has surged There is hardly any other country in the world where internationally acclaimed architects including Tadao Ando Richard Meier James Stirling and Norman Foster to name a few have erected so many major structures And in turn the buildings by German architects e g Gottfried Bohm Thomas Herzog Josef Paul Kleihues and Oswald Mathias Ungers are meriting increasing international attention With its selection of 50 buildings this handsome volume documents the development and diversity of contemporary architecture in

Germany since 1970 It deliberately assumes the character of an introduction and therefore is aimed not only at a specialized readership but also and above all at culturally interested readers at home and abroad Gerd de Bruyn opens the work with a sketch of German architectural history since 1945 and Gerd Zimmermann presents the special position of architecture in the former GDR The entries in the main section of this reference work are ordered alphabetically by architect and feature 50 specially chosen buildings each on a double page with photographs ground plans and a project description **Birkhäuser Architectural Guide Japan** Francesco Montagnana,1997 This book like all volumes in the Birkhauser Architectural Guide series beginning with Germany by Nerding Tafel successfully represents all important developments of the 20th century This includes work by the masters Kenzo Tange Arata Isozaki and Tadao Ando the projects of younger architects such as Itsuko Hasegawa Hiroshi Naito and Kazuo Shinohara as well the buildings designed by foreign architects such as Aldo Rossi Cesar Pelli Rem Koolhaas and Norman Foster Nearly 400 buildings are introduced in separate entries The addresses locating each building and the weatherproof jacket make the book an indispensable companion for all travelers to Japan It is also a valuable and inexpensive reference guide by virtue of extensive indices and bibliographical information **Architecture after God** Kyle Dugdale,2022-12-19 Architecture after God A vivid retelling of the biblical story of Babel leads from the contested site of Babylon to the soaring towers of the modern metropolis and sets the bright hopes of early modernism against the shadows of gathering war Dealing in structural metaphor utopian aspiration and geopolitical ambition Dugdale exposes the inexorable architectural implications of the event described by Nietzsche as the death of God The Exploring Architecture series makes architectural scholarship accessible introduces the latest research methods and covers a wide range of periods regions and topics Critical reappraisal of early modernism Based on the fable The Emperor and the Architect 1924 by Uriel Birnbaum New volume in the Exploring Architecture series **German Architecture for a Mass Audience** Kathleen James-Chakraborty,2002-09-06 This book vividly illustrates the ways in which buildings designed by many of Germany's most celebrated twentieth century architects were embedded in widely held beliefs about the power of architecture to influence society German Architecture for a Mass Audience also demonstrates the way in which these modernist ideas have been challenged and transformed most recently in the rebuilding of central Berlin **Designing with Models** Criss B. Mills,2011-01-31 The newly updated guide to design process modeling techniques Designing with Models Third Edition is the revised step by step guide to basic and advanced design process modeling This comprehensive text explains the process from start to finish and has been expanded to include up to date information on digital modeling programs and rapid prototyping processes The impact of this new wave of 3D modeling technology is examined through interviews and numerous examples from renowned architects Along with many new student projects this new Third Edition features information on cutting edge digital imaging equipment and design software as well as many new process models from celebrated professional projects Architect Criss Mills acquaints architecture and design professionals with essential
