Southern Rhodesia-South Africa Relations, 1923-1953 Abraham Mlombo,2020-09-07 This book provides the first comprehensive study of the special relationship between Southern Rhodesia and South Africa While most studies approach this from the history of British and South African relations or the history of South African territorial expansion this book offers new insights by examining Southern Rhodesia s relations with South Africa from the former s perspective Exploring relations through the lens of settler colonialism the book argues that settler colonialism in the region was marked by a competitive and antagonistic relationship between settler communities particularly Afrikaner and English communities The book explores the connections between these countries by examining high politics economic links and social and cultural ties highlighting both instances of competition and cooperation Above all it argues that economic ties were the cornerstone of the relationship and that these shaped the rest of the ties between the two countries Drawing on archival records from Britain South Africa and Zimbabwe as well as a number of secondary sources it offers a much more nuanced perspective of this relationship than has been previously offered *Decolonisation, Identity and Nation in Rhodesia, 1964-1979* David

Kenrick,2019-11-02 This book explores concepts of decolonisation identity and nation in the white settler society of Rhodesia now Zimbabwe between 1964 and 1979 It considers how white settlers used the past to make claims of authority in the present It investigates the white Rhodesian state s attempts to assert its independence from Britain and develop a Rhodesian national identity by changing Rhodesia s old colonial symbols and examines how the meaning of these national symbols changed over time Finally the book offers insights into the role of race in Rhodesian national identity showing how portrayals of a timeless black population were highly dependent upon circumstance and reflective of white settler anxieties Using a comparative approach the book shows parallels between Rhodesia and other settler societies as well as other post colonial

nation states and even metropolises as themes and narratives of decolonisation travelled around the world

ZIMBABWE:THE END OF THE FIRST REPUBLIC Jacob W. FitzGerald,2016-04-15 First published in 1989 The Journal of Development Studies was founded 25 years ago as a professional journal for what had by then become an established sub discipline within British social science The Journal has consistently published a broad spectrum of British research on development studies a catholicity that has been reflected in the composition of the Editorial Board over the years and has always welcomed authors from the USA the European Continent and above all from the Third World Collated from the last twenty five years of the journal presented here are a collection of 20 odd papers that represent less than three per cent of articles published since 1964 *A History of South Africa* Leonard Thompson,2014-04-29 A magisterial history of South Africa from the earliest

known human inhabitation of the region to the present Lynn Berat updates this classic text with a new chapter chronicling the first presidential term of Mbeki and ending with the celebrations of the centenary of South Africa's ruling African National Congress in January 2012 A history that is both accurate and authentic written in a delightful literary style Archbishop Desmond Tutu Should become the standard general text for South African history Recommended for college classes and anyone interested in obtaining a historical framework in which to place events occurring in South Africa today Roger B Beck History Reviews of New Books **The Struggle for the Land** Paul A. Olson,1990-01-01 At an 1887 council when his people were told to learn farming in the semidesert region east of the Wind River Mountains the Shosone chief Washakie exploded with God damn a potato His instincts were all against the cultivation of semiarid land The relationship between the buffalo hunter and the potato eater between indigenous peoples and industrial empire is the basic theme of the studies in *The Struggle for the Land* As the editor Paul A Olson points out in his introduction the theme is as old as the biblical battle between the descendents of Nimrod the city dweller and of Abraham the pastoralist But the environmental cost of developing the world's semiarid regions is a new and urgent concern Soil erosion the loss of lands to dams the pollution of once productive regions through mining and the destruction of native food plants have everywhere decreased the quality of life for indigenous peoples who have been forced to adopt the Western agricultural practices property concepts and economic institutions that created the environmental crisis The eleven chapters in this collection look at the industrial and indigenous relationships in the lands of the North American Plains Indians the Australian Aborigines the Kazakhs in the USSR the Maasai in Kenya and several groups in southern Africa and Alaskan and Lapp Saami native peoples Representing a

Anthropological Theory for the Twenty-First Century A. Lynn Bolles, Ruth Gomberg-Muñoz, Bernard C. Perley, Keri Vacanti Brondo, 2022-03-01 Anthropological Theory for the Twenty First Century presents a critical approach to the study of anthropological theory for the next generation of aspiring anthropologists Through a carefully curated selection of readings this collection reflects the diversity of scholars who have long contributed to the development of anthropological theory incorporating writings by scholars of color non Western scholars and others whose contributions have historically been under acknowledged The volume puts writings from established canonical thinkers such as Marx Boas and Foucault into productive conversations with Du Bois Ortiz Medicine Trouillot Said and many others The editors also engage in critical conversations surrounding the canon itself including its colonial history and decolonial potential Updating the canon with late twentieth century and early twenty first century scholarship this reader includes discussions of contemporary theories such as queer theory decolonial theory ontology and anti racism Each section is framed by clear and concise editorial introductions that place the readings in context and conversation with each other as well as questions and glossaries to guide reader comprehension A dynamic companion website features additional resources including links to videos podcasts articles and more

Migration and Mortality in Africa and the Atlantic World, 1700-1900 Philip D. Curtin, 2024-10-28 These papers explore the history of the tropical regions of the Atlantic basin sometimes focused on the Caribbean sometimes on Africa but always with a comparative dimension The Atlantic basin is central to most of these comparisons but they are a part of an even broader effort to capture the perspective of world history Some deal with the shores of the Atlantic in the framework of economic history but the author's concern is most particularly with the role of the environment in history especially the disease environment Disease was particularly important for migrants who moved from one disease environment to another In the tropical Atlantic disease was a crucial factor in the formation of the slave trade affecting both the involuntary passengers and those who came out from Europe to manage the trade

Kruger, Kommandos & Kak Chris Ash, 2014-09-19 The second Boer War is the most important war in South African history indeed without it South Africa would likely have not existed But it's also one of the least understood conflicts of the era Over a century of Leftist bleating and insidious self-serving revisionism first by Afrikaner nationalists and then by the apartheid regime has left the layman with a completely skewed view of the war Incredibly most people will tell you that the British attacked the Boers to steal their gold and that when the clueless red jacketed Tommies advanced under orders of bumptious incompetent British generals they were mowed down in their thousands Others think of the conflict in terms of Britain against South Africa and many believe that the Boers

actually won the war the marginally more enlightened explain away the Boer defeat by claiming it took millions of British troops to beat them or that it was only the genocide of the concentration camps which forced the plucky Boers to throw in the towel It's all bosh This book will take everything you thought you knew about the war and turn it on its head From Kruger's expansionist dream of an Afrikaans empire from the Zambesi to the Cape to the murder and devastation wrought on Natal by his invading commandos to the savage massacres of thousands of blacks committed by the gallant bitter einders the reader will have his eyes opened to the brutal realities of the conflict and be forced to reassess previously held notions of the rights and wrongs of the war Hard hitting and uncomfortable reading for those who do not want their bubble of ignorance burst Kruger Kommandos Kak exposes that side of the Boer War which the apartheid propaganda machine didn't want you to know about

West Africa Under Colonial Rule Michael Crowder, 2023-07-07 Originally published in 1968 this book became the standard work on the colonial period in the vast and varied areas of the coast and hinterland of West Africa It is a comprehensive survey of the domination of West Africa by the British and the French which challenges the accepted view of the colonialists that their rule was generally beneficial Penetrating descriptions of the colonial economic system are given and the quality of colonial administration is analysed as well as the impact of two World Wars

A Crisis of Governance Jacob Wilson Chikuhwa, 2004 An internationally trained African economic analyst studies this former British colony's struggle to become a viable independent state Problems range from the need for constitutional reform to political patronage and a de facto one-party democracy and the
