

The BISHOP MURDER CASE

The Best-Seller Mystery Novel By

S. S. VAN DINE

*author of "The Century Murder Case," "The
Obscene Murder Case" and other well known
detective mystery novels.*

S. S. Van Dine's name on a book is a symbol of the dollar sign to book-
dealers and these men co-oper in stating that "The Bishop Murder Case" is
one of the best-selling mystery novels they have ever handled. This is so
important a vehicle that it is planned to have both a screen director, Nick
Grinde, and a stage director, the well known Bertram Harrison. MGM
brings it to you in Talking pictures, and in rerues, backed by a million-copy
advance promotion. In addition it appeared serially in the American Maga-
zine. In this story the celebrated Philo Vance is called upon to solve a series
of murders committed, it is discovered, by a mathematical genius. Evidence
leads to a professor and a student, both remarkable mathematicians. The
professor has a beautiful wife who is loved by the student—guess it out for
yourself if you can, but in any event get ready to figure profits.

S. S. S. Van Dine, 2021-08-14 Excerpt Of all the criminal cases in which Philo Vance participated as an unofficial investigator the most sinister the most bizarre the seemingly most incomprehensible and certainly the most terrifying was the one that followed the famous Greene murders The orgy of horror at the old Greene mansion had been brought to its astounding close in December and after the Christmas holidays Vance had gone to Switzerland for the winter sports Returning to New York at the end of February he had thrown himself into some literary work he had long had in mind the uniform translation of the principal fragments of Menander found in the Egyptian papyri during the early years of the present century and for over a month he had devoted himself sedulously to this thankless task Whether or not he would have completed the translations even had his labors not been interrupted I do not know for Vance was a man of cultural ardencies in whom the spirit of research and intellectual adventure was constantly at odds with the drudgery necessary to scholastic creation I remember that only the preceding year he had begun writing a life of Xenophon the result of an enthusiasm inherited from his university days when he had first read the Anabasis and the Memorabilia and had lost interest in it at the point where Xenophon s historic march led the Ten Thousand back to the sea However the fact

remains that Vance's translation of Menander was rudely interrupted in early April and for weeks he became absorbed in a criminal mystery which threw the entire country into a state of gruesome excitement. This new criminal investigation in which he acted as a kind of amicus curi for John F. X. Markham, the District Attorney of New York, at once became known as the Bishop murder case. The designation the result of our journalistic instinct to attach labels to every cause célèbre was in a sense a misnomer. There was nothing ecclesiastical about that ghoulish saturnalia of crime which set an entire community to reading the Mother Goose Melodies with fearful apprehension and no one of the name of Bishop was as far as I know even remotely connected with the monstrous events which bore that appellation. But withal the word Bishop was appropriate for it was an alias used by the murderer for the grimmest of purposes. Incidentally it was this name that eventually led Vance to the almost incredible truth and ended one of the most ghastly multiple crimes in police history. The series of uncanny and apparently unrelated events which constituted the Bishop murder case and drove all thought of Menander and Greek monostichs from Vance's mind began on the morning of April 2, less than five months after the double shooting of Julia and Ada Greene. It was one of those warm luxurious spring days which sometimes bless New York in early April and Vance was breakfasting in his little roof garden atop his apartment in East 38th Street. It was nearly noon for Vance worked or read until all hours and was a late riser and the sun beating down from a clear blue sky cast a mantle of introspective lethargy over the city. Vance sprawled in an easy chair his breakfast on a low table beside him gazing with cynical regretful eyes down at the treetops in the rear yard. I knew what was in his mind. It was his custom each spring to go to France and it had long since come to him to think as it came to George Moore that Paris and May were one. But the great trek of the post-war American nouveaux riches to Paris had spoiled his pleasure in this annual pilgrimage and only the day before he had informed me that we were to remain in New York for the summer. For years I had been Vance's friend and legal adviser, a kind of monetary steward and agent companion. I had quitted my father's law firm of Van Dine, Davis, Van Dine to devote myself wholly to his interests, a post I found far more congenial than that of general attorney in a stuffy office and thought
