Bison Mating And Conservation In Small Populations:

Bison Joel Berger, Carol Cunningham, 1994 The highly publicized obscenity trial of Radclyffe Hall's *The Well of Loneliness* 1928 is generally recognized as the crystallizing moment in the construction of a visible modern English lesbian culture marking a great divide between innocence and deviance private and public New Woman and Modern Lesbian Yet despite unreserved agreement on the importance of this cultural moment previous studies often reductively distort our reading of the formation of early twentieth century lesbian identity either by neglecting to examine in detail the developments leading up to the ban or by framing events in too broad a context against other cultural phenomena *Fashioning Sapphism* locates the novelist Radclyffe Hall and other prominent lesbians including the pioneer in women's policing Mary Allen the artist Gluck and the writer Bryher within English modernity through the multiple sites of law sexology fashion and literary and visual representation thus tracing the emergence of a modern English lesbian subculture in the first two decades of the twentieth century Drawing on extensive new archival research the book interrogates anew a range of myths long accepted without question and still in circulation concerning to cite only a few the extent of homophobia in the 1920s the strategic deployment of sexology against sexual minorities and the rigidity of certain cultural codes to denote lesbianism in public culture

Large Carnivores and the Conservation of Biodiversity Justina Ray, Kent H. Redford, Robert Steneck, Joel Berger, 2013-04-09 *Large Carnivores and the Conservation of Biodiversity* brings together more than thirty leading scientists and conservation practitioners to consider a key question in environmental conservation Is the conservation of large carnivores in ecosystems that evolved with their presence equivalent to the conservation of biological diversity within those systems Building their discussions from empirical long term data sets contributors including James A Estes David S Maehr Tim McClanahan Andr s J Novaro John Terborgh and Rosie Woodroffe explore a variety of issues surrounding the link between predation and biodiversity What is the evidence for or against the link Is it stronger in marine systems What are the implications for conservation strategies *Large Carnivores and the Conservation of Biodiversity* is the first detailed broad scale examination of the empirical evidence regarding the role of large carnivores in biodiversity conservation in both marine and terrestrial ecosystems It contributes to a much more precise and global understanding of when where and whether protecting and restoring top predators will directly contribute to the conservation of biodiversity Everyone concerned with ecology biodiversity or large carnivores will find this volume a unique and thought provoking analysis and synthesis

American bison : status survey and conservation guidelines 2010 ,2010 **Bison Management Plan for the State of Montana and Yellowstone National Park: Final environmental impact statement** ,2000

Assessment of Grassland Ecosystem Conditions in the Southwestern United States ,2004 *Ecology, Evolution and Behaviour of Wild Cattle* Mario Melletti, James Burton, 2014-10-30 A beautifully illustrated reference work on the biology ecology conservation status and management of all thirteen species of wild cattle and buffalo This book will be a

valuable resource for students researchers and professionals in animal behaviour behavioural ecology evolutionary biology and conservation biology

Assessment of Grassland Ecosystem Conditions in the Southwestern United States: without special title ,2004 Interagency Bison Management Plan for State of Montana and Yellowstone National Park

,2000 **The Destruction of the Bison** Andrew C. Isenberg,2020-03-26 A concise environmental history of the near extinction of the bison from the mid eighteenth century to the present **Current Therapy in Large Animal**

Theriogenology Robert S. Youngquist,Walter R. Threlfall,2006-10-10 An essential resource for both students and practitioners this comprehensive text provides practical up to date information about normal reproduction and reproductive disorders in horses cattle small ruminants swine llamas and other livestock Featuring contributions from experts in the field each section is devoted to a different large animal species and begins with a review of the clinically relevant aspects of the reproductive anatomy and physiology of both males and females Key topics include the evaluation of breeding soundness pregnancy diagnosis diagnosis and treatment of infertility abortion obstetrics surgery of the reproductive tract care of neonates and the latest reproductive technology Includes coverage of all large animal species All sections provide a review of clinically pertinent reproductive physiology and anatomy of males and females of each species Complete coverage of the most current reproductive technology including embryo transfer estrous synchronization and artificial insemination A new section on alternative farming that addresses reproduction in bison elk and deer New to the equine section stallion management infertility and breeding soundness evaluation New to the bovine section estrous cycle synchronization reproductive biotechnology ultrasonographic determination of fetal gender heifer development and diagnosis of abortion New to the porcine section artificial insemination boar stud management diseases of postpartum period and infectious disease control New to the llama section infectious disease and nutrition **Brucellosis in the Greater Yellowstone Area**

National Research Council,Board on Agriculture, Lee R. Paulson,Dale R. McCullough,Norman F. Cheville,1998-08-13 Brucellosis a bacterial disease was first noted in the Greater Yellowstone Area in 1917 and has been a chronic presence there since then This book reviews existing scientific knowledge regarding brucellosis transmission among wildlife particularly bison elk and cattle in the Greater Yellowstone Area It examines the mechanisms of transmission risk of infection and vaccination strategies The book also assesses the actual infection rate among bison and elk and describes what is known about the prevalence of *Brucella abortus* among other wildlife General Technical Report RMRS ,1998 **Grand Teton**

National Park (N.P.), Bison and Elk Management Plan ,2005 **Feminism and Evolutionary Biology** Patricia Gowaty,2012-12-06 Standing at the intersection of evolutionary biology and feminist theory is a large audience interested in the questions one field raises for the other Have evolutionary biologists worked largely or strictly within a masculine paradigm seeing males as evolving and females as merely reacting passively or carried along with the tide Would our view of nature red in tooth in claw be different if women had played a larger role in the creation of evolutionary theory and through

education in its transmission to younger generations Is there any such thing as a feminist science or feminist methodology For feminists does any kind of biological determinism undermine their contention that gender roles purely constructed not inherent in the human species Does the study of animals have anything to say to those preoccupied with the evolution and behavior of humans All these questions and many more are addressed by this book whose contributing authors include leading scholars in both feminism and evolutionary biology Bound to be controversial this book is addressed to evolutionary biologists and to feminists and to the large number of people interested in women s studies *Reassessing Paleolithic Subsistence* Eugène Morin, 2012-03-19 Contributes to the debate about modern human origins by exploring the diets and foraging patterns of both Neandertals and early modern humans *The Analysis of a Late Holocene Bison Skull from Fawn Creek, Lemhi County, Idaho, and Its Implications for Understanding the History and Ecology of Bison in the Intermountain West* Kenneth P. Cannon, 1997 *Natural Resource Valuation and Policy in Brazil* Peter H. May, 2000-01-11 Brazil s environmental problems especially Amazon deforestation have attracted considerable attention particularly in the developed world Peter May brings a sharper and more critical focus to bear on this topic by offering a general overview and seven microeconomic case studies on particular problems in the Brazilian environment Focusing on discrete resource problems at a subnational scale this practical book shows how work at the state and local level can lead to more sustainable development policies not only in Brazil but also in many other developing nations Uniting specific Brazilian applications of more general principles of natural resource and environmental valuation to support policy making for land use and economic development *Natural Resource Valuation and Policy in Brazil* shows how such methods support efforts to incorporate environmental concerns in decision making processes **American Bison** Dale F. Lott, 2002-09-10 American Bison combines the latest scientific information and one man s personal experience in an homage to one of the most magnificent animals to have roamed America s vast vanished grasslands Dale F Lott a distinguished behavioral ecologist who was born on the National Bison Range and has studied the buffalo for many years relates what is known about this iconic animal s life in the wild and its troubled history with humans Written with unusual grace and verve American Bison takes us on a journey into the bison s past and shares a compelling vision for its future offering along the way a valuable introduction to North American prairie ecology We become Lott s companions in the field as he acquaints us with the social life and physiology of the bison sharing stories about its impressive physical prowess and fascinating relationships Describing the entire grassland community in which the bison live he writes about the wolves pronghorn prairie dogs grizzly bears and other animals and plants detailing the interdependent relationships among these inhabitants of a lost landscape Lott also traces the long and dramatic relationship between the bison and Native Americans and gives a surprising look at the history of the hide hunts that delivered the coup de grace to the already dwindling bison population in a few short years This book gives us a peek at the rich and unique ways of life that evolved in the heart of America Lott also dismantles many of the myths we have created

about these ways of life and about the bison in particular to reveal the animal itself ruminating reproducing and rutting in its full glory His portrait of the bison ultimately becomes a plea to conserve its wildness and an eloquent meditation on the importance of the wild in our lives

Buffalo Inc. Sebastian Felix Braun, 2013-01-29 Buffalo as a business on the Cheyenne River Sioux Reservation Some American Indian tribes on the Great Plains have turned to bison ranching in recent years as a culturally and ecologically sustainable economic development program This book focuses on one enterprise on the Cheyenne River Sioux Reservation to determine whether such projects have fulfilled expectations and how they fit with traditional and contemporary Lakota values Drawing upon on site fieldwork and using anthropological economic and ecological approaches Sebastian Felix Braun examines the creation of Pte Hca Ka Inc and its management styles as they evolved over fifteen years He paints a compelling picture of cultural change Braun traces Pte Hca Ka from its origin as a self sustaining project that sought to combine traditional values with modern technology He shows how the company tried to operate on cultural and ecological ideals until the tribal government shed its cultural agenda in favor of a pure business orientation Braun describes these changes and presents the arguments of both sides In *Buffalo Inc* bison serve as a test case for a broader analysis of issues such as sustainability economic development tribal politics and cultural identity

Hoofed Mammals of British Columbia David M. Shackleton, Royal British Columbia Museum, 1999 Hoofed mammals ungulates are the most abundant large mammals in the world They are also plentiful in British Columbia which is home to nine wild native species moose elk caribou bison mountain goat two species of deer and two of sheep There are also several introduced species In *Hoofed Mammals of British Columbia* David Shackleton presents a comprehensive summary of the most up to date information on these ungulates In the well illustrated introduction he discusses their evolution and biology survival adaptations and social organization He also covers conservation issues tracking and taxonomy In the species accounts he describes each species and subspecies and discusses their natural history habitat diet behaviour reproduction life expectancy and mortality factors and predators Each account includes a distribution map and data on taxonomy recent population estimates conservation status and traditional aboriginal use Excellent illustrations and two keys help identify each species by its external features or its skull *Hoofed Mammals of British Columbia* is the third of six handbooks on the mammals of British Columbia a Royal B C Museum project to update and expand the classic treatment by Ian McTaggart Cowan and Charles Guiguet *The Mammals of British Columbia* last revised in 1965

Bison Mating And Conservation In Small Populations Introduction

In today's digital age, the availability of Bison Mating And Conservation In Small Populations books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Bison Mating And Conservation In Small Populations books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Bison Mating And Conservation In Small Populations books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Bison Mating And Conservation In Small Populations versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Bison Mating And Conservation In Small Populations books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Bison Mating And Conservation In Small Populations books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Bison Mating And Conservation In Small Populations books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them

accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Bison Mating And Conservation In Small Populations books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Bison Mating And Conservation In Small Populations books and manuals for download and embark on your journey of knowledge?

FAQs About Bison Mating And Conservation In Small Populations Books

1. Where can I buy Bison Mating And Conservation In Small Populations books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
