Curriculum-based Assessment Carroll J. Jones,2008 Although curriculum based assessment CBA has been on the horizon for a number of years there has been a need for a practical classroom based approach for its implementation This second edition is a major revision and update that offers practical and specific methods for developing and using CBAs in an educational setting It gives educators a highly specific step by step approach to building CBAs in the area of reading word recognition reading comprehension content reading mathematics and written expression Each chapter offers detailed easy to read and easy to follow instructions for the assessment construction process To further clarify the process extensive examples are given in table format A unique feature of the text is the manner in which the author illustrates the principles of CBA by providing a case study on one student which is referred to in each chapter Its formative assessment approach gives the teacher additional detailed information about students OCO performance which in turn should guide the type of instruction designed and implemented ultimately leading to higher performance on summative outcome measures Additionally detailed information is provided on subject area CBA construction the creation and implementation of a district wide CBA system for response to intervention and how to use IDEA S response to intervention in student evaluation The Beginning Reading Instruction Study Marcy Stein,1993 Calling attention to the continuum of approaches reflected in beginning reading programs this report presents content and cost analyses for over 50 beginning reading programs The first of the report s five chapters is an introduction The second chapter begins with a brief description of the major issues in the area of beginning reading and concludes with a summary of important research based recommendations for instruction The third chapter outlines the evaluation criteria for a content analysis of the programs and provides operational definitions of evaluation criteria The chapter concludes with an analysis of the extent to which over 50 instructional programs and approaches reflect research in beginning reading The fourth chapter presents a cost analysis of each program evaluated and a description of how the cost analysis was determined The final chapter contains some conclusions and cautions about selecting and designing effective reading instructional programs RS Bibliographic Guide to Education ,1989 **Bit by Bit: Teacher's ed** Virginia A.
