## **Bitter Persimmons An Unlikely Story:**

**Bitter Persimmons** A. S. Friedell, 2004-02 A S Friedells long journey to self significance begins as a lonely child on a rural Texas cotton farm Born shortly after the Pearl Harbor attack her childhood is shaped both by the idyllic and romantic ballads of the 40s and the seemingly perfect marriage of her distant narcissistic parents Her search for love and significance propels her through five difficult marriages in a crooked maze of lost love each turn uncovering only disappointment and a false sense of belonging A vow to love her two children unconditionally leads her to abandon her search for self worth in a perfect someone and instead discover a warm and strangely perfect comfort in the significance of motherhood *New Books on Women and Feminism* ,2005 **Forthcoming Books** Rose Arny, 2004 *Christianity and the Detective Story* Anya Morlan, Walter Raubicheck, 2014-08-11 Christianity and the Detective Story is the first book to gather together academic criticism on this particular connection between religion and popular culture The articles cover the origin of this relationship in the works of G K Chesterton examine its development through the Golden Age of mystery writers such as Dorothy L Sayers and include discussions of recent and contemporary television crime dramas The volume makes a strong case for viewing mystery writing as a valid means of providing both entertainment and religious insight **The Unlikely Voyage of Jack De Crow** A. J. Mackinnon, 2002-05-01 Equipped with his cheerful optimism and a pith helmet this Odysseus in a dinghy takes you with him from the borders of north Wales to the Black Sea 4 900 kilometers over salt and fresh water under sail at oars or at the end of a tow rope through twelve countries 282 locks and numerous trials and adventures including an encounter with Balkan pirates **The Story of Illegitimate Daughter** Chen Ling, 2019-12-25 She was an unwelcome Second Miss His mother had died when she gave birth to him Be bullied by female patriarch and elder sister Long years of bullying after meeting someone She wanted to fight back one by one He sent each of them to the eighteenth level of hell **Trees for Everyone - Easy Tree Studies for All Seasons of the Year** Julia Ellen Rogers, 2015-02-15 It was late April when I came by As I looked up into that tree top the sunlight was shining through and at first I thought I must be dreaming Instead of buds I saw what seemed like lighted candles each with a silken frill like the recurved petals of an iris below the tip of flame I had never seen a tree thus illuminated and the sight was enchanting The warm spring air had brought out the hickory buds with those of other trees and while I was looking for flowers on the ground the buds above had swollen cast off the winter covers revealing the silky inner wrappings of the young shoots The rich downward curving petals were only the inner scales of the great buds grown long and wide their vivid orange setting off the compact yellow buds that still stood erect I had never seen a hickory tree opening its iris like buds before but I have never missed it since From Chapter 1 Wild, Tamed, Lost, Revived Diane Flynt, 2023-09-18 For anyone who s ever picked an apple fresh from the tree or enjoyed a glass of cider writer and orchardist Diane Flynt offers a new history of the apple and how it changed the South and the nation Showing how southerners cultivated over 2 000 apple varieties from Virginia to Mississippi Flynt shares

surprising stories of a fruit that was central to the region for over 200 years Colorful characters abound in this history including aristocratic Belgian immigrants South Carolina plantation owners and multiple presidents each group changing the course of southern orchards She shows how southern apples ranging from northern varieties that found fame on southern soil to hyper local apples grown by a single family have a history beyond the region from Queen Victoria s court to the Oregon Trail Flynt also tells us the darker side of the story detailing how apples were entwined with slavery and the theft of Indigenous land She relates the ways southerners lost their rich apple culture in less than the lifetime of a tree and offers a tentatively hopeful future Alongside unexpected apple history Flynt traces the arc of her own journey as a pioneering farmer in the southern Appalachians who planted cider apples never grown in the region and founded the first modern cidery in the South Flynt threads her own story with archival research and interviews with orchardists farmers cidermakers and more The result is not only the definitive story of apples in the South but also a new way to challenge our notions of history
