Grass Irmgard Elsner Hunt **Cyprus under British Colonial Rule** Christos P. Ioannides, 2018-12-06 This is a unique book that combines a political narrative with poetry to examine the role of culture and the fusion of religion and politics during the struggle against colonialism The context is Britain s geopolitical interests in the Middle East The author utilizes a vital cultural source echoing the authentic voice of the people Cypriot folk poems which has remained virtually unknown to the English reader until now Translated into English they are interwoven into the book s narrative to reflect the yearning for social justice and the political sentiments of the vast majority of the population the peasants in a rural society Lawrence Durrell s literary masterpiece Bitter Lemons his politico cultural chronicle on British ruled Cyprus is also discussed critically The Greek Orthodox Church led the anti colonial movement revolving around union

with Greece Through his intimate knowledge of Greek Orthodox practices the author elucidates how religious customs and rituals were intertwined with the nationalist ideology to lead to political mobilization In the process culture with its religious underpinnings shaped politics This dynamic has been the case from the Middle East Turkey and North Africa to Eurasia and South East Asia Prime examples are the Iranian revolution and the more recent Arab Spring both of which caught the West by surprise In Cyprus the British with their sense of superiority remained alien to the local culture and discounted popular sentiment The two rebellions that ensued caught Britain totally by surprise This is a valuable case study on the convergence of religion and politics Academics students and non specialists will find a captivating narrative on Britain s colonial encounter in an idyllic but strategic island in the Eastern Mediterranean

**Narratives of Cyprus** Jim Bowman,2014-10-13

Unease has marked relations between modern travel writers and the people of Cyprus Visitors like Lawrence Durrell Colin Thubron Christopher Hitchens and Sebastian Junger have registered the effects of political strife on both the people of the island and those who visit from abroad Their accounts demonstrate how geopolitical realities such as colonization insurgency inter communal warfare and now decades of militarized peace shape the narrating self and its relations to others Here Jim Bowman assesses the effects of Cypriot history on writings about the island through an analysis of memoirs travelogues political journalism guide books and ethnographies Through this examination of popular texts Bowman shows how a western and politicized image of Cyprus has been created increasingly divorced from the realities experienced by the local population Narratives of Cyprus is an
