## **Black Christians And White Missionaries:**

*Black Christians and White Missionaries* Richard Gray, 1990 Africans have transformed Christianity Far from meekly accepting monolithic Western practices and interpretations Africans have appropriated the Christian faith for specific needs and added to it insights of their own As the centres of world Christianity shift towards Africa and Latin America the full impact of this transformation remains to be felt But its origins lie well before the twentieth century [Black Christians and White Missionaries](#) Richard Gray, 2005-07-01 In this book one of the world's leading scholars on the history of religion in Africa shows how Christianity has been transformed as it has been adopted by black Africans from the introduction of Christianity in the seventeenth century to the present Richard Gray finds that Africans have not meekly accepted monolithic Western practices and interpretations but have appropriated Christian faith for specific needs and added to it insights of their own Gray's theological conclusions are fascinating and the book forms a useful contribution to the study of missions in Africa Eugenia Adoyo Theological Book Review Gray's most significant contribution is his essay that compares differing concepts of evil in the cosmologies of Christianity and traditional African religions This compact well written volume has extensive footnotes It is recommended for specialists graduate students and advanced undergraduates Choice A thoughtful and informative book well worth reading Joseph C McKenna Theological Studies Concrete and detailed cases support Gray's lucid account of this transformation in Africa Wyatt MacGaffey American Historical Review The work of a master historian and demonstrates archival detective work and scholarly analysis at its finest Anyone interested in the introduction and development of Christianity in Africa will find this book particularly valuable Roger B Beck History Reviews of New Books Christianity in Africa has too often been written about by those who recognize only its sociological consequences Gray writes with insights that are not found often enough in studies of black Christians and white and black missionaries in Africa and this is welcome M Louise Pirouet International Journal of the African Historical Society [God's Interpreters: The Making of an American Mission and an African Church](#) Les Switzer, 2023-10-20 This study of the pioneer mission to the Zulu people differs from others in South African mission studies by offering a more nuanced understanding of the relationship between mission and church during the formative stages in the making of an African Christian community both in America and in British Natal Critical scholars continue to view the Western mission enterprise as an adjunct if not a tool of colonialism or at best a clash of cultures between white mission powerbrokers and powerless black Christian acolytes The author argues that they were partners from the beginning and in this endeavor the Christian identities of the missionaries as well as the Zulu were changed forever [African Christian Theology, Volume 1, Number 1, March 2024](#) Joshua Robert Barron, 2024-07-11

Davenport, 1997-01-01 At a strategic time in South Africa's history the Christian history which is absolutely basic to all developments is presented in a comprehensive and objective way Too little attention is given to the influence of religion in socio political accounts This is a creative and much needed contribution to scholarship and general knowledge An outstanding work Dean S Gilliland Fuller Theological Seminary

**The Farmerfield Mission** Fiona Vernal, 2012-09-27 In *The Farmerfield Mission* Fiona Vernal recounts the history of an African Christian community on South Africa's troubled Eastern Cape frontier Forged in the secular world of war violence and colonial dispossession and subjected to grand evangelical aspirations and social engineering Farmerfield's heterogeneous mix of former slaves and displaced Africans from polities beyond the borders of the Cape Colony entered the powerful ideological arena of anti slavery humanitarianism and evangelicalism As a farm an African residential site amid a white community and a Christian mission on a violent frontier Farmerfield was at once a space a place and an idea that Africans missionaries whites and colonial authorities competed to mold according to their own visions Founded in 1838 and destroyed by the apartheid government in 1962 Farmerfield's residents struggled over the meaning and content of a civilized Christianized lifestyle deploying a range of tactics from negotiation and dissimulation to deference and defiance In the process they vernacularized Christianity endured the ravages of colonialism and apartheid used their historical connections to the Methodist Church and South Africa's land reform legislation to regain land and launched the Farmerfield experiment anew amid new debates about the meaning of post apartheid land access and citizenship Farmerfield's propitious rise protracted frustrating decline and fledgling reincarnation reflect epochal chapters in South Africa's colonial apartheid and post apartheid history as Africans attempted to define the terms of their cultural autonomy and economic independence

**The Missionary Kids** Holly Berkley Fletcher, 2025-08-19 Historian Fletcher incisively explores the dark underbelly of American evangelical missionary work via the experiences of missionaries children Robustly researched and sharply analyzed it s an illuminating expos with important implications for evangelical Christianity Publishers Weekly starred review Neither a celebration of missionaries nor a hatchet job this book is insightful and hard hitting while leaving space for a spectrum of voices to be heard Library Journal What do we learn about white evangelicalism from those raised by its heroes From historian Holly Berkley Fletcher herself a missionary kid comes this first of its kind examination of how the experiences of missionary kids illuminate broader currents in American Christianity As sidekicks to their parents and churches ambitions missionary kids MKs face questions many white Christians eventually ask about God s calling sacrifice faith privilege racism abuse and what belonging means In *The Missionary Kids* Fletcher reveals how MKs have intimate access to the movement s logic longings and ideals With penetrating research sly wit and an empathic gaze Fletcher lays bare complicated emotions and troublesome truths She investigates how calling multiculturalism saints and indispensability can distract white American Christians from their own tradition s sins and failures Drawing on her experience as a Southern Baptist MK in Kenya on conversations with other missionary kids and on the work of psychologists historians missiologists and researchers Fletcher paints an intricate portrait of family life on the front lines of the missionary movement From boarding school to war zones

and from sexual assault by adult missionaries to fending for themselves so as not to distract from the work of the Lord MKs bear the weight of their parents choices and their churches ideals Fletcher delves into the missionary industrial complex that shapes the lives of missionary families listening to MKs speak of the vexing wordless longing for the places they ve lived For many years few people sought out MKs real voices God had called their parents to do great things so the kids were beside the point But the children of missionaries are beneficiaries of evangelicalism s rewards and victims of its failings And now they are ready to talk

**Christian Slavery** Katharine Gerbner,2018-02-07 Could slaves become Christian If so did their conversion lead to freedom If not then how could perpetual enslavement be justified In *Christian Slavery* Katharine Gerbner contends that religion was fundamental to the development of both slavery and race in the Protestant Atlantic world Slave owners in the Caribbean and elsewhere established governments and legal codes based on an ideology of Protestant Supremacy which excluded the majority of enslaved men and women from Christian communities For slaveholders Christianity was a sign of freedom and most believed that slaves should not be eligible for conversion When Protestant missionaries arrived in the plantation colonies intending to convert enslaved Africans to Christianity in the 1670s they were appalled that most slave owners rejected the prospect of slave conversion Slaveholders regularly attacked missionaries both verbally and physically and blamed the evangelizing newcomers for slave rebellions In response Quaker Anglican and Moravian missionaries

articulated a vision of Christian Slavery arguing that Christianity would make slaves hardworking and loyal Over time missionaries increasingly used the language of race to support their arguments for slave conversion Enslaved Christians meanwhile developed an alternate vision of Protestantism that linked religious conversion to literacy and freedom Christian Slavery shows how the contentions between slave owners enslaved people and missionaries transformed the practice of Protestantism and the language of race in the early modern Atlantic world **"White" Americans in "Black" Africa** Eunjin Park,2001 This compelling book brings to light a disillusioned experiment of biracial missionary labours that were expected to carry the beliefs and cultural values of nineteenth century white Americans to the black continent of Africa

Christian Warfare in Rhodesia-Zimbabwe Norman Murdoch,2015-01-19 Christian Warfare in Rhodesia Zimbabwe examines the history of the Salvation Army in Rhodesia Zimbabwe and its relationships with the state and with the rest of the church In particular it examines parallels between events of the first Chimurenga a rising against European occupation in 1896 97 and the second Chimurenga in the 1970s the civil war that led to majority rule At the time of the first the Salvation Army was barely established in the country by the second it was part of the establishment The book explores the enmeshment of this Christian mission in the institutions of white rule and the painful process of disentanglement necessary by the late twentieth century Stories of martyrdom and colonial mythology are set in the carefully researched context of ecumenical relations and the Salvation Army s largely unknown and seldom accessible internal politics **Perspectives on the World Christian Movement (4th Edition)** Ralph D. Bourdieu in Africa Exploring the Dynamics of Religious Fields offers a view of religions as social games played by interested actors Analyzing practices as strategic moves this critical approach conceptualizes the religious field as relations of exchange and competition between experts and laity and explores how the actors habitus including religious beliefs serve to misrecognize and thus legitimize relations of power within the religious sphere and beyond The authors discuss the volatile religious fields of Nigeria Ethiopia Eritrea Kenya and South Africa with their variably configured tensions between African traditions Christianity and Islam but also consider the interrelations of religion with other social fields with politics economy education and law Contributors are Ulrich Berner Chikas Danfulani Jonathan Draper Magnus Echtler Gemechu Jemal Geda Magnus Treiber Asonzeh Ukah Dale Wallace Halkano Abdi Wario **Christians by Grace-- Baptists by Choice** Hany
