Cheryl Samuel, 1987-01-01 Over two hundred years ago when Europeans first visited the Northwest Coast of North America the weavers of the area were making robes of exquisite beauty to adorn the wealthiest of their noble class Patterned in bold black and white geometric designs streaked with scintillating dashes of yellow these robes predate the better known Chilkat dancing blankets from the same area Today only eleven of these robes exist three of them as fragments Another two are shown on Russian historical paintings by Mikhail Tikhonov The only other known robes are found on an archival photograph and on two sketches by Pavel Mikhailof To produce this book Cheryl Samuel travelled to Leningrad Copenhagen and London to examine the six robes in Europe She also studied the robes housed in museums in Canada and the United States In 1985

she reconstructed Chief Kotlean's robe using information she had gathered from her study of the actual robes and Tikhanov's paintings. In the process she resurrected an old weaving style no longer used by the Native people on the northern coast. Through her extensive and careful research Cheryl Samuel makes an important contribution to the knowledge of early Indian weaving.

Sula Harold Bloom, 1999. Presents critical essays on Toni Morrison's *Sula* and includes a chronology, a bibliography, and an introduction by critic Harold Bloom.

*Dancing with Iris* Ann Ferguson, Mechthild Nagel, 2009-10-08. Iris Marion Young was a world renowned feminist moral and political philosopher whose many books and articles spanned more than three decades. She explored issues of social justice and oppression theory, the phenomenology of women's bodies, deliberative democracy, and questions of terrorism, violence, international law, and the role of the national security state. Her works have been of great interest to those both in the analytic and Continental philosophical tradition, and her roots range from critical theory (Habermas and Marcuse) and phenomenology (Beauvoir and Merleau-Ponty) to poststructural psychoanalytic feminism (Kristeva and Ingaray). This anthology of writings aims to carry on the fruitful lines of thought she created and contains works by both well known and younger authors who explore and engage critically with aspects of her work. The essays include personal remembrances as well as a last interview with Young about her work. The essays are organized into topic areas that are of interest to students in advanced undergraduate and graduate courses in ethics, feminist theory, and political philosophy.

**Commissioner of Patents Annual Report** United States. Patent Office, 1849.

Light List, 1969.

**Monthly Labor Review**, 1981. Publishes in depth articles on labor subjects, current labor statistics, information about current labor contracts, and book reviews.

Precarious Privilege Irene Browne, 2024-03-04. In recent years crackdowns on immigrant labor and a shrinking job market in California, Arizona, and Texas have pushed Latine immigrants to new destinations, particularly places in the American South. Although many of these immigrants work in manufacturing or food processing plants, a growing number belong to the professional middle class. These professionals find that despite their privileged social class and regardless of their national origin, many non-Latines assume that they are undocumented working class Mexicans, the stereotype of the typical Latine. In *Precarious Privilege*, sociologist Irene Browne focuses on how first generation middle class Mexican and Dominican immigrants in Atlanta respond to this stigmatizing assumption. Browne finds that when asked to identify themselves by race, these immigrants either reject racial identities entirely or draw on belief systems from Mexico and the Dominican Republic that emphasize European indigenous mixed race identities. When branded as typical Latines in the U.S., Mexican middle class immigrants emphasize their social class or explain that a typical Latine can be middle class, while Dominicans simply indicate that they are not Mexican. Rather than blame systemic racism, both Mexican and Dominican middle class immigrants often attribute misperceptions of their identity to non-Latines' ignorance or to individual Latines' lack of effort in trying to assimilate. But these middle class Latine immigrants do not simply seek to position themselves on par with the U.S. born white middle class. Instead, they leverage their cosmopolitanism, for example, their

multilingualism or their children's experiences traveling abroad to engage in what Browne calls one up assimilation a strategy that aims to position them above the white middle class who are often monolingual and unaware of the world outside the United States Middle class Latines cosmopolitanism and valuing of diversity also lead them to have cordial relations with African Americans but these immigrants do not see themselves as sharing African Americans status as oppressed minorities Although the stereotype of the typical Latine has made middle class Latine immigrants susceptible to stigma they insist that this stigma does not play a significant role in their lives In many cases they view the stereotype as a minor issue feel that opportunities for upward mobility outweigh any negative experiences or downplay racism by emphasizing their class privilege Browne observes that while downplaying racism may help middle class Latine immigrants maintain their dignity it also perpetuates inequality by reinforcing the lower status of working class undocumented immigrants It is thus imperative Browne argues to repeal harsh anti immigration policies a move that will not only ease the lives of the undocumented but also send a message about who belongs in the country Offering a nuanced exploration of how race social class and immigration status intersect Precarious Privilege provides a complex portrait of middle class Latine immigrants in the United States today

**Biracial in America** Nikki Khanna, 2011-09-16 Elected in 2008 Barack Obama made history as the first African American president of the United States Though recognized as the son of a white Kansas born mother and a black Kenyan father the media and public have nonetheless pigeonholed him as black and he too self identifies as such Obama's experience as an American with black and white ancestry though compelling because of his celebrity is not unique and raises several questions about the growing number of black white biracial Americans today How are they perceived by others with regard to race How do they tend to identify And why Taking a social psychological approach Biracial in America identifies influencing factors and several underlying processes shaping multidimensional racial identities This study also investigates the ways in which biracial Americans perform race in their day to day lives One's race isn't simply something that others prescribe onto the individual but something that individuals do The strategies and motivations for performing black white and biracial identities are explored

Civil Rights Journal, 1997

**Water, Race, and Disease** Werner Troesken, 2004 Troesken draws on many independent sources of evidence including data from the Negro Mortality Project econometric analysis of waterborne disease rates in blacks and whites analysis of case law on discrimination in the provision of municipal services and maps showing the location of black and white households

**The Political Economy of Racism** Melvin Leiman, 2011-02-02 An intense and compact resource for understanding how the political economy of racism evolved in the United States Science Society Racism is about more than individual prejudice And it is

hardly the relic of a past era This scholarly readable and provocative book shows how the persistence of racism in America relies on the changing interests of those who hold the real power in society and use every possible means to hold onto it
