Spectacular Bodies Yvonne Tasker, 2012-10-02 While films such as Rambo Thelma and Louise and Basic Instinct have operated as major points of cultural reference in recent years popular action cinema remains neglected within contemporary film criticism *Spectacular Bodies* unravels the complexities and pleasures of a genre often dismissed as obvious in both its pleasure and its politics arguing that these controversial films should be analysed and understood within a cinematic as well as a political context Yvonne Tasker argues that today's action cinema not only responds to the shifts in gendered sexual and racial identities which took place during the 1980s but reflects the influences of other media such as the new video culture Her detailed discussion of the homoeroticism surrounding the muscleman hero the symbolic centrality of blackness within the crime narrative and the changing status of women within the genre addresses the constitution of these identities through the shifting categories of gender class race sex sexuality and nation *Spectacular Bodies* also examines the ambivalence of supposedly secure categories of popular cinema questioning the existing terms of film criticism in this area and addressing the complex pleasures of this neglected form

In Theaters Everywhere Brian Hannan, 2018-12-31 Conflicts among Hollywood studios and exhibitors have been going on for years At their heart are questions about how films should be released where when and at what speed Both sides of this disagreement are losers with exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output In the Silent Era movies were not released nearly as widely as they are now This book tells the story of how the few became the many It explores the contraction of the release cycle the maximization of the marketing dollar and the democratization of consumer access It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found Movie Lists Paul Simpson, 2011-05-26 Action African greats alcohol Robert Aldrich aliens Woody Allen Pedro Almodovar Robert Altman animated anime apocalypses Argentina art Asia minor avant garde And that's just A for you A taste of this fabulously quirky and enjoyable book which is both a celebration of movies and movie trivia and a handy entertaining guide to films that we know you will enjoy It is fantastically functional The lists are well conceived and easy to understand mostly assembled by genre actor director theme or country of origin and the reviews are witty and informative Oddly enough most movie guides are not full of recommendations But Movie Lists is in spades leaving readers in no doubt that the films reviewed are the business Oh and you don't have to watch them all before you die There is no premise of death in this book You just need to get down to the local Blockbusters or flick your remote to Movies on Demand Only the popcorn is not supplied
