The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike *Black Authors and Illustrators of Books*

Black Manhood on the Silent Screen Gerald R. Butters, 2002 In early twentieth century motion picture houses offensive stereotypes of African Americans were as predictable as they were prevalent Watermelon eating chicken thievery savages with uncontrollable appetites Sambo and Zip Coon were all representations associated with African American people Most of these caricatures were rendered by whites in blackface Few people realize that from 1915 through 1929 a number of African American film directors worked diligently to counter such racist definitions of black manhood found in films like D W Griffith s *The Birth of a Nation* the 1915 epic that glorified the Ku Klux Klan In the wake of the film s phenomenal success African American filmmakers sought to defend and redefine black manhood through motion pictures Gerald Butters s comprehensive study of the African American cinematic vision in silent film concentrates on works largely ignored by most contemporary film scholars African American produced and directed films and white independent productions of all black features Using these race movies to explore the construction of masculine identity and the use of race in popular culture he separates cinematic myth from historical reality the myth of the Euro American controlled cinematic portrayal of black men versus the actual black male experience Through intense archival research Butters reconstructs many lost films expanding the discussion of race and representation beyond the debate about good and bad imagery to explore the construction of masculine identity and the use of race as device in the context of Western popular culture He particularly examines the filmmaking of Oscar Micheaux the most prolific and controversial of all African American silent film directors and creator of the recently rediscovered *Within Our Gates* the legendary film that exposed a virtual litany of white abuses toward blacks *Black Manhood on the Silent Screen* is unique in that it takes contemporary and original film theory applies it to the distinctive body of African American independent films in the silent era and relates the meaning of these films to larger political social and intellectual events in American society By showing how both white and black men have defined their own sense of manhood through cinema it examines the intersection of race and gender in the movies and offers a deft interweaving of film theory American history and film history
