## **Alphonse Laverrière:**

**Alphonse Laverrière, 1872-1954** Pierre Frey, 1999-01-01 La carrière de cet architecte s'inscrit dans un courant caractérisé par la formation entre 1890 et 1914 à l'Ecole nationale supérieure des Beaux Arts de Paris d'une liste de praticiens suisses qui choisissent de s'installer au pays où ils reproduisent dans l'institution des concours d'architecture les conditions d'émulation. L'Ecole Laverrière est un représentant remarquable de ce mouvement qui marque le territoire d'une production eclectique de grande variété stylistique incluant les formes régionalistes et les modes les plus diverses. Sa carrière lui a valu une renommée internationale. Includes 340 illustrations bibliographical references and index of over 200 cited competitions. In the following weeks 2 380 competitors from 27 nations representing six continents participated in well organized competitions in perfect weather conditions. The largest Olympics yet at the time the Stockholm Games have thus gone down in history as the Sunshine Olympics or the Swedish Masterpiece. Since that achievement and despite numerous attempts by other Swedish cities Sweden has not yet managed to host the Olympic Games again. This work examines the 1912 Stockholm Olympics from a variety of perspectives exploring the preparations organization competitions participants and spectators as well as the continuing significance of the 1912 Games to Sweden and to the future of the Olympic movement. **Competition** Ignaz Strebel,Jan Silberberger,2017-02-24 Much valued by design professionals controversially discussed in the media regularly misunderstood by the public and systematically regulated by public procurement in recent years architecture competitions have become projection screens for various and often incommensurable desires and hopes Almost all texts on architectural competition engage it for particular reasons whether these be for celebration of the procedure or dismissal Moving on from such polarised views Architecture Competition is a revelatory study on what really happens when competitions take place But the story is not just about architecture and design it is about the whole construction process from the definition of the spatial programme to judgement and selection of projects and the realization of the building This book explores the competition in the building process as it takes place but also before and after its execution It demonstrates that competitions are not just one step of many to be taken but that competitive design procedures shape the entire process Along the way the book exposes among others one of the key evolutions of design competitions that competition procedures need to be regulated in order to respond to public awarding rules and need to integrate an increasing amount of given standards regarding for example efficiency fire safety and thermal comfort These notions force competing architects to respond to inflexible and overloaded competition programmes instead of focusing on genuinely crafting an architectural project If the architecture competition wants to be more highly valued as a design tool it should pay attention to the iterative nature of design and to the fact that perspectives on the problem often change in process **Architecture du canton de Vaud** Bruno Marchand,2012-11-12 Le canton de Vaud d tient sur son territoire plusieurs r f rences notoires tels la petite maison de Le Corbusier Corseaux les bains de Bellerive de Marc Piccard Lausanne ou encore le si ge de Nestl de Jean Tschumi Vevey Il rec le galement diff rents ensembles b tis et objets architecturaux moins manifestes mais tout aussi int ressants et repr sentatifs d une architecture de qualit A travers la pr sentation comment e et illustr e d un corpus d environ 350 r alisations r parties par typologies cet ouvrage vise mettre en relief l architecture du canton de Vaud des ann es 1920 1975 En parall le il cherche sensibiliser le grand public et les diff rents milieux professionnels aux qualit s d un patrimoine encore trop souvent m connu et qui jusqu aujourd hui n a jamais fait l objet d une publication synth tique Textes de Laurent Chenu Jean Claude Girard Bruno Marchand Marielle Savoyat Eric Teyssere et Christine von B ren Art et d coration
