The Creators of Batman Rik Worth,2021-06-09 From an Eisner Award nominee The story of Bob Kane Bill Finger and the real origins of the legendary crimefighter In the early twentieth century the emerging medium of comics was beginning to grab the attention of children and adults alike Then in the 1930s superheroes revolutionized the entire industry and culture as we know it Gotham s caped crusader The Batman swung into this pantheon of demi gods in 1939 and secured his place as one of the world s most beloved characters This fascinating account dwells into how artist Bob Kane got all the credit for Batman s origin while his co creator Bill Finger was forced into the shadows and how comic creators journalists and family members fought to have Finger credited for his work The first prose book to focus on both Finger and Kane as well as cast of supporting characters from one of the most exciting times in comic book history The Creators of Batman Bob

Bill and The Dark Knight gathers everything we know about these two monumental figures and lays their stories side by side Bringing together the story of these two creators against the exciting background of the American comic s boom and Batman s Golden Age it looks at how Finger and Kane constructed the world of Gotham and its denizens and grapples with the legacy the creators left behind *The Art of Joe Kubert* Bill Schelly,Joe Kubert,2011-10-31 Joe Kubert is one of the great comic book artists His career literally traverses the history of comics beginning in 1938 when he became a professional at age 12 to today as one of the greatest draftsmen working in the field Kubert is known and respected as much for his sinewy passionate drawing as he is for his consummate storytelling skills Over his 70 year career in comics he has worked as an artist an editor a publisher an entrepreneur and a cartooning auteur The Art of Joe Kubert is a deluxe full color book that honors this legendary creator with beautifully reproduced artwork from every phase of his career as well as critical commentary by the book s editor comics historian and Kubert biographer Bill Schelly *Bill the Boy Wonder* Marc Tyler Nobleman,2012-07-01 Every Batman story is marked with the words Batman created by Bob Kane But that isn t the whole truth A struggling writer named Bill Finger was involved from the beginning Bill helped invent Batman from concept to costume to character He dreamed up Batman s haunting origins and his colorful nemeses Despite his brilliance Bill worked in obscurity It was only after his death that fans went to bat for Bill calling for acknowledgment that he was co creator of Batman **Heritage Comics Dallas Signature Auction Catalog #820** Ivy Press,2006-03 *The EC Archives: Weird Fantasy Volume 2* Bill Gaines,Al Feldstein,2023-10-03 Weird Fantasy from EC Comics captured the wonder and terror of science fiction like no other title of its era And now the Dark Horse Comics library of EC classics returns with EC Archives Weird Fantasy Volume 2 now in a value priced paperback edition featuring the work of comics legends Al Feldstein William Gaines Wally Wood Jack Kamen Joe Orlando and more This volume collects Weird Fantasy issues 7 12 with remastered digital color based on Marie Severin s original tones Foreword by rock superstar Gene Simmons of KISS *The Secret Origins of Comics Studies* Matthew Smith,Randy Duncan,2017-09-19 In The Secret Origins of Comics Studies today s leading comics scholars turn back a page to reveal the founding figures dedicated to understanding comics art Edited by comics scholars Matthew J Smith and Randy Duncan this collection provides an in depth study of the individuals and institutions that have created and shaped the field of Comics Studies over the past 75 years From Coulton Waugh to Wolfgang Fuchs these influential historians educators and theorists produced the foundational work and built the institutions that inspired the recent surge in scholarly work in this dynamic interdisciplinary field Sometimes scorned often underappreciated these visionaries established a path followed by subsequent generations of scholars in literary studies communication art history the social sciences and more Giving not only credit where credit is due this volume both offers an authoritative account of the history of Comics Studies and also helps move the field forward by being a valuable resource for creating graduate student reading lists and the first stop for anyone writing a comics related literature review **The Meaning of Superhero Comic Books** Terrence R.

Wandtke,2014-01-10 For decades scholars have been making the connection between the design of the superhero story and the mythology of the ancient folktale Moving beyond simple comparisons and common explanations this volume details how the workings of the superhero comics industry and the conventions of the medium have developed a culture like that of traditional epic storytelling It chronicles the continuation of the oral traditional culture of the early 20th century superhero industry in the endless variations on Superman and shows how Frederic Wertham s anti comic crusade in the mid 1950s helped make comics the most countercultural new medium of the 20th century By revealing how contemporary superhero comics like Geoff Johns Green Lantern and Warren Ellis s The Authority connect traditional aesthetics and postmodern theories this work explains why the superhero comic book flourishes in the new traditional shape of our acutely self conscious digital age **The Batman Filmography, 2d ed.** Mark S. Reinhart,2013-08-14 This is a complete reference work

to the history of Batman big screen works from the 1940s serials through the campy 1960s TV show and film and up through the series of Warner Bros summer blockbusters that climaxed with Christopher Nolan s 2012 film The Dark Knight Rises Chapters on each Batman feature include extensive film and production credits a production history and a critical analysis of the movie relative to the storied history of the Batman character The book also examines the Batman related works and events that took place in the years between the character s film exploits **Stan Lee** Adrian Mackinder,2021-05-12

Discover the astonishing history of modern American entertainment seen through the eyes of a pop culture icon who lived for nearly 100 years Stan Lee How Marvel Changed the World is not just another biography It is a journey through twentieth century American history seen through the life of a man who personified the American Dream This book shows how Stan Lee s life reflects the evolution of American entertainment society and popular culture throughout the 1900s and beyond Along the way bold questions will be asked Was Stan Lee himself a superhuman creation just a mask to protect his true more complicated secret identity Just like the vibrant panels of the comics he wrote Lee s life it seems is never black and white Sourced from Lee s own words this book also includes brand new and exclusive interviews with Marvel comic book creators for whom Lee s work proved an invaluable inspiration Upbeat accessible and fun this book is told with a glint in the eye and a flair for the theatrical that would make Stan Lee proud This is a bold celebration of the power of storytelling and a fitting tribute to Stan Lee s enduring legacy Excelsior **A Brief History of Comic Book Movies** Wheeler Winston Dixon,Richard

Graham,2017-01-05 A Brief History of Comic Book Movies traces the meteoric rise of the hybrid art form of the comic book film These films trace their origins back to the early 1940s when the first Batman and Superman serials were made The serials and later television shows in the 1950s and 60s were for the most part designed for children But today with the continuing rise of Comic Con they seem to be more a part of the mainstream than ever appealing to adults as well as younger fans This book examines comic book movies from the past and present exploring how these films shaped American culture from the post World War II era to the present day and how they adapted to the changing tastes and mores of succeeding

generations Slugfest Reed Tucker,2017-10-05 Over the years the companies have deployed an arsenal of schemes in an attempt to outmaneuver the competition whether it be stealing ideas poaching employees planting spies ripping off characters or launching price wars Sometimes the feud has been vicious at other times more cordial But it has never completely disappeared and it simmers on a low boil to this day This is the story of the greatest corporate rivalry never told Other books have revealed elements of the Marvel DC battle but this will be the first one to put it all together into a single juicy narrative It will also serve as an alternate history of the superhero told through the lens of these two publishers **The Comic Book Western** Christopher Conway,Antoinette Sol,2022-06 The Comic Book Western explores how the myth of the American West played out in popular comics from around the world *Stan Lee* Liel Leibovitz,2020-04-14 From the prizewinning Jewish Lives series a meditation on the deeply Jewish and surprisingly spiritual roots of Stan Lee and Marvel Comics Few artists have had as much of an impact on American popular culture as Stan Lee The characters he created Spider Man and Iron Man the X Men and the Fantastic Four occupy Hollywood s imagination and production schedules generate billions at the box office and come as close as anything we have to a shared American mythology This illuminating biography focuses as much on Lee s ideas as it does on his unlikely rise to stardom It surveys his cultural and religious upbringing and draws surprising connections between celebrated comic book heroes and the ancient tales of the Bible the Talmud and Jewish mysticism Was Spider Man just a reincarnation of Cain Is the Incredible Hulk simply Adam by another name From close readings of Lee s work to little known anecdotes from Marvel s history the book paints a portrait of Lee that goes much deeper than one of his signature onscreen cameos About Jewish Lives Jewish Lives is a prizewinning series of interpretative biography designed to explore the many facets of Jewish identity Individual volumes illuminate the imprint of Jewish figures upon literature religion philosophy politics cultural and economic life and the arts and sciences Subjects are paired with authors to elicit lively deeply informed books that explore the range and depth of the Jewish experience from antiquity to the present In 2014 the Jewish Book Council named Jewish Lives the winner of its Jewish Book of the Year Award the first series ever to receive this award More praise for Jewish Lives Excellent New York times Exemplary Wall St Journal Distinguished New Yorker Superb The Guardian Captain America and the Struggle of the Superhero Robert G. Weiner,2009-06-08 For more than 60 years Captain America was one of Marvel Comics flagship characters representing truth strength liberty and justice The assassination of his alter ego Steve Rogers rocked the comic world leaving numerous questions about his life and death This book discusses topics including the representation of Nazi Germany in Captain America Comics from the 1940s to the 1960s the creation of Captain America in light of the Jewish American experience the relationship between Captain America and UK Marvel s Captain Britain the groundbreaking partnership between Captain America and African American superhero the Falcon and the attempts made to kill the character before his real death
