**Towards a Romantic Conception of Nature** Hendrik Roelof Rookmaaker, 1984-01-01 This study describes in detail the development of Coleridge's attitude to nature as it is reflected in his poetry. It analyses the different stages of Coleridge's search for a meaningful relation to nature from an uncritical adoption of the eighteenth century conventions in his early poetry to a projectionist view in his poems of 1802. It offers challenging new readings of some of Coleridge's major poems like *The Ancient Mariner* and *Dejection: an Ode* and tries to rehabilitate some minor ones like *The Picture*. Attention is also paid to his relation with Wordsworth. It discusses in detail the philosophical background of Coleridge's views and considers the contribution of German thought to his development. As a whole, this study affords a new insight into the genesis of romanticism in England. *A Study Guide for Samuel Taylor Coleridge's "The Rime of the Ancient Mariner"* Gale, Cengage Learning, 2015-03-13 A Study Guide for Samuel Taylor Coleridge's *The Rime of the Ancient Mariner* excerpted from Gale's acclaimed *Poetry for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. **Coleridge and the Idea of Love** Anthony John Harding, 1974 Dr Harding demonstrates in this study the importance of human relationship in Coleridge's thought and writing. The first three chapters explore Coleridge's idea of relationship as it developed throughout his creative life and show how Coleridge's own relationships influenced his thinking about morality. One section is devoted to a fresh interpretation of Coleridge's major poetry. The final chapter traces the idea of relationship in Coleridge's social and political philosophy. Dr Harding uses previously unpublished Coleridge manuscripts in support of his analysis and assesses the nature of Coleridge's originality as a thinker by viewing him in the context of his own time and through comparison with other writers. This evaluation of a major poet and thinker will appeal not only to those whose interests are literary but also to students of philosophy and politics.
