

Altruism, Morality, and Economic Theory

Edmund S. Phelps, Editor

Altruism Morality Economic Theory

J Elliott

Altruism Morality Economic Theory:

Altruism, Morality, and Economic Theory Edmund S. Phelps, 1975-05-21 Presents a collection of papers by economists theorizing on the roles of altruism and morality versus self interest in the shaping of human behavior and institutions Specifically the authors examine why some persons behave in an altruistic way without any apparent reward thus defying the economist s model of utility maximization The chapters are accompanied by commentaries from representatives of other disciplines including law and philosophy

ALTRUISM, MORALITY AND ECONOMIC THEORY- PROCEEDINGS OF A CONFERENCE- RUSSELL SAGE FOUNDATION. , Handbook of the Economics of Giving, Altruism and Reciprocity

Serge-Christophe Kolm, Jean Mercier Ythier, 2006-09-08 Provides a comprehensive set of reviews of literature on the economics of nonmarket voluntary transfers

The Economics of Reciprocity, Giving and Altruism NA NA, 2019-06-12 Reciprocity is a pervasive type of social interaction in encounters groups and organizations This volume gathers basic recent works in its main domains such as the theory of reciprocity the public economics of transfers the economics of the family charities gifts of organs or the motivations for gift giving The book constitutes a landmark in this rapidly expanding field of research

Economic Analysis, Moral Philosophy, and Public Policy Daniel Hausman, Michael McPherson, Debra Satz, 2017 This book shows how careful attention to moral reasoning can enrich economic understanding and clarify the importance and the limits of an economic analysis of policy problems

Economic Analysis, Moral Philosophy and Public Policy Daniel M. Hausman, Michael S. McPherson, 2006-03-20 This 2006 book shows through accessible argument and numerous examples how understanding moral philosophy can improve economic analysis how moral philosophy can benefit from economists analytical tools and how economic analysis and moral philosophy together can inform public policy Part I explores rationality and its connections to morality It argues that in defending their model of rationality mainstream economists implicitly espouse contestable moral principles Part II concerns welfare utilitarianism and standard welfare economics while Part III considers important moral notions that are left out of standard welfare economics such as freedom rights equality and justice Part III also emphasizes the variety of moral considerations that are relevant to evaluating policies Part IV then introduces technical work in social choice theory and game theory that is guided by ethical concepts and relevant to moral theorizing Chapters include recommended readings and the book includes a glossary of relevant terms

Economic Analysis and Moral Philosophy Daniel M. Hausman, Michael S. McPherson, 1996-03-28 Understanding moral philosophy can lead to better economics Conversely economic insights and analytical tools can help philosophers This book draws these two ideas together Part I focuses on rationality and argues that in defending their model of rationality economists find themselves espousing fragments of a highly contestable moral theory In Part II the authors consider the dubious theory of welfare implicit in standard evaluations of welfare economics and utilitarianism Part III of this book is concerned with freedom rights equality and justice which are also important in evaluating economic policies and institutions

Part IV shows that technical work in economics is guided by ethical concepts and is relevant to moral theorizing

Handbook of Economics and Ethics Jan Peil, Irene van Staveren, 2009-01-01 This volume pulls together a remarkable collection of contributors designed to challenge the positive normative dichotomy in economic methodology The intent of this publication is to provide a reference manual for those seeking insights into the connections between economics and ethics It succeeds in that goal and should become a starting point for anyone who believes that mainstream economics needs methodological reorientation Anyone interested in ethics and economic methodology would do well to have this reference book handy Highly recommended J Halteman Choice This new Handbook of Economics and Ethics makes a substantial contribution as a wide ranging up to date reference work including original developments on these two fundamentally interconnected fields This contribution is particularly timely given the increasing attention being paid to economics as a moral science The Handbook contains seventy five expert entries on subjects ranging from the history of economics and philosophy to conceptual analysis of ethics in various aspects of modern economics while representing a diversity of views Sheila Dow University of Stirling UK The Handbook of Economics and Ethics portrays an understanding of economic methodology in which facts and values though distinct are closely interconnected in a variety of ways From theory building to data collection and from modelling to policy evaluation this encyclopaedic Handbook is at the intersection of economics and ethics Irene van Staveren and Jan Peil bring together 75 unique and original papers to provide up to date insights on topics such as markets globalization human development rationality efficiency and corporate social responsibility The book presents contributions from an array of international scholars using methodological and theoretical approaches and convincingly demonstrates the death of the positive normative dichotomy that so long held economics in its grip This invaluable resource will strongly appeal to students of economics and economic methodology philosophy of science and ethics It will also be of great benefit to academics and policy makers involved in economic policies and ethics

International Encyclopedia of Economic Sociology Jens Beckert, Milan Zafirovski, 2006 Dealing with the multiple and complex relations between economy and society this encyclopedia focuses on the impact of social political and cultural factors on economic behaviour It is useful for students and researchers in sociology economics political science and also business organization and management studies

Method and Morals in Constitutional Economics Geoffrey Brennan, Hartmut Kliemt, Robert D. Tollison, 2013-03-09 This Festschrift was presented in electronic form to Buchanan on the occasion of his eightieth birthday on October 3 1999 after dinner in Fairfax Virginia As one might have expected the response to our call for papers was so luminous In looking over the many contributions we felt that a published Festschrift was also possible and fitting for the eightieth birthday of so prodigious and influential a scholar as Professor Buchanan To that end we have assembled the following volume In selecting the papers to be included here we have basically tried to choose those papers which in some way bear on Buchanan's contributions Perfectly good papers about issues not related to Buchanan's research agenda or not referring directly to

Buchanan's work were not included. Space constraints did not allow universal coverage so choices had to be made. It should be stated clearly that these were our choices based on the criterion that the contribution be relevant to Buchanan's work. Buchanan had nothing whatsoever to do with the selection of papers for this volume. Once choices had been made we arranged the papers by subject matter ranging from various aspects of Buchanan's work in economics, political science, philosophy and related areas to some more personal recollections of Jim as a professor, friend and colleague. Including the latter material was also our decision and this probably represents a choice with which Jim would not have agreed. We think however that the reader will find these pieces interesting and informative.

Handbook of Population and Family Economics M.R. Rosenzweig, Oded Stark, 1997-04-23. Comprises 21 articles that survey areas of research in population and family economics.

The Ashgate Research Companion to Corporate Social Responsibility Professor Nicholas Capaldi, Professor David Crowther, 2012-11-28. The term corporate social responsibility (CSR) has gained prominence both in business and in the media and has become one of the most debated management issues. Yet there is still a lack of consensus on what the concept means, what it entails, why it should be embraced and how. This companion offers scholars and graduate students a valuable guide to current thinking and a comprehensive reference to this increasingly important field.

Whose Keeper? Alan Wolfe, 2023-11-10. *Whose Keeper* is a profound and creative treatise on modernity and its challenge to social science. Alan Wolfe argues that modern liberal democracies such as the United States and Scandinavia have broken with traditional sources of morality and instead have relied upon economic and political frameworks to define their obligations to one another. Wolfe calls for reinvigorating a sense of community and thus a sense of obligation to the larger society. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1989.

Rediscovering Political Economy Bradley C. S. Watson, Joseph Postell, 2011-08-16. The recent economic crisis in the United States has highlighted a crisis of understanding. In this volume Bradley C. S. Watson and Joseph Postell bring together some of America's most eminent thinkers on political economy, an increasingly overlooked field wherein political ideas and economic theories mutually inform each other. Only through a restoration of political economy can we reconnect economics to the human good. Economics as a discipline deals with the production and distribution of goods and services. Yet the study of economics can indeed must be employed in our striving for the best possible political order and way of life. Economic thinkers and political actors need once again to consider how the Constitution and basic principles of our government might give direction and discipline to our thinking about economic theories and to the economic policies we choose to implement. The contributors are experts in economic history and the history of economic ideas. They address basic themes of political economy: theoretical and practical, from the relationship between natural law and economics to how our

Founding Fathers approached economics to questions of banking and monetary policy Their insights will serve as trusty guides to future generations as well as to our own

Altruism Niall Scott, Jonathan Seglow, 2007-11-16 A discussion of altruism drawing on different disciplinary perspectives could hardly be more timely and this book is a thoughtful and insightful contribution to the debate Ruth Chadwick Distinguished Research Professor and Director Cardiff University What motivates us to be altruistic How did an altruistic trait evolve in humans given that evolutionary theory assumes we are self interested What sorts of people are altruistic and in what circumstances Is the welfare state a channel for altruism or does it crowd out people s altruistic motivations This accessible book is the first introduction to the idea of altruism It explores how we have come to be altruistic and considers why it is important to remain altruistic not just for the sake of others but in order to maintain the fragile fabric of human society The book surveys the history of the concept of altruism and examines it from a variety of disciplinary perspectives including moral philosophy evolutionary biology psychology economics and political science It then attempts to bring together the distinct issues and concerns of these disciplines to arrive at a unified understanding of altruism The rational self interested individual of economics is compared with the altruist who exhibits the virtues of empathy compassion and benevolence The book also discusses heroic altruism such as that displayed by rescuers of Jews in Nazi occupied Europe and psychological experiments which seek to identify the altruistic trait Scott and Seglow argue that altruism is easily extinguished and hard to nourish but vital for a fundamentally human future Academics and students in social sciences and philosophy will find Altruism of great interest So too will professionals in the voluntary and charitable sectors and journalists involved in communicating social scientific and philosophical ideas to the public

Studies in Economics and Political Science Various, 2022-07-30 This 13 volume collection originally published between 1929 and 1982 contains a selection of titles from the fields of economics and political science Many individual titles focus on Britain and include topics such as democracy environmental planning foreign policy legislation microeconomics national income and the welfare state The earliest title looks at the nature of nationality and two further titles look at politics in France This set will be an insight for those interested in the history of either field

The Political Economy of the Welfare State Thomas Wilson, Dorothy J. Wilson, 2021-11-21 In the early 1980s the welfare state for too long regarded as a notable contribution to the establishment of a humane social order had over the previous decade come under increasing attack Some of its critics especially in the UK and the USA maintained that it had failed to deal satisfactorily with the problem of poverty Others held that it was over elaborate created a psychology of dependence and imposed costs that needed to be reduced as part of a policy of general economic recovery In a number of countries cuts had already been imposed or were now contemplated In this situation it was crucially important to direct attention once more to the basic objectives of the various welfare services from a systematic and comparative standpoint Originally published in 1982 the authors of this book one an economist and the other a specialist in social administration subjected these aims to rigorous analysis and discuss the

underlying issues of social philosophy They then attempt to assess the various methods adopted for their attainment in Britain and comment on those adopted in the USA and in some continental European countries Although the authors reject the more extreme assertion that the welfare state has been a failure they point to the need to relate some of the policies followed more clearly to the basic objectives A number of proposals for reform are put forward which would imply some change of emphasis and should permit a simplification of existing over complex arrangements

Ethics of Capitalism and Critique of Sociobiology Peter Koslowski, 2013-03-14 The book has two subjects first the ethical theory of the economic order and secondly the critique of sociobiology and its theory of evolution The first part the ethics of capitalism analyzes the rise of capitalism and the business ethics and moral theory of a capitalist economic order in a perspective from philosophy and economics The second part a critique of sociobiology gives a philosophical assessment of sociobiology's contribution to the theory of the economy and society and of its impact for metaphysics and a general world view James M Buchanan Nobel prize winner in economics discusses the first part of the book in his comment The Morality of Capitalism

The Politics of Social Solidarity Peter Baldwin, 1990 By analyzing the competing concerns of different social actors behind the evolution of social policy this study explains why some nations had an easy time in developing a welfare state while others fought long entrenched battles

Game Theory and the Social Contract: Just playing K. G. Binmore, 1994 Written for an interdisciplinary audience Just Playing offers a panoramic tour through a range of new and disturbing insights that game theory brings to anthropology biology economics philosophy and psychology

The Top Books of the Year Altruism Morality Economic Theory The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. Altruism Morality Economic Theory : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
