

# Altruism & Helping Behavior

- Altruism = an unselfish concern for another's welfare

An altruistic action is a selfless good deed which is not done for the benefit of the person doing it, but solely (or at least primarily) for the person being helped.

Prosocial Behavior Margaret S. Clark, 1991 The phenomenon of altruism its causes its effects and its manifestations is discussed in this volume The contributors explore such issues as the socialization of altruism volunteering the effect of helping on the helper and the effect of help seeking behaviour on dependence and independence With anthropological biological and sociological approaches this multi perspective volume is an intriguing resource

**Development and Maintenance of Prosocial Behavior** Ervin Staub, 2013-11-09 This book was inspired by an intimate stimulating intellectually enriching conference that took place in Poland However the book is not a conference report Rather at the time of the conference participants agreed that it would be worthwhile to create a volume representing the international state of knowledge in pro social behavior and many of them agreed to write chapters This volume is the outcome The book contains chapters by outstanding researchers and scholars who have made substantial contributions to some aspect of scholarship about pro social behavior helpfulness generosity kindness cooperation or other behavior that benefits people The book concerns itself with how prosocial behavior comes about and what influences contribute to or inhibit it how prosocial behavior or values and other personal characteristics that

promote prosocial behavior develop how socialization peer interaction and other experiences contribute to development and with the cognitive emotional and behavioral consequences of receiving help Some chapters directly and a number of them implicitly concern themselves with applications of knowledge about prosocial behavior particularly with the question of how cooperation and behavior that benefits other people can be promoted The purpose of the book is in part to show where the field stands and what knowledge we have accumulated and in part to suggest future directions and advance the field It is a truly international book with contributors from most countries where research on prosocial behavior is being conducted

*The Psychology of Helping and Altruism* David A. Schroeder, 1995 Provides a broad overview of this important area of social psychology answering questions such as whether humans are naturally prosocial and altruistic and whether there are individual differences in human altruism      **Blackwell Handbook of Social Psychology** Garth J. O. Fletcher, Margaret S. Clark, 2008-06-09 This authoritative handbook provides a cutting edge overview of classic and current research as well as an assessment of future trends in the field of interpersonal processes Ensures thorough and up to date coverage of all aspects of interpersonal processes Includes contributions by academics and other experts from around the world to ensure a truly international perspective Provides a comprehensive overview of classic and current research and likely future trends Fully referenced chapters and annotated bibliographies allow easy access to further study Now available in full text online via xreferplus the award winning reference library on the web from xrefer For more information visit [www.xreferplus.com](http://www.xreferplus.com)
