## **Alvar Aalto Furniture:**

**Alvar Aalto Furniture** Alvar Aalto, 1985 Alvar Aalto's furniture designs are a superb example of an uncompromising spirit that has managed to overcome the boundaries of style and taste, fashion and social class. Alvar Aalto Alvar Aalto, Museum of Modern Art (New York, N.Y.), 1984. *Alvar Aalto* Patricia de Muga, Sandra Dachs, Laura García Hintze, 2007 Alvar Aalto 1898–1976 is the most prestigious Finnish architect of the last century and the father of Nordic Modernism. He once said: 'God created paper for the purpose of drawing architecture; on it everything else is at least for me an abuse of paper.' In the U.S. Aalto's critical reception began with his design for the Finnish Pavilion at the 1939 World Fair in New York. Frank Lloyd Wright described it as a work of genius. After World War II Aalto also designed MIT's student dormitory. Prior to this the architect's Paimio Sanatorium (1929) and Viipuri Library (1935) both in Finland had already attracted international praise. He was also an outstanding town planner, painter and sculptor. Aalto's Modernism entailed the use of natural materials, warm colors and undulating lines, and he is considered an important early exponent of Organic Design. As a result of his design work outside of architecture, Aalto's vases, lamps, glassware and laminated bent plywood furniture pioneered and produced through the design company he co-founded, Artek, are equally esteemed. Iconic pieces include the Savoy Vase, the Paimio Chair and the Beehive Lamp. This monograph on Aalto's highly collectible furniture designs expands our understanding of the diverse abilities of this influential architect-designer. *Alvar Aalto* Alvar Aalto, 1987. **Alvar Aalto, Furniture and Glass** Alvar Aalto, J. Artek and the Aaltos Nina Stritzler-Levine, 2021-04-13. Best known for the production of Aalto's famous bentwood furniture, Artek was a multifaceted design company that created numerous innovative products. This extensively illustrated book is based on an extraordinary range of newly discovered archival materials that shed new light on Artek's history. It looks at the close working relationship between Alvar Aalto and Aino Marsio Aalto and the critical roles they played in its establishment and development internationally. Reissued in hard cover and with an enlarged trim size, greater prominence is given to the more than 500 drawings and photographs, including a selection never before published. The addition of a chronology that traces the parallel history of Artek and the Aalto office offers an unprecedented understanding of the many projects they created together. The original text received the 2018 Philip Johnson Award for outstanding exhibition catalogue by the Society of Architectural Historians. Alvar Aalto Mateo Kries, Jochen Eisenbrand, Vitra Design Museum, Caixa Forum (Barcelona), 2014. The Magus of the North: this was the epithet which architecture critic Sigfried Giedion found for Alvar Aalto 1898–1976, the best known Finnish architect of his generation and a major exponent of a different kind of modernism, one conceived on a more human

scale His buildings such as the Paimio Tuberculosis Sanatorium or the legendary Villa Mairea stand for a masterly organic combination of volumes materials and light His laminated plywood chairs made him one of the most important designers of the twentieth century while his Savoy Vase has come to be seen as the epitome of Finnish and organic design Alvar Aalto Second Nature draws on recent research into Aalto s oeuvre to present a comprehensive overview of his work in architecture design and urban planning with a special focus on his dialogue with major contemporary artists including L szl Moholy Nagy Hans Arp Alexander Calder and Fernand L ger and his fascination with film cinema and photography The book features eleven essays by authors from various countries The catalogue section presents numerous original drawings from the Alvar Aalto Museum and pieces of Aalto furniture from the holdings of the Vitra Design Museum A complete list of all his buildings and projects is also included along with several photographic essays by the artist Armin Linke showing Aalto s buildings from a contemporary perspective
