Alvin's Famous No-Horse , You're Going to Be Dead One Day David Horowitz,2015-06-15 Continuing his acclaimed series of meditations on life and death David Horowitz turns to the consolation that his marriage and family have brought him amid the trials of age and illness You re Going to Be Dead One Day is a political warrior s reflection on the mysterious rejuvenating power of love the bittersweet way in which our children reward us while also leaving us behind and how kindnesses to others bring blessings home *Autobiography of Rev. Alvin Torrey, First Missionary to the Six Nations and the Northwestern Tribes of British North America. Edited by Wm. Hosmer** Alvin Torrey,1861 *Mortality and Faith* David Horowitz,2019-05-21 Mortality and Faith is the second half of an autobiography of David Horowitz whose first installment Radical Son was published more than twenty years ago It completes the account of his life from where the first book left off to his seventy eighth year In contrast to Radical Son whose focus was his political odyssey Mortality and Faith was conceived as a meditation on age and on our common progress towards an end which is both final and opaque These primal facts affect all we see and do and force us to answer the questions as to why we are here and where we are going with conjectures that can only be taken on faith Consequently an equally important theme of this work is its exploration of the beliefs we embrace to answer these questions and how the answers impact our lives Acceptance of Mediocrity David E. Pullmann,2010-06-07

Me 'N' Alvin Thad Box, 2001-11-26. Essayist and poet Thad Box experienced poverty first hand as a small boy living on a tenant farm. His poems present a child's eye view of one of our country's major events. The Great Depression spawned a social and economic upheaval in American culture as great as the revolution that formed this country. With the possible exception of the Civil War no event in our nation's history has been as significant. The people who lived through the Depression become fewer with each passing year. Most who were adults at the beginning of the depression are gone. Box's poems make history live through the tales of children. Me n Alvin describes the joys and disappointments of a ten year old boy during the time between the stock market crash of 1929 and the attack on Pearl Harbor. Although it is about sharecropper children in the Central Texas Hill Country it captures the hopes and dreams of poor kids everywhere who do not consider themselves poor. Box tells the stories through a series of narrative poems written in the vernacular yet poetic voice of Hill Country people. He describes life of subsistence farmers and the heartbreak of being displaced by well meaning New Deal government programs. Games played by children the wonder of becoming rich when the make work dam construction pays 40 cents an hour. Sunday dinners and celebrations are told through his eyes and with the voice of a precocious child. Doing what hound dogs do or finding out about birds and bees are woven into the poems. Learning the facts of life was not just about sex. It often involved becoming aware of the problems of grownups the lack of money the stress of being put off the farm the knowledge that the family was poor. But the joys of a child exploring his poverty cocoon the love of his parents the thrill of learning all become part of understanding the facts of life. A child's curiosity about sex is not ignored. The boys knew about billy goats Maltese jacks and roosters because their function on the farm was part of the natural process. But making the transition from understanding animal breeding to girls was an unending mystery. The book covers the time from shortly after Franklin Roosevelt's election in the 1930s until the attack on Pearl Harbor. It was a time when many farm families were moving to California in search of a better life. Hobos and gypsies traveled from town to town in search of food. Soup kitchens filled less than basic needs of major cities. Obituaries of people who lived through these times fill newspapers across this land. This book is unique in that it captures a child's view of

one of the major social changes of our country The poems teach history with a smile

Pioneer's Progress: An Autobiography Alvin Johnson, 2020-05-22 This is the story of a long and brilliant career in American education Johnson writes with humor modesty and what seems to be total recall a fascinating report of a useful life Bruce Bliven The New York Times Alvin Johnson has written a first rate life history but by that fact he has also written a good deal more For he has told his life in a way that shows how it holds in microcosm all the dominant themes of our American history and society Johnson must have been a bewildering paradox for his more solemn academic colleagues a Nebraska farmer who knew the dead languages and most of the European living ones an economist who knew literature and anthropology and the new psychology an original thinker who was at ease in the columns of the New Republic an irreverent man who refused to follow the latest revolutionary dogmas but was merciless in knocking the sawdust out of the stuffy orthodoxies Johnson can believe in other men because he has a quiet fortress of strength in himself Lytton Strachey remarked that it is harder to write a good life than to lead one Alvin Johnson has done both Max Lerner The American Scholar This autobiography is remarkable for the long and fruitful span of life which it records for the rich and varied contents and for the humor which the author plays upon every chapter every chapter bears witness to the honesty of the author's statement Never in all my life have I given a hoot for personal security George M Stephenson The American Historical Review This American success story is refreshingly different from the usual rags to riches one Alvin Johnson is the best kind of man that America produces and his autobiography both in the writing and the story that is told is one of the best books of the year The Providence Journal It is necessary for any thoughtful American to take Pioneer's Progress in hand You can pick it up lay it down come back to it at any odd moment even on the subway with pleasure and profit It is as various in content as a good meal Dorothy Canfield Fisher What you will remember is the Nebraska boy applying his farmbred wisdom and his father's courage to all the questions that fate tossed his way New York Herald Tribune Alvin Johnson's biography ought to be required reading both here and abroad for anyone who wants to understand American government and the American spirit Adolf A Berle Jr A fine and mellow autobiography by the father of adult education in this country His book is alive with anecdotes on everything from life on a remote Nebraska farm to pioneering in the field of the social sciences Education's man of action in a self portrait which is permeated with a homespun charm and humor and invigorated by the character of the man and his impressive influence Kirkus Reviews This book relates the interesting life story of a great American liberal and intellectual leader The reader of Pioneer's Progress is constantly amazed at the versatility of a man who is able to cram so many good works into one lifetime Yet his book is written with such simplicity modesty and self deprecating humor that one cannot help but like as well as admire him L S Curtis Journal of Negro History A lively story which the more or less retired president of the New School has written about his activities up to now a man's record of his own life Among the causes which this man helped turn into movements were land reclamation rescue of scholars from destruction by Hitler Mussolini and the

Communists peace and racial justice But adult education is his great consuming passion Of this the New School for Social Research whose founding president he was is living testimony To Alvin Johnson all causes racial justice peace better farming and better health what have you are one with adult education One learns by reading by observing by arguing by acting by interacting with other people And perhaps this is the important thing about the man he would not be confined And it is in the story of the New School that we learn what the man Johnson really is This man is strictly a public entrepreneur Everett C Hughes Commentary Magazine Despite the sophistication of the higher reaches of learning and academic endeavor that form a large part of Johnson s story he never completely leaves the soil or the West The Nebraska beginnings so charmingly chronicled in the early part of the book seem tied intimately to later chapters that related his adventures in land reclamation and his theories on sugar beets Danish farmers even Montana Indian reservations All these serve to demonstrate convincingly that the western roots of Alvin Johnson grew deep indeed Carl Ubbelohde Montana The Magazine of Western History All through his long years of active life Alvin Johnson has fought against bigotry and pettiness of spirit He is always the free spirit who puts reasoned enlightenment and imaginative and creative thinking against academic stuffiness and oppressive intolerance But he is never satisfied with mere verbal expression he always seeks to concretize his reactions into living institutions His autobiography is therefore not only a moving and inspiring story of his own spiritual development but also a chronicle of American cultural institutions during the past 50 years Koppel S Pinson Jewish Social Studies One s first response to Dr Johnson s autobiography is of pride that so useful so various and what one ventures to call so American a life should belong to us this autobiography with its spontaneous combination of concepts and concerns offers most interesting materials for the student of our national development in modern times Louis Filler The Mississippi Valley Historical Review
