Lancaster University course Management Accounting language English abstract In this report I will show how activity based
costing ABC can be applied to a department of a major institution such as a University Large universities may maintain and
follow complex and rigid accounting systems However the systems are almost always based on a form of fund accounting and
are intended to satisfy legal and donor stipulations rather than to provide information for administrative decisions In this
report I show how activity based costing ABC can be applied to institutions of higher education and I believe can result in
improved information of benefit to academic administrators legislators voters and consumers The report also analyses an
example related to the degree at the university which follows with the appropriateness of using this system by the university
