from any other form of horticulture is that it involves creating a miniature image of a larger tree and keeping it that way in a container that is shallower than usual. The only thing that makes it different from any other art form is that the medium we work with is alive and constantly changing. Bonsai involves no magic potions, no special philosophy, and no degree in oriental studies. All it requires is a woody plant, a pot, a handful of basic tools, and a few years' patience. Think you can manage that? Of course. Read this book, try out the techniques for yourself, if you kill a few trees, don't worry, we've all done that.
