Book Of Revelation Based On The Revised Standard Version:

The Book of Revelation Robert H. Mounce, 1998 This contribution to The New International Commentary on the New Testament is a revision of Robert Mounce's original entry on the book of Revelation and reflects more than twenty additional years of mature thought and the latest in scholarship *The Book of Revelation* George Raymond Beasley-Murray, 1981

Parody and Counterimaging in the Apocalypse Joe E. Luncford, 2009-10-01 As numerous scholars have noted The Revelation was first received orally Directed not merely to the intellect its author deliberately employed different literary schemes and devices to evoke the imagination of his audience In this new study Joe Luncford examines the specific use of parody and counterimaging in The Revelation arguing that this often overlooked device was an essential means by which its author engaged the imagination of his readers and hearers In light of the best of recent scholarship on The Revelation Luncford examines over thirty uses of this device most notably the contrasting images of the evil trinity of dragon beast from the sea and beast from the earth and the Holy Trinity **Pillars in the History of Biblical Interpretation, Volume 3** Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar's an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development **Heavenly Stories** Alexander Kocar, 2021-07-30 Salvation is often thought to be an all or nothing matter you are either saved or damned Heavenly Stories examines how some important thinkers in the ancient world including Paul the Apostle John of Patmos Hermas the Sethians and the Valentinians believed that salvation comes in degrees **HEAVEN** Michael G. Maness, 2004-12-01 In heaven we shall know everlasting rest and the full measure of our inheritance Though no eye has seen what God has prepared for us from Revelation 21:22 we can understand a little of what heaven will feel like We shall know a new freedom economy purity peace and so much more Those will be the simple experiences The greater experiences will be in everlasting love most especially in an everlasting marriage and an enduring intimate community Likewise we shall know a growing and everlasting security within our grand heritage within God's promises and in the work of Christ Yet the greatest experience of all is also the

hardest to understand because it is the farthest removed from our earthly experience The greatest experience of all will be that for the rest of our everlasting loving lives we will share in the very life and glory of our dynamic and loving God our loving Father and Abba The greatest experience in heaven will be the very life and light that we share with God Himself so very personal and loving to the uttermost

The Christian Century, 1957 **The Revelation of Saint John** Zachary F. Lansdowne, 2006-05-01 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the course of human events from the founding of Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world It s actually none of the above writes Zachary F Lansdowne a leading expert in the field of spiritual initiation In the Introduction to this rich and complex interpretation he writes According to its own verses the Revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed This is not a book about end times or Armageddon and when it might come This is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the Revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness Moreover while the Revelation appears in the great lineage of Judeo Christian tradition Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition Lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians The Revelation of St John when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in Judaism chakras and kundalini in Hinduism Buddhist mindfulness the redemptive power of love in Christianity and absolute standards of comparison in Platonic philosophy Zachary Lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition
