Assessing Alcohol Problems, 1995

Alcohol Problems in the Community Larry Harrison, 2002-05-03 Community surveys reveal that about 6% of the adult male and 1% of the adult female population in England and Wales are drinking at high risk levels Alcohol Problems in the Community examines the implications of recent community care legislation for government policy on alcohol The first part of the book begins with a report on recent US research on the role of alcohol in the perpetration of child abuse and recent research on young people s drinking problems This is followed by a study on the prevalence of drinking problems amongst older people which has been underestimated In the second half of the book empirical evidence is presented on the particular difficulties faced by ethnic migrant and homeless groups and this emphasis on the centrality of social disadvantage leads on to a consideration of a specific social work role in the assessment and management of alcohol related problems Alcohol Problems in the Community is aimed at social work practitioners and students on prequalifying qualifying and postqualifying social work courses and it addresses key social work issues in relation to poverty homelessness discrimination and drinking problems

Alcoholism Jacqueline Langwith, 2010 The ailments and conditions that afflict people today can be confusing disturbing and painful both emotionally and physically The Perspectives on Diseases and Disorders series provide clear careful explanations that offer readers and researchers insight into what these conditions are what causes them how people live with them and the latest about treatment and prevention All volumes in the series include primary and secondary viewpoints bibliographies detailed indexes and lists of organizations to contact for additional information Book jacket

Problem Drinking Nick Heather, Ian Robertson, 1997-08-14 Problem Drinking aims to bridge the gap that exists between the popular understanding of the subject and the modern scientific account of the nature of alcohol problems

Responding to Drinking Problems Stan Shaw, Alan Cartwright, Terry Spratley, Judith Harwin, 2023-12-01 In the 1970s family doctors social workers researchers and administrators had been aware of the inadequacy of the response to drinking problems for some time However there had been no systematic examination of why such agents felt negatively about drinkers and disinclined to respond to them Originally published in 1978 this book develops a radical new perspective on the prevalence and causes of drinking problems combining reviews of historical and contemporary literature with the authors own research studies This perspective is then linked to the need for an integrated response from both medical and social services with a particular accent on the need for a community response By focusing on the relationship between helper and helped a solution is sought to the question which has troubled the field for many

years why are agents like family doctors and social workers so inadequate in recognising and responding to people with drinking problems The crucial aspects within the therapeutic relationship are pinpointed and experimental studies are described which show how training casework supervision and the redeployment of expertise can help improve recognition rates and responses to individual drinkers This book thus expresses the need for major changes both in our attitudes and understanding of people with drinking problems and the difficulties of agents who try to help them It should still be of historical interest to social scientists and those involved in helping people with drinking problems *International Handbook of Alcohol Dependence and Problems* Nick Heather, Timothy J. Peters, Tim Stockwell, 2001-05-18 Focusing on alcohol dependence and alcohol related problems in general as well as their causes treatment and prevention this handbook also addresses the basic mechanisms of alcohol and its effects on human physiology and behaviour Understanding America's Drinking Problem Don Cahalan, 1987 *National Institute on Alcohol Abuse and Alcoholism* National Institute on Alcohol Abuse and Alcoholism (U.S.), 1971 **Under the Weather - Coping with Alcohol Abuse and Alcoholism** John G. Cooney, 2002-11-01 A very practical and forthright book Professor Anthony Clare The abuse of alcohol and alcoholism are among the most corrosive and devastating features of modern societies The incidence of broken lives and shattered families caused directly by alcohol addiction is now widely recognised However as the widespread nature of alcoholism is acknowledged so too are the significant advances in its treatment Under the Weather sets out all the basic facts on alcoholism and alcohol abuse in an accessible yet comprehensive manner It combines a popular approach with one that is scientifically and medically reliable Above all this new and updated edition of a well established and popular book offers hope and encouragement by emphasising the high recovery rates for those who are prepared to assume responsibility for their own recovery and co operate with properly mounted and comprehensive treatment programmes Family and friends concerned about the effect of abnormal drinking will also find it an invaluable source of information and support Few authors can write with such experiences and understanding warmly recommended to a wide readership Dr Bruce Ritson Of the many books written in recent years about alcoholism and problem drinkers this one is outstanding Dr Max Glatt Under the Weather Table of Contents Introduction Alcoholism A Disease Alcoholism Many Causes Signs Symptoms and Cross Addiction From Compulsion to Recovery Physical and Psychiatric Complications Mental Mechanism and Medication Overall Treatment Plan Relapse The Young Women A Family Illness Prevention Appendix A The Definition of Alcoholism Appendix B Treatment Appendix C Questionnaires Appendix D Alcoholics Anonymous Al Anon Alateen Appendix E Help and Advice **Causes and Consequences of Alcohol Abuse: Overview of federal activities on alcohol abuse and alcoholism; alcoholism, biological and environmental determinants** United States. Congress. Senate. Committee on Governmental Affairs, 1988 Alcoholism And The Family Saturo Saitoh, Peter Steinglass, Marc A. Schuckit, 2013-05-24 The science of the etiology and treatment of alcohol has made notable progress in recent years Since the early 1970s there have been growing in roads made

concerning the relevance of hereditary factors in alcoholism This has led to the presentation of various innovative hypotheses in this field In conjunction with this there has been much discussion and study of the alcoholic personality and its possible characteristics These may be considered the longitudinal aspects linked to the transmission of alcoholism *Alcohol Problems* Peter Anderson,Paul Wallace,Heather Jones,1988 This book is a practical guide for nurses and doctors in primary care about preventing and managing alcohol problems It provides information on how to determine how much patients drink how to assess the social psychological and physical harm the alcohol may be causing and what practical and effective advice to offer on how to stop drinking Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970--extension United States. Prevention of Alcohol Abuse Peter M. Miller,Ted D. Nirenberg,2012-12-06 The abuse of alcohol presents a major health problem throughout the world Until recently both clinical and research efforts have been geared toward treatment and rehabilitation of alcoholism With the growing number of problem drinkers entering treatment the need for a better understanding of the prevention of alcohol abuse has become increasingly evident Although still in its infancy the field of alcoholism prevention is growing at a rapid rate Increasing numbers of behavioral scientists throughout the world are conducting or planning prevention projects Policy planners school administrators military agencies community groups state and local alcoholism agencies and industries are initiating alcohol abuse prevention programs with fervor Legislators at all levels of government are also developing a keen interest in legislation aimed at reducing the extent of problem drinking This book represents one of the first systematic attempts to compile a comprehensive text on the prevention of alcohol abuse Many of the contributors to *Prevention of Alcohol Abuse* have international reputations that strengthen their understanding of the complex nature of prevention By providing a critical review of the current knowledge about prevention the text will serve to stimulate and lay the groundwork for further prevention efforts We thank all of the chapter authors for their excellent contributions It is through their efforts that the field will thrive Our appreciation also is expressed to Leonard Pace formerly of Plenum Press for his encouragement and helpful comments in the development of the text **Trends in Alcohol Abuse and Alcoholism Research** Rin Yoshida,2007 Alcoholism is a disorder characterised by the excessive consumption of and dependence on alcoholic beverages leading to physical and psychological harm and impaired social and vocational functioning This book gathers new and important research on this socially and medically destructive disorder These include addiction issues forms of treatment behavioural and clinical studies
