Singing Soviet Stagnation Vocal Cycles from the USSR 1964 1985 explores the ways in which the aftershock of an apparent crisis in Soviet identity after the death of Stalin in 1953 can be detected in selected musical literary works of what has become known as the Stagnation era 1964 1985 Richard Louis Gillies traces the cultural impact of this shift through the intersection between music poetry and identity presenting close readings of three substantial musical literary works by three of the period s most prominent composers of songs and vocal cycles *Seven Poems of Aleksandr Blok Op 127* 1966 1967 by Dmitri Shostakovich 1906 1975 Russia *Cast Adrift* 1977 by Georgy Sviridov 1915 1998 *Stupeni* 1981 1982 1997 by Valentin Silvestrov b 1937 The study elaborates an interdisciplinary approach to the analysis of musical literary artworks that does not rely on existing models of musical analysis or on established modes of literary criticism thereby avoiding privileging one discipline over the other It will be of particular significance for scholars students and performers with an interest in Russian and Soviet music the intersection between music and poetry and the history of Russian and East European culture politics and identity during the twentieth century *The 20th Century A-GI* Frank N. Magill, 2013-05-13 Each volume of the *Dictionary of World Biography* contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography *A History of Russian Symbolism* Avril Pyman, 2006-03-09 This book is the first detailed history of the Russian Symbolist movement from its initial hostile reception as a symptom of European decadence to its absorption into the mainstream of Russian literature and eventual disintegration It focuses on the two generations of writers whose work served as the seedbed of Existentialism in thought and of Modernism in prose and the performing arts and reassesses their achievements in the light of modern research At the centre of the study are the texts themselves with prose quoted in English translation and poetry given in the original Russian with prose translations There is a valuable bibliography of primary sources and an extensive chronological appendix This book will fill a long felt gap and will be invaluable to students and teachers of Russian and comparative literature Symbolism Modernism and pre revolutionary Russian culture **Boris Pasternak** Christopher Barnes, 2004-02-12 This authoritative new biography of the Russian poet and prose writer Boris Pasternak is the first part of a two volume set covering the period 1890 1928 Drawing on archives and many eyewitness accounts Barnes study sheds light on currently unexplored aspects of Pasternak s character and family background and his artistic social and historical environment He

combines biographical investigation with detailed textual analysis of translated quotations in verse and prose to reveal the source of Pasternak's extraordinary writings The book examines a wide range of topics that include his musical enthusiasm and relations with Scriabin his philosophical studies his activities in World War I and his response to the 1917 revolutions and his stance as a liberal artistic intellectual in the 1920s **Stalin and the Literary Intelligentsia, 1928-39** A.

Kemp-Welch,2016-07-27 Stalin's fascination with writers was fully reciprocated as the many Odes to Stalin show During the 1970s a hugely elaborated system was established for the regulation of belles lettres based on institutions ideas and individuals This original study ten years in preparation is based on extensive access to Soviet archives Much new evidence has been uncovered about the inner workings of cultural policy in the Stalin period and documents by Stalin himself are published for the first time **Blok, an Anthology of Essays and Memoirs** Lucy E. Vogel,1982 Biography and literary analysis of Alexander Blok Russian lyrical poet writer publicist playwright translator literary critic *Unattainable Bride*

Russia Ellen Rutten,2010-03-08 Throughout the twentieth century and continuing today personifications of Russia as a bride occur in a wide range of Russian texts and visual representations from literature and political and philosophical treatises to cartoons and tattoos Invariably this metaphor functions in the context of a political gender allegory which represents the relationships between Russia the intelligentsia and the Russian state as a competition of two male suitors for the former's love In *Unattainable Bride Russia* Ellen Rutten focuses on the metaphorical role the intelligentsia plays as Russia's rejected or ineffectual suitor Rutten finds that this metaphor which she covers from its prehistory in folklore to present day pop culture references to Vladimir Putin is still powerful but has generated scarce scholarly consideration *Unattainable Bride Russia* locates the cultural thread and places the political metaphor in a broad contemporary and social context thus paying it the attention to which it is entitled as one of Russia's modern cultural myths **Nineteenth Century Prose** ,2011
