Boy In The Blitz The 1940 Diary Of Colin Perry:

Boy in the Blitz Colin Perry, 2011-03-15 The only first hand account of the Blitz to be written as it was happening

British Civilians in the Front Line Helen Jones, 2006-04-30 This is the first full length study of the behavior of British civilians and their reactions to air raids during the Second World War It unravels the day to day influence on people at these times of great danger risk and uncertainty and challenges the traditional image of civilians as passive shelterers under attack It uncovers Churchill and his government's desperate attempts to persuade key workers to continue with their work once the air raid siren had sounded and reveals the complex reasons why so many workers were willing to run such risks

Bombing the City Aaron William Moore, 2018-10-18 This comparative account of civilian experiences of aerial bombing in World War II Britain and Japan reveals the universality of total war

The Great Cat & Dog Massacre Hilda Kean, 2022-12-22 The tragedies of World War II are well known But at least one has been forgotten In September 1939 four hundred thousand cats and dogs were massacred in Britain The government vets and animal charities all advised against this killing So why would thousands of British citizens line up to voluntarily euthanize household pets In *The Great Cat and Dog Massacre* Hilda Kean unearths the history piecing together the compelling story of the life and death of Britain's wartime animal companions She explains that fear of imminent Nazi bombing and the desire to do something to prepare for war led Britons to sew blackout curtains dig up flower beds for vegetable patches send their children away to the countryside and kill the family pet in theory sparing them the suffering of a bombing raid Kean's narrative is gripping unfolding through stories of shared experiences of bombing food restrictions sheltering and mutual support Soon pets became key to the war effort providing emotional assistance and helping people to survive a contribution for which the animals gained government recognition Drawing extensively on new research from animal charities state archives diaries and family stories Kean does more than tell a virtually forgotten story She complicates our understanding of World War II as a good war fought by a nation of good people Accessibly written and generously illustrated Kean's account of this forgotten aspect of British history moves animals to center stage forcing us to rethink our assumptions about ourselves and the animals with whom we share our homes

Under Cover of Darkness Amy Helen Bell, 2024-11-05 A gripping new history of London during the Blackout revealing the violent crime that spread across the capital under the cover of darkness Fear was the unacknowledged spectre haunting the streets of London during the Second World War fear not only of death from the German bombers circling above but of violence at the hands of fellow Londoners in the streets below Mass displacement the anonymity of shelters and the bomb scarred landscape offered unprecedented opportunities for violent crime In this absorbing sometimes shocking account Amy Helen Bell uncovers the hidden stories of murder and violence that were rife in wartime London Bell moves through the city examining the crimes in their various locations from domestic violence in the home to robberies in the blacked out streets and fights in pubs and clubs She reveals the experiences of women children and the elderly and focuses on the lives

of the victims as well as their deaths This groundbreaking study transforms our understanding of the ways in which war made people vulnerable not just to the enemy but to each other **Finest Hour** Tim Clayton, Philip R. Craig, 2002-02-12 This book recreates the tensions and uncertainties of the events of 1940 Half the battle Robert Mackay, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license How well did civilian morale stand up to the pressures of total war and what factors were important to it This book rejects contentions that civilian morale fell a long way short of the favourable picture presented at the time and in hundreds of books and films ever since While acknowledging that some negative attitudes and behaviour existed panic and defeatism ration cheating and black marketeering it argues that these involved a very small minority of the population In fact most people behaved well and this should be the real measure of civilian morale rather than the failing of the few who behaved badly The book shows that although before the war the official prognosis was pessimistic measures to bolster morale were taken nevertheless in particular with regard to protection against air raids An examination of indicative factors concludes that moral fluctuated but was in the main good right to the end of the war In examining this phenomenon due credit is accorded to government policies for the maintenance of morale but special emphasis is given to the invisible chain of patriotic feeling that held the nation together during its time of trial Unpublished London Diaries Heather Creaton, 2003 A unique snapshot of London life as recorded by diarists whose interests range from high politics to housework childbirth to deathbeds burglaries to bowel movements In a city of London's complexity and size it can be difficult to pinpoint the experience of the individual at a specific period Diaries however represent a valuable approach into this elusive world Diarists may concentrate on great events or on the comparative trivia of their everyday round but they all convey some genuine flavour of London life that is hard to find in other sources **Witness To War** Richard Aldrich, 2014-07-30 WITNESS TO WAR is an eye opening retelling of the war experience through the private diaries kept by people from all walks of life and from many countries The twentieth century's Second World War announced its arrival from a distance and as early as spring 1938 city dwellers across Europe expected destruction on an epic scale Men women and children most of whom had never kept a diary before began to chronicle their own responses to what they knew would be a unique moment in world history The cast of characters represented in these diaries more than three hundred in number ranges from politicians soldiers and spies to ordinary citizens and housewives from a London schoolboy watching V 1 doodlebugs from his bedroom window to an interned German refugee robbed and beaten by British troops Many others are famous and this collection includes rare material from figures such as Joseph Goebbels Joyce Grenfell Jean Paul Sartre Evelyn Waugh and Noël Coward It also contains the insights of many who were close to Winston Churchill and Adolf Hitler Most of these diaries involved a degree of danger and secrecy In occupied Europe a captured diary could betray friends and relatives to the enemy Some were downright illegal such as those kept by soldiers on the front line More than half a century after the end of the war these hidden treasures the voices of the

past are still being unearthed Many of these accounts languished unread unpublished and gathering dust in scholarly archives around the world Richard Aldrich has devoted two decades to sustained research in more than a dozen countries This is war at first hand described in the most immediate terms not mediated through the voice of peripheral observers or shaded by fading memory or political allegiances **The Battle of London 1939-45** Jerry White, 2021-11-04 Endlessly fascinating White is such a brilliant historian Mail on Sunday Lasting for six long years the Blitz transformed life in the capital beyond recognition marking a time of almost constant anxiety disruption deprivation and sacrifice for Londoners With the capital the nation's frontline during the Second World War by its end 30 000 inhabitants had lost their lives While much has been written about the Myth of the Blitz its riveting social history has often been overlooked Unearthing what it was actually like for those living through those tempestuous years Jerry White paints a fascinating portrait of the daily lives of ordinary Londoners telling the story through their own voices As a history of the capital in wartime it is probably unsurpassable Sunday Telegraph An impressive history of the capital at war White an accomplished chronicler of London's history tells it with brio and a confident mastery of the sources Literary Review **The First Day of the Blitz** Peter Stansky, Professor Peter Stansky, 2007-01-01 On September 7 1940 the Blitz began The bombing of London by over one thousand planes on that night alone was recognised at the time as being a direct measure to break the country's resistance This book tells of the impact that this terror from the skies had on British people and the course of war *The Secret History of the Blitz* Joshua Levine, 2015-07-30 Rigorously researched yet reads like a novel you can't put down LUCY WORSLEY Joshua Levine is a fantastic and passionate individual I highly recommend him for the breadth of knowledge he has STEVE McQUEEN The Blitz is one of the most iconic and tumultuous periods in modern British history and one of the most misunderstood From the first page readers will discover a different story to the one they thought they knew a tale of extreme lifestyles and unlikely friendships savage horrors and joyful awakenings Out of the shadows and the rubble a modern Britain emerged new industries were created and unprecedented opportunities arose for women Yet at the same time criminals thrived bringing uncertainty to the streets As the nation reinvented itself its people were pulled in every direction This is what it was really like The Secret History of the Blitz measures the true pulse of a blitzed nation revealing how this period of immense social and political change built the Britain we know today A first class portrait stuffed with memorable details SUNDAY TELEGRAPH A compelling reassessment of Britain's darkest hour Meticulously researched and written with great panache GILES MILTON **Children in the Holocaust and World War II** Laurel Holliday, 2014-02-04 Children in the Holocaust and World War II is an extraordinary unprecedented anthology of diaries written by children all across Nazi occupied Europe and in England Twenty three young people ages ten through eighteen recount in vivid detail the horrors they lived through As powerful as The Diary of Anne Frank and Zlata's Diary children's experiences are written with an unguarded eloquence that belies their years Some of the diarists include a Hungarian girl selected by Mengele to be put in a

line of prisoners who were tortured and murdered a Danish Christian boy executed by the Nazis for his partisan work and a twelve year old Dutch boy who lived through the Blitzkrieg in Rotterdam And many others These heartbreaking stories paint a harrowing picture of a genocide that will never be forgotten and a war that shaped many generations to follow All of their voices and visions ennoble us all Nineteen Weeks Norman Moss,2003 The whirl of events during the spring and summer of 1940 is boggling to contemplate the events in Europe had an immediate impact on the American political scene Nineteen Weeks recounts the epic tale of America and Britain confronting the great crush of history and raises important questions about the rise of America to a dominant role in global politics Photo insert *Why Do They Hate Me?* Laurel Holliday,1999 Shares the writings of children caught up in the Holocaust World War II the Arab Israeli conflicts and the Troubles in Northern Ireland *1940* Richard Collier,2022-03-24 The most shocking year in history Week by week hour by hour In his brilliant reconstruction Richard Collier vividly brings one of the most momentous years in world history to life once again This was a time of blitzkrieg and the Blitz of the Battle of Britain and Dunkirk From the fighting in Finland to the destruction of Coventry from the sinking of the French fleet in Oran to the invasion of Norway this is history at its most extraordinary and engaging By recounting major episodes from the viewpoint of those actually involved Collier provides enlightening glimpses of just what war represented to both the great and to the unknown and reveals that while 1940 was a year of incredible folly it was also a time of inestimable bravery Perfect for readers of Anthony Beevor and Max Hastings this is an unforgettable book about an unforgettable year a year that shaped the world we know today Masterly you could be reading a spine tingling thriller Sunday Express I would like to see this book made compulsory reading Evening Standard **Young Voices** Lyn Smith,2012-11-08 Lyn Smith s *Young Voices* is a poignant and compelling look at children s lives in Britain during the Second World War During the Second World War British children were spared the humiliation and fear of enemy occupation None the less they endured six years of increasing deprivation uprootings and long separations and many experienced both physical and psychological suffering They witnessed and endured intense air raids both by conventional bombing and by the new terror weapons of V1s and V2s Many were exposed to sights of injury death and destruction and at a very young age were forced to cope with the loss of friends and family at a time when counselling was unheard of For nearly thirty years Lyn Smith has been recording the experiences of those who were children during the war Through the richly diverse voices and writings of over one hundred contributors covering a wide geographical area that goes beyond the home front Lyn Smith has written a powerful oral history of the war as seen from a child s perspective What makes these accounts so compelling is that children s experiences have in their telling a particular immediacy a vivid and moving collection New Statesman Lyn Smith has worked regularly as an oral history interviewer for the Imperial War Museum s Sound Archive for nearly 30 years Using her own important contribution to the public archive she has researched and written several books including *Forgotten Voices of the Holocaust* and *Pacifists in Action* She is also a lecturer in International Politics and
