The Trouble with "Truth through Personality" Charles W. Fuller, 2010-04-05 In an era when the cult of personality has overtaken the task of preaching Charles W Fuller offers an engaging query into the necessary boundaries between the person of the preacher and the message preached By thoroughly evaluating Phillips Brooks s classic truth through personality definition of preaching Fuller brings to light a substantial error that remains in contemporary homiletics namely the tenuous correlation between Christ s incarnation and Christian preaching Ultimately Fuller asserts a sound evangelical framework for preaching on revelational ontological rhetorical and teleological grounds Preachers who desire to construct pulpit practice upon a robust evangelical foundation will benefit from Fuller s contribution

The Urban Pulpit Matthew Burton Bowman, 2014 Matthew Bowman explores the world of a neglected group of American Christians self identified liberal evangelicals who sought to reconcile traditional evangelical spirituality with progressive

While Mortals Sleep Robert D. Flanagan, 2025-06-05 America's nineteenth century preachers and religious leaders moved public sentiment and shaped the nation's moral character Equally influencing events were America's preachers and religious leaders who moved public sentiment and shaped the nation's moral character In that class of great religious figures is the Episcopal preacher and bishop Phillips Brooks The Boston Brahmin and Harvard University graduate rose to heights as an anti-slavery clergyman and indefatigable pastor to congregations in Philadelphia and Boston Yet his many achievements must be balanced against his youthful arrogance and his shrewdness This book examines the spiritual and moral character of Phillips Brooks 1835-1893 as evidenced through his life and ministry The volume's eight essays recognize the most recent academic contribution by Gillis J Harp *Brahmin Prophet Phillips Brooks and the Path of Liberal Protestantism* 2003 but move beyond it in several crucial ways This new work seeks to reevaluate Brooks considering the early twenty-first century social and racial conflicts and subsequent cultural soul searching The contributors portray Brooks as a man filled at times with hubris classism and prejudices and at other times with creative passion and pastoral concern for all peoples *While Mortals Sleep* focuses less on the external influences upon Brooks and more on his actions and works within his historical context The essays seek to show his legacy in a present-day light illustrating Brooks at his best and worst Religion, Art, and Money

Peter W. Williams, 2016-02-24 This cultural history of mainline Protestantism and American cities most notably New York City focuses on wealthy urban Episcopalians and the influential ways they used their money Peter W Williams argues that such Episcopalians many of them the country's most successful industrialists and financiers left a deep and lasting mark on American urban culture Their sense of public responsibility derived from a sacramental theology that gave credit to the material realm as a vehicle for religious experience and moral formation and they came to be distinguished by their participation in major aesthetic and social welfare endeavors Williams traces how the church helped transmit a European inflected artistic patronage that was adapted to the American scene by clergy and laity intent upon providing moral and aesthetic leadership for a society in flux Episcopalian influence is most visible today in the churches cathedrals and elite boarding schools that stand in many cities and other locations but Episcopalians also provided major support to the formation of stellar art collections the performing arts and the Arts and Crafts movement Williams argues that Episcopalians thus helped smooth the way for acceptance of materiality in religious culture in a previously iconoclastic Puritan-influenced society **Heaven in the American Imagination** Gary Scott Smith, 2011-06-01 Drawing on an astounding array of sources including works of art music sociology psychology folklore liturgy sermons poetry fiction and devotional books Smith paints a sweeping provocative portrait of what Americans from Jonathan Edwards to Mitch Albom have thought about heaven

Concepts of heaven he shows are ever-changing constantly adapting to the spirit of the age In the colonial era heaven focused primarily on the glory of God Today many see it as a celestial entertainment center or a paradise where everyone can

reach their full potential **Evangelicalism and Fundamentalism** Barry Hankins,2008-11 Evangelicalism and Fundamentalism is a collection of key primary readings tracing the history and development of this religious movement and its intersections with American life and politics spanning the late nineteenth century to the early twenty first century from publisher description **Called Out of Darkness Into Marvelous Light** Jeremy Bonner,2009-01-23 In the conflicted world that is today s Episcopal Church the diocese of Pittsburgh stands both as a symbol of dissent and schism to the liberal majority within the American Church and as a beacon of light and hope to conservative Anglicans across the United States Set in the unlikely surroundings of America s Rust Belt Pittsburgh s Episcopalians have over the past half century undergone a dramatic reordering of priorities to embrace a novel though hardly unprecedented vision of Anglican confessionalism Called out of Darkness into Marvelous Light traces the development of an Anglican presence in western Pennsylvania from the missionary activity of the late eighteenth century through the triumphs of post Civil War Anglo Catholicism and the first stirrings of the Social Gospel to the unprecedented religious revival of the 1950s Championed by such men as Bishop Austin Pardue and Samuel Moor Shoemaker the founder of the Pittsburgh Experiment a prayer centered spirituality developed in the Pittsburgh diocese and brought a generation of active evangelicals to the region during the 1960s and 1970s The founding of Trinity Episcopal School for Ministry in the mid 1970s consolidated the evangelical presence in the diocese and provoked a commitment to spiritual renewal that sat uneasily with many in the wider Episcopal Church Grounded in local research this study seeks to explore the process by which Pittsburgh acquired its present evangelical identity and to reveal the increasingly intricate web of relationships that it now enjoys beyond America s borders [Handbook of Contemporary Preaching, 2nd Edition](#) Michael Duduit,2024-07-15 The revised and updated 2nd edition of Handbook of Contemporary Preaching is a comprehensive textbook on preaching and teaching the Bible Pastors will be better equipped after reading and learning from some of the most notable scholars and pastors on the topic of preaching **The Oxford Handbook of the Bible in America** Paul C. Gutjahr,2017 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation s politics and foreign policy This Handbook brings together a number of

established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible's role in American cultural formation

Unholy Sensations Joshua Paddison, 2025 The true story of the first California cult scandal In 1891 a suffragist and social reformer named Alzire Chevallier launched a moral crusade to destroy Fountaingrove a utopian spiritualist community in northern California Chevallier accused the colony's leader the poet and prophet Thomas Lake Harris of perverting the teachings of the Bible to promote a new sexology that was worse than Mormonism She insisted that Harris used magical powers of hypnosis to take sexual and financial advantage of his followers turning them into a spiritual harem that practiced free love and other gross immoralities Media reports emphasized the presence of Japanese immigrant men at Fountaingrove raising racialized specters of miscegenation and moral contamination The international scandal full of the sorts of salacious details prized by newspaper editors at the dawn of the era of yellow journalism would last more than a decade establishing Harris as the prototype for a new type of public menace the California cult leader *Unholy Sensations* takes a close up look at the Fountaingrove scandal to examine religion gender sexuality and race in the Gilded Age from a fresh perspective By chronicling the life stories of the people swept up in the scandal *Unholy Sensations* reveals connections and tensions between a wide variety of nineteenth century religious and social groups including suffragists and spiritualists Christian Scientists and Theosophists journalists and politicians and Protestant ministers and urban reformers Together these disparate groups helped spark California's first cult scare demonizing Harris as the first but far from the last dangerous California cult leader By showing that the term cult has always been a marker of race sexuality and religion *Unholy Sensations* reveals the limits of American freedom and the centrality of religion to the policing of whiteness family and nation
