550 are included virtually all uncut and there are over a dozen published here for the first time in any language Although he corresponded throughout his life with some of the great performers composers musicologists writers scientists and artists of the day and although thousands of his letters have survived English readers have until now had scant opportunity to meet Brahms in person through his words and in his own voice The letters in this volume range from 1848 to just before his death They include most of Brahms's letters to Robert Schumann over a hundred letters to Clara Schumann and the complete Brahms-Wagner correspondence They are joined by a running commentary to form an absorbing narrative documented with scholarly care provided with comprehensive notes but written for the general music lover the result is a lively biography The work is generously illustrated and contains several detailed appendices and an index

**Performing Brahms** Michael Musgrave, Bernard D. Sherman, 2003-10-02 A great deal of evidence survives about how Brahms and his contemporaries performed his music But much of this evidence found in letters autograph scores treatises publications recordings and more has been hard to access both for musicians and for scholars This book brings the most important evidence together into one volume It also includes discussions by leading Brahms scholars of the many issues raised by the evidence The period spanned by the life of Brahms and the following generation saw a crucial transition in performance style As a result modern performance practices differ significantly from those of Brahms's time By exploring the musical styles and habits of Brahms's era this book will help musicians and scholars understand Brahms's music better and bring fresh ideas to present day performance The value of the book is greatly enhanced by the accompanying CD of historic recordings including a performance by Brahms himself

**Brahms gewidmet** Andrea Hammes, 2015 English summary This volume provides an extensive survey on a topic which has been largely neglected by musicological research until now The study analyses possible implications of a dedication of musical scores which composers used as a sophisticated approach to manipulate the reception of their work Furthermore the phenomenon of dedication is put into context with social and musical life during the second half of the 19th century taking into account current academic research on Johannes Brahms as well Between 1853 and 1902 Brahms received almost 100 dedications of musical scores from renowned friends such as Robert and Clara Schumann or Joseph Joachim as well as from composers unknown today who hoped to benefit from the radiance of their prominent dedicatee Biographical studies retrace the relations between the dedicators and Brahms to describe and explain the different ways a dedication was used to contact a prominent contemporary and respectively extend the personal and professional network Analytical observations of selected works trace features of a specific Brahms reception in the dedicated musical scores and complete the study German description Etwa 100 Werke wurden Johannes Brahms von 1853 1902 zugeeignet darunter Kompositionen von berühmten Zeitgenossen wie Robert und Clara Schumann oder Max Bruch Die Zueignung hatte im Kontext der zweiten Hälfte des 19. Jahrhunderts grosse ideelle Bedeutung und konnte unterschiedlichste Motivationen haben Ist einerseits die freundschaftliche Geste der Ausdruck der Verehrung oder der Dankbarkeit entscheidend können andererseits auch strategische Überlegungen z. B. zur Netzwerkerweiterung oder zur Förderung der eigenen Karriere zugrunde liegen Die sich bereits im Widmungstext andeutenden Verbindungen zum Widmungsadressaten spiegeln sich auf verschiedenen Reflexionsebenen auch im Notentext Dieser wird damit zum Zeugnis der Brahms-Rezeption der komponierenden Zeitgenossen

die fruchtbare Rivalität zum 20 Jahre älteren Wagner findet darin deutlichen Ausdruck Auch Brahms Kompositionskunst zielt auf ein musikalisches Sprechen und Bedeuten doch geht sie in der Art wie sie ihre Botschaft formuliert über Wagner hinaus Herzstück der Untersuchung ist eine Ton Konstellation die in artistischer Weise die Musik der Symphonien durchwirkt Das Buch macht die Kunst der Anspielungen und geheimen Botschaften plastisch und kommt neben Bach und Wagner schließlich zu einem weiteren Fixstern Mozart      **The National Union Catalog** ,1963      **Katalog ...** Leo Liepmannssohn,1893      6
