## **Broadway Babies:**

**Broadway Babies** Ethan Mordden, 1988 *Broadway Babies* spotlights the men and women who made a difference in the development of American musical comedy While theatrical historians traditionally have emphasized the role of the authors of musicals Mordden also examines the personal styles of the directors choreographers and producers in order to demonstrate not only what the musical became but what it was Stephen Sondheim Joanne Gordon, 2014-04-23 Stephen Sondheim is an artist with many contradictory facets he is an avant garde composer and lyricist working in the populist art form an apparently dry and acerbic critic who captures all the ambivalent pain of passion an intellectual whose work contains some of the funniest bawdy lines on the Broadway stage He has chosen to confront an audience that is usually looking for escapist literature with the very issues it has fled to the theatre to avoid This collection of original essays takes particular pains to present Sondheim s diversity in a chronological plan that illustrates how each new work grew out of the previous one Some of the topics covered are the evolution of Sondheim s female characters who take us far beyond the usual sweet ingenues the Roman farce antecedents of *A Funny Thing Happened on the Way to the Forum* and the resemblances between Sondheim s chorus and the chorus in ancient Greek drama Sondheim and the concept musical and Sondheim s maturing philosophy All students of the modern theatre and the modern musical will want to read this book **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1957 **Broadway Babies Say Goodnight** Mark Steyn, 2014-07-10 The glorious tradition of the Broadway musical from Irving Berlin to Jerome Kern and Rodgers and Hammerstein to Stephen Sondheim And then *Cats* and *Les Miz* Mark Steyn s *Broadway Babies Say Goodnight* is a sharp eyed view of the whole span of Broadway musical history seven decades of brilliant achievements the best of which are among the finest works American artists have made *Show Boat* *Oklahoma* *Carousel* *Gypsy* and more In an energetic blend of musical history analysis and backstage chat Mark Steyn shows us the genius behind the simple musical and asks hard questions about the British invasion of Broadway and the future of the form In this delicious book he gives us geniuses and monsters hits and atomic bombs and the wonderful stories that prove show business is a business which as the song goes there s no business like **Music** Library of Congress. Copyright Office, 1954 **Vaudeville old & new** Frank Cullen, Florence Hackman, Donald McNeilly, 2007 **Outlook** Alfred Emanuel Smith, Francis Walton, 1881 **Loverly** Dominic McHugh, 2012-07-09 This text considers one of the most popular musicals of all time Lerner and Loewe s *My Fair Lady* Using previously unpublished letters and documents author Dominic McHugh presents a behind the scenes look at the creation of the show revealing the tensions that went into the making of this beloved musical *The American Musical and the Performance of Personal Identity* Raymond Knapp, 2010-06-21 The American musical has long provided an important vehicle through which writers performers and audiences reimagine who they are and how they might best interact with the world around them Musicals are especially good at this because they provide not only an opportunity for us to enact dramatic versions of alternative identities but also

the material for performing such alternatives in the real world through songs and the characters and attitudes those songs project This book addresses a variety of specific themes in musicals that serve this general function fairy tale and fantasy idealism and inspiration gender and sexuality and relationships among others It also considers three overlapping genres that are central in quite different ways to the projection of personal identity operetta movie musicals and operatic musicals Among the musicals discussed are Camelot Candide Chicago Company Evita Gypsy Into the Woods Kiss Me Kate A Little Night Music Man of La Mancha Meet Me in St Louis The Merry Widow Moulin Rouge My Fair Lady Passion The Rocky Horror Picture Show Singin in the Rain Stormy Weather Sweeney Todd and The Wizard of Oz Complementing the author's earlier work *The American Musical and the Formation of National Identity* this book completes a two volume thematic history of the genre designed for general audiences and specialists alike

*A Song in the Dark* Richard Barrios, 1995 Chronicling the early musical film years from 1926 to 1934 *A Song in the Dark* offers a fascinating look at these innovative films the product of much of the major experimentation that went on during the development of sound technology The triumphs disasters and offscreen intrigue of this era form a remarkable story of this vital and unique film history

*The Most Typical Avant-Garde* David James, 2005-05-30 Los Angeles has nourished a dazzling array of independent cinemas avant garde and art cinema ethnic and industrial films pornography documentaries and many other far flung corners of film culture This glorious panoramic history of film production outside the commercial studio system reconfigures Los Angeles rather than New York as the true center of avant garde cinema in the United States As he brilliantly delineates the cultural perimeter of the film business from the earliest days of cinema to the contemporary scene David James argues that avant garde and minority filmmaking in Los Angeles has in fact been the prototypical attempt to create emancipatory and progressive culture Drawing from urban history and geography local news reporting and a wide range of film criticism James gives astute analyzes of scores of films many of which are to found only in archives He also looks at some of the most innovative moments in Hollywood revealing the full extent of the cross fertilization that occurred between the studio system and films created outside it Throughout he demonstrates that Los Angeles has been in the aesthetic and social vanguard in all cinematic periods from the Socialist cinemas of the early teens and 1930s to the personal cinemas of psychic self investigation in the 1940s to attempts in the 1960s to revitalize the industry with the counterculture's utopian visions and to the 1970s when African Americans Asian Americans Latinos women gays and lesbians worked to create cinemas of their own James takes us up to the 1990s and beyond to explore new forms of art cinema that are now transforming the representation of Southern California's geography
