Albert E. Dien,Jeffrey K. Riegel,Nancy Thompson Price,1985 **Broken to Restore** Débora Felinger,2020-06-25 Broken to Restore is a book designed for anyone men women adults young people teenagers and the elderly In life we go through many stages but we come to certain moments that we particularly feel we broke we feel completely broken That's when we need to understand that we're still vessels in the hands of the potter par excellence and being there we're restored This process is allowed in your life to be perfected but above all so that you can help restore those around you This is like pearls these are formed in a very particular way Pearl is the product of pain the result of the entry of a foreign or undesirable substance into the oyster such as a parasite or a grain of sand The inside of an oyster shell contains a lustrous substance called mother of pearl When a grain of sand penetrates mother of pearl cells begin to work and cover the grain of sand with layers and more layers to protect the helpless body of the oyster As a result the cute pearl is formed An oyster that has not been injured in some way does not produce pearls because the pearl is a scared wound You and I cannot avoid being hurt in some way but we can choose what to do with those wounds My desire is that you turn each wound into something as valuable as a pearl or even more As you progress through this book you will understand four points that God taught me strongly away from my country and therefore away from my comfort zone and that will help you whether you are a recent Christian a veteran or you are not
