

Best When Broken

**Back arching like a tree branch,
Take me and break me
As if snapping twigs with your hands.**

**Body brittle like a china doll,
Rip me and chip me
And watch me shine through the cracks.**

**Skin white like a new pearl,
Save me, engrave me
With your teeth, your fingers.**

**I want to be broken just so you can put me back together.
Fix me,
Love me,
Claim me as yours.**

Shelley's Broken World Bysshe Inigo Coffey, 2021 Shelley's Broken World aims to transform the philosophical scientific and aesthetic contexts in which Shelley is positioned It is the first study to refer to and include images of the unpublished Marlow List a record of the books Shelley left behind him on his departure for Italy in 1818 The book represents an exciting new departure in the study of a major Romantic poet *Hart Crane's Poetry* John T. Irwin long a passionate and brilliant critic of Crane gives readers the first major interpretation of the poet's work in decades Irwin aims to show that Hart Crane's epic *The Bridge* is the best twentieth century long poem in English Irwin convincingly argues that compared to other long poems of the century *The Bridge* is the richest and most wide ranging in its mythic and historical resonances the most inventive in its combination of literary and visual structures the most subtle and compelling in its psychological underpinnings Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work from art history to biography to classical literature to philosophy revealing *The Bridge* to be the near perfect synthesis of American myth and history that Crane intended Irwin contends that the most successful entryway to Crane's notoriously difficult shorter poems is through a close reading of *The Bridge* Having admirably accomplished this Irwin analyzes Crane's poems in *White Buildings* and his last poem *The Broken Tower* through the larger context of his epic showing how Crane in the best of these worked out the structures and images that were fully developed in *The Bridge* Thoughtful deliberate and extraordinarily learned this is the most complete and careful reading of Crane's poetry available Hart Crane may have lived in Cleveland Ohio but as Irwin masterfully shows his poems stand among the greatest written in the English language *A Word to a Fractured Church and a Broken World* Thomas H. Poetry of the First World War Tim Kendall,2013-10-10 The First World War produced an extraordinary flowering of poetic talent poets whose words commemorate the conflict more personally and as enduringly as monuments in stone Lines such as What passing bells for these who die as cattle and They shall not grow old as they that are left grow old have come to express the feelings of a nation about the horrors and aftermath of war This new anthology provides a definitive record of the achievements of the Great War poets As well as offering generous selections from the celebrated soldier poets including Wilfred Owen Siegfried Sassoon Rupert Brooke and Ivor Gurney it also incorporates less well known writing by civilian and women poets Music hall and trench songs provide a further lyrical perspective on the War A general introduction charts the history of the war poets reception and challenges prevailing myths about the war poets progress from idealism to bitterness The work of each poet is prefaced with a biographical account that sets the poems in their historical context Although the War has now passed out of living memory its haunting of our language and culture has not been exorcised Its poetry survives because it continues to speak to and about us

Poetry and Theology in the Modernist Period Anthony Domestico,2017-10-17 What if the religious themes and allusions in modernist poetry are not just metaphors Following the religious turn in other disciplines

literary critics have emphasized how modernists like Woolf and Joyce were haunted by Christianity's cultural traces despite their own lack of belief. In *Poetry and Theology in the Modernist Period* Anthony Domestico takes a different tack arguing that modern poets such as T. S. Eliot, W. H. Auden and David Jones were interested not just in the aesthetic or social implications of religious experience but also in the philosophically rigorous dogmatic vision put forward by contemporary theology. These poets took seriously the truth claims of Christian theology for them religion involved intellectual and emotional assent, doctrinal articulation and ritual practice. Domestico reveals how an important strand of modern poetry actually understood itself in and through the central theological questions of the modernist era: What is transcendence and how can we think and write about it? What is the sacramental act and how does its wedding of the immanent and the transcendent inform the poetic act? How can we relate *kairos* (holy time) to *chronos* (clock time)? Seeking answers to these complex questions Domestico examines both modernist institutions, the Criterion, and specific works of modern poetry, Eliot's *Four Quartets* and Jones's *The Anathemata*. The book also traces the contours of what it dubs theological modernism, a body of poetry that is both theological and modernist. In doing so this book offers a new literary history of the modernist period, one that attends both to the material circulation of texts and to the broader intellectual currents of the time. *The Creative Crone* Sylvia Henneberg, 2010 Henneberg shows how these writers offer radically different but richly complementary strategies for breaking the silence surrounding age. Rich provides an approach to aging so strongly intertwined with other political issues that its complexity may keep us from immediately identifying age as one of her chief concerns. On the other hand Sarton's direct treatment of aging sensitizes us to its importance and helps us see its significance in such writings as Rich's *Meanwhile*. Rich's efforts to politicize age create stimulating contexts for Sarton's work. Henneberg explores elements of these writers' individual poems that develop themes of aging, including imagery and symbol, the construction of a persona and the uses of rhythms to reinforce the themes. She also includes analyses of their fiction and nonfiction works and draws ideas from age studies by scholars such as Margaret Morganroth Gullette, Kathleen Woodward and Thomas Cole. From publisher description **How to Write Modern Poetry** Geoff Tims, 2004-11 Modern poetry has a way of putting feelings into words in a way that no other medium can. Geoff Tims' guide makes writing bad poetry almost impossible. *Derek Jarman and Lyric Film* Steven Dillon, 2004-04-01 Derek Jarman was the most important independent filmmaker in England during the 1980s. Using emblems and symbols in associative contexts rather than conventional cause and effect narrative, he created films noteworthy for their lyricism and poetic feeling and for their exploration of the gay experience. His style of filmmaking also links Jarman with other prominent directors of lyric film, including Pier Paolo Pasolini, Andrei Tarkovsky, Jean Cocteau and Jean Genet. This pathfinding book places Derek Jarman in the tradition of lyric film and offers incisive readings of all eleven of his feature length films, from *Sebastiane* to *Blue*. Steven Dillon looks at Jarman and other directors working in a similar vein to establish how lyric films are composed through the use of visual imagery and actual poetry. He then traces

Jarman's use of imagery notably mirrors and the sea in his films and discusses in detail the relationship between cinematic representations and sexual identity. This insightful reading of Jarman's work helps us better understand how films such as *The Last of England* and *The Garden* can be said to cohere and mean without being reduced to clear messages. Above all, Dillon's book reveals how truly beautiful and brilliant Jarman's movies are.

The Oxford History of Poetry in English Catherine Bates, Patrick Cheney, 2022-03-31 The Oxford History of Poetry in English is designed to offer a fresh multi-voiced and comprehensive analysis of poetry from Anglo-Saxon culture through contemporary British, Irish, American, and Global culture, including English, Scottish, and Welsh poetry, Anglo-American colonial and post-colonial poetry, and poetry in Canada, Australia, New Zealand, the Caribbean, India, Africa, Asia, and other international locales. The series both synthesises existing scholarship and presents cutting-edge research, employing a global team of expert contributors for each of the volumes. Sixteenth-Century British Poetry features a history of the birth moment of modern English poetry in greater detail than previous studies. It examines the literary transitions, institutional contexts, artistic practices, and literary genres within which poets compose their works. Each chapter combines an orientation to its topic and a contribution to the field. Specifically, the volume introduces a narrative about the advent of modern English poetry from Skelton to Spenser, attending to the events that underwrite the poets' achievements: Humanism, Reformation, monarchism, and republicanism; colonization; print and manuscript; theatre, science, and companionate marriage. Featured are metre and form, figuration and allusiveness, and literary career, as well as a wide range of poets from Wyatt, Surrey, and Isabella Whitney to Raleigh, Drayton, and Mary Herbert. Major works discussed include Sidney's *Astrophil and Stella*, Spenser's *Faerie Queene*, Marlowe's *Hero and Leander*, and Shakespeare's *Sonnets*.

The Art of Preaching Old Testament Poetry Steven D. Mathewson, 2024-11-05 Preachers often struggle with preaching Old Testament poetry. They are uncertain how to preach the highly emotive poems in Psalms, the one-liners in Proverbs, the tedious conversations in Job, the esoteric observations about life in Ecclesiastes, and the confusing love poems in the Song of Songs. Here, leading pastor-theologian Steven Mathewson instructs and inspires preachers to preach some of the most challenging and some of the richest material in the Old Testament. This companion to his successful *The Art of Preaching Old Testament Narrative* guides readers through preaching the oft-neglected Old Testament poetic books. Mathewson introduces foundational issues and offers basic methodology and preaching strategies that are faithful to the text and sensitive to its listeners. Highlighting Mathewson's skill at bringing the riches of the Old Testament to bear on the life of the church, this book makes scholarship on the poetic books accessible for pastors and pastors in training. It also includes sample sermons.
