Brother Against Brother The War Begins:

Brother Against Brother Time-Life Books, 1984-04 Forward to Richmond William C. Davis, 1983 **Brother Against Brother** Ehud Sprinzak, 1999 In this groundbreaking and controversial study of the rising tide of militancy in Israel Ehud Sprinzak lays bare the historical roots of violence in Israeli domestic politics examining the effects such militancy has had on the nation's civic culture He traces the origins of the extremist thread to the era of the founding of the Jewish state and shows how it has grown increasingly malignant in the past decade culminating in the 1995 assassination of Prime Minister Yitzhak Rabin **BROTHER AGAINST BROTHER** takes the reader through the critical turning points in Israeli political history and introduces us to the leaders whose careers were baptized by blood Through his exploration of the disputes between David Ben Gurion's Labour Movement and Menachem Begin's Irgun movement Sprinzak argues that their legacy of conflict provided the inspiration for such agitators as Meir Kahane and the Orthodox radicals behind the Hebron massacre of 1994 and Rabin's assassination Despite Sprinzak's disturbing accounts of violence he remains optimistic that when peace between Israeli's and Arabs is reached and the great debate about borders of the nation is finally laid to rest Israeli political violence will decline dramatically **BROTHER AGAINST BROTHER** provides an incisive and extensively researched historical perspective on Israeli politics and opens a new chapter in our understanding of one of the world's most fascinating nations

Lincoln and the Republican Party Create the Civil War? Robert P. The Beginning of Wisdom Leon Kass,2003-05-20 Imagine that you could really understand the Bible that you could read analyze and discuss the book of Genesis not as a compositional mystery a cultural relic or a linguistic puzzle palace or even as religious doctrine but as a philosophical classic precisely in the same

way that a truth seeking reader would study Plato or Nietzsche Imagine that you could be led in your study by one of America's preeminent intellectuals and that he would help you to an understanding of the book that is deeper than you'd ever dreamed possible that he would reveal line by line verse by verse the incredible riches of this illuminating text one of the very few that actually deserve to be called seminal Imagine that you could get from Genesis the beginning of wisdom The Beginning of Wisdom is a hugely learned book that like Genesis itself falls naturally into two sections The first shows how the universal history described in the first eleven chapters of Genesis from creation to the tower of Babel conveys in the words of Leon Kass a coherent anthropology a general teaching about human nature that rivals anything produced by the great philosophers Serving also as a mirror for the reader's self discovery these stories offer profound insights into the problematic character of human reason speech freedom sexual desire the love of the beautiful pride shame anger guilt and death Something as seemingly innocuous as the monotonous recounting of the ten generations from Adam to Noah yields a powerful lesson in the way in which humanity encounters its own mortality In the story of the tower of Babel are deep understandings of the ambiguous power of speech reason and the arts the hazards of unity and aloneness the meaning of the city and its quest for self sufficiency and man's desire for fame immortality and apotheosis and the disasters these necessarily cause Against this background of human failure Part Two of The Beginning of Wisdom explores the struggles to launch a new human way informed by the special Abrahamic covenant with the divine that might address the problems and avoid the disasters of humankind's natural propensities Close eloquent and brilliant readings of the lives and educations of Abraham Isaac Jacob and Jacob's sons reveal eternal wisdom about marriage parenting brotherhood education justice political and moral leadership and of course the ultimate question How to live a good life Connecting the two parts is the book's overarching philosophical and pedagogical structure how understanding the dangers and accepting the limits of human powers can open the door to a superior way of life not only for a solitary man of virtue but for an entire community a life devoted to righteousness and holiness This extraordinary book finally shows Genesis as a coherent whole beginning with the creation of the natural world and ending with the creation of a nation that hearkens to the awe inspiring summons to godliness A unique and ambitious commentary a remarkably readable literary exegesis and philosophical companion The Beginning of Wisdom is one of the most important books in decades on perhaps the most important and surely the most frequently read book of all time

Jewish State, Pariah Nation Jerold S. Auerbach, 2014-04-06 Jewish statehood was restored in 1948 amid a struggle over legitimacy that has persisted in Israel ever since Who rules Who decides Antagonism between the political left and right erupted into bloody violence over the Altalena Secular religious discord even made defining who is a Jew in a Jewish state contentious After the Six Day War the return of religious Zionist settlers to biblical Judea and Samaria reframed the struggle over legitimacy Who decides where in the Land of Israel Jews may live settlers and rabbis or the government Israel's invasion of Lebanon in 1982 provoked the first significant eruption of military disobedience

undermining the authority of the Israel Defense Forces with competing claims of personal conscience Ever since the United Nations declared Zionism to be a form of racism Israel has confronted an escalating international assault on its legitimacy In political academic media and cultural circles it has been demonized as an apartheid even Nazi state that much of the world despises These conflicts are explored in this illuminating study of the dilemmas of legitimacy in the world s only Jewish state and most reviled pariah nation A new addition to the Contemporary Society Series from Quid Pro Books Fighting for the Confederacy Gary W. Gallagher,2000-11-09 Originally published by UNC Press in 1989 Fighting for the Confederacy is one of the richest personal accounts in all of the vast literature on the Civil War Alexander was involved in nearly all of the great battles of the East from First Manassas through Appomattox and his duties brought him into frequent contact with most of the high command of the Army of Northern Virginia including Robert E Lee Stonewall Jackson and James Longstreet No other Civil War veteran of his stature matched Alexander s ability to discuss operations in penetrating detail this is especially true of his description of Gettysburg His narrative is also remarkable for its utterly candid appraisals of leaders on both sides
