Lane, 1850** Samuel A. Lane, 1984 Overland diary of Samuel A Lane from Summit County Ohio to the gold fields of California in 1850 Eye of the Blackbird Holly L. Skinner, 2001 From California to the Klondike prospector Holly Skinner follows a trail of gold across the nineteenth century American West Living in a ghost town on Wyoming's South Pass she steps back into a world where gold ruled the passions of those who pursued it and changed the shape of the nation that found it In a style reminiscent of John McPhee Skinner weaves the story of her own solitudinous search for the precious metal into her accounts of the gold rushes that so dramatically accelerated the westward movement **After the Gold Rush** Ralph Mann, 1982 A Stanford University Press classic This book is a study of the two largest California gold mining towns Grass Valley and Nevada City from 1849 to 1870 This is an analysis of mining towns based on the premise that Western American history is largely an urban history and the aftermath of the Gold Rush of 1849 offers a unique opportunity to investigate the rapid development of town society **Blacks in Gold Rush California** Rudolph M. Lapp, 1977-01-01 Examines the lives of the thousands of free blacks and slaves who migrated to the California gold fields after 1848 and studies their relationships with other minorities and with whites **Rooted in Barbarous Soil** Kevin Starr, Richard J. California Gold Camps Erwin G. Gudde, 2009-04 Many books have been written about the California Gold Rush but a geographical historical dictionary has long been lacking With the publication of California Gold Camps a monumental project has been completed California Gold Camps is a basic reference that will be indispensable to the historian the geographer and to the general reader interested in California's colorful past Hard Road West Keith Heyer Meldahl, 2020-03-04 The dramatic journeys of the 19th century Gold Rush come to life in this geologist's tour of the American West and the events that shaped the land In 1848 news of the discovery of gold in California triggered an enormous wave of emigration toward the Pacific The dramatic terrain these settlers crossed is so familiar to us now that it is hard to imagine how frightening even godforsaken its sheer rock faces and barren deserts once seemed to them Hard Road West brings their perspective vividly to life weaving together the epic overland journey of the covered wagon trains and the compelling story of the landscape they encountered Taking readers along the 2 000 mile California Trail Keith Meldahl uses settler's diaries and letters as well as his own experiences on the trail to reveal how the geology and geography of the West shaped our nation's westward expansion He guides us through a landscape of sawtooth mountains following the meager streams that served as lifelines through an arid land all the way to California itself where colliding tectonic plates created breathtaking scenery and planted the gold that lured travelers west in the first place Alternates seamlessly between vivid accounts of the 19th century journey and lucid explanations of the geological events that shaped the landscape traveled Library Journal **The World Rushed In** J. S. Holliday, 2015-03-16 When The World Rushed In was first published in 1981 the Washington Post predicted It seems unlikely that anyone will write a more comprehensive book about the Gold Rush Twenty years later no one has emerged to contradict that judgment and the book has gained recognition as a classic As the San Francisco Examiner noted It is not often that a work of history can be said to supplant every book on the same subject that has gone before it Through the diary and letters of William Swain augmented by interpolations from more than five hundred other gold seekers and by letters sent to Swain from his wife and brother back home the complete cycle of the gold rush is recreated the overland migration of over thirty thousand men the struggle to strike it rich in the mining camps of the Sierra Nevadas and the return home through the jungles of the Isthmus of Panama In a new preface the author reappraises our continuing fascination with the gold rush experience as a defining epoch in western indeed American history **Emigrant Trails of Southeastern Idaho** United States. Bureau of Land Management, 1976 Spreading the Word Richard Thomas Stillson, 2006-01-01 A study of the ways in which Americans from the east who traveled to the gold country of California in 1849/1851 obtained and used information

With Golden Visions Bright Before Them Will Bagley, 2012-10-01 During the mid nineteenth century a quarter of a million travelers men women and children followed the road across the plains to gold rush California This magnificent chronicle the second installment of Will Bagley's sweeping Overland West series captures the danger excitement and heartbreak of America's first great rush for riches and its enduring consequences With narrative scope and detail unmatched

by earlier histories With *Golden Visions Bright Before Them* retells this classic American saga through the voices of the people whose eyewitness testimonies vividly evoke the most dramatic era of westward migration Traditional histories of the overland roads paint the gold rush migration as a heroic epic of progress that opened new lands and a continental treasure house for the advancement of civilization Yet according to Bagley the transformation of the American West during this period is more complex and contentious than legend pretends The gold rush epoch witnessed untold suffering and sacrifice and the trails and their trials were enough to make many people turn back For America's Native peoples the effect of the massive migration was no less than ruinous The impact that tens of thousands of intruders had on Native peoples and their homelands is at the center of this story not on its margins Beautifully written and richly illustrated with photographs and maps With *Golden Visions Bright Before Them* continues the saga that began with Bagley's highly acclaimed award winning *So Rugged and Mountainous Blazing the Trails to Oregon and California 1812-1848* hailed by critics as a classic of western history ***Annals of Wyoming***, 1976 ***Emigrant Trails West*** Devere Helfrich, 1991 *Literature of Travel and Exploration* Jennifer Speake, 2014-05-12 Containing more than 600 entries this valuable resource presents all aspects of travel writing There are entries on places and routes Afghanistan Black Sea Egypt Gobi Desert Hawaii Himalayas Italy Northwest Passage Samarkand Silk Route Timbuktu writers Isabella Bird Ibn Battuta Bruce Chatwin Gustave Flaubert Mary Kingsley Walter Raleigh Wilfrid Thesiger methods of transport and types of journey balloon camel grand tour hunting and big game expeditions pilgrimage space travel and exploration genres buccaneer narratives guidebooks New World chronicles postcards companies and societies East India Company Royal Geographical Society Society of Dilettanti and issues and themes censorship exile orientalism and tourism For a full list of entries and contributors a generous selection of sample entries and more visit the *Literature of Travel and Exploration* An Encyclopedia website *Gold Rush Diary* Thomas D. Clark, 2021-11-21 Among the hundreds captivated by the vision of quick riches in the gold fields of California was Elisha Douglass Perkins a tall handsome youth from Marietta Ohio who has here left a remarkable first hand account of the great trek westward in 1849 Perkins diary is an unusually full and intimate record of crossing the plains and mountains of the Great West Extensive notes supplement the text associating it with numerous other published and unpublished accounts while an appendix of reports and letters from the Marietta newspaper reveals the involvement of those at home with the Gold Rush An annotated map shows Perkins progress along the Overland Trail
