Distaff Civil War:

The Distaff Civil War Robert E. Denney, 2002-02 THE DISTAFF CIVIL WAR is an accounting of but a few of the women who lived during the period of the American Civil War and contended with the many problems North and South Some of these problems would seem trivial in our day but in the mid 19th Century they were almost unsurmountable The book covers the lives of a diverse number of women who coped with major problems both physical and emotional and survived with dignity and bravery The book provides a chronological narrative of letters and other documents created by these heroic women during the four years of the Civil War Many of these women were unsung in their time and are little known today With their accounts a background is provided of the overall aspect of the war at that period of time which shows the influences of outside forces which affect their actions be it battle blockade or material shortages The protagonists include a South Carolinian desperate to serve the Confederacy as a nurse a young Georgian woman who spends the war as a tutor on a southern plantation coping with shortages caused by the blockade a Maine woman with extensive experience in teaching who becomes a hospital matron in Virginia a woman from Illinois who devotes nearly four years of her life to serve as nurse surrogate Mother and organizer in a grand style for the Union army women who are driven from their homes in Missouri former slaves who recall their experiences during slavery prostitutes who are exiled from Nashville women who take on the farm work after their men are gone to war and a myriad of other characters The common thread throughout their stories is DUTY Their common goal is to SERVE The rewards for their service and dedication is the grateful THANKS of thousands of veterans who survived because of their efforts *Confederate Heroines* Thomas P. Lowry, 2006-10-01 Mother Bonnie Davies, 2024-02-22 Everyone knows the battles of the Civil War with their generals and their soldiers But few people living today know the story of Mary Mother Bickerdyke a hero in her time Mother The Life of Mary Bickerdyke is the story of a woman who revolutionized the healing process Mary travelled the width and breadth of America working in hospitals asylums prisons missions houses of the poor and at many a battlefield She is most often recognized for her work during the American Civil War but her loving toil occurred throughout her long life Mary helped soldiers and generals paupers and farmers orphans and amputees She loved her country and its people and gave up a life of ease to care for others As Mary Livermore once wrote the good woman lived a grand good life packed with noble deeds wrought for others Now her astounding history has been captured for the modern reader in Mother The Life of Mary Bickerdyke **Gender and the Sectional Conflict** Nina Silber, 2015-12-01 In an insightful exploration of gender relations during the Civil War Nina Silber compares broad ideological constructions of masculinity and femininity among Northerners and Southerners She argues that attitudes about gender shaped the experiences of the Civil War s participants including how soldiers and their female kin thought about their causes and obligations in wartime Despite important similarities says Silber differing gender ideologies shaped the way each side viewed participated in and remembered the war Silber finds that rhetoric on both sides connected

soldiers reasons for fighting to the women left at home Consequently although in different ways women on both sides took up new roles to advance the wartime agenda At the same time both Northern and Southern women were accused of waning patriotism as the war dragged on but their responses to such charges differed Finally noting that our postwar memories are often dominated by images of Southern belles Silber considers why Northern women despite their heroic contributions to the Union cause have faded from Civil War memory Silber s investigation offers a new understanding of how Unionists and Confederates perceived their reasons for fighting of the new attitudes and experiences that women black and white on both sides took up and of the very different ways that Northern and Southern women were remembered after the war ended

Poet of the Lost Cause Donald Robert Beagle, Bryan Albin Gienza, 2008 The result of meticulous scholarship and decades of careful collecting to create a body of reliable information this definitive full length biography of the enigmatic Confederate poet presents a close examination of the man behind the myth and separates Lost Cause legend from fact Jacket *The Paradox of Progress* Martin J. Hershock, 2003 Martin Hershock traces the ways in which all classes in the state of Michigan found themselves simultaneously attracted to the enticements of the new world of the market and repulsed by its excess and instability The Paradox of Progress is a study of Michigan history and politics as well as an analysis of the factors underlying the history of the GOP and its evolution from the party that supported the antislavery movement free soil free labor and Lincoln the Rail Splitter into the party of Mark Hanna J P Morgan and William McKinley BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Rising in Flames** J. D Dickey, 2018-06-05 America in the antebellum years was a deeply troubled country divided by partisan gridlock and ideological warfare angry voices in the streets and the statehouses furious clashes over race and immigration and a growing chasm between immense wealth and desperate poverty The Civil War that followed brought America to the brink of self destruction But it also created a new country from the ruins of the old one bolder and stronger than ever No event in the war was more destructive or more important than William Sherman s legendary march through Georgia crippling the heart of the South s economy freeing thousands of slaves and marking the beginning of a new era This invasion not only quelled the Confederate forces but transformed America forcing it to reckon with a century of injustice Dickey reveals the story of women actively involved in the military campaign and later in civilian networks African Americans took active roles as soldiers builders and activists Rich with despair and hope brutality and compassion Rising in Flames tells the dramatic story of the Union s invasion of the Confederacy and how this colossal struggle helped create a new nation from the embers of the Old South *Louis Trezevant Wigfall* Edward S. Cooper, 2012-08-31 Louis Trezevant Wigfall was a violent mercurial man He participated in multiple duels wounding one opponent and killing another In an outburst on the floor of the U S Senate Wigfall called upon a Brutus to assassinate Texas governor Sam Houston During the bombardment of Fort Sumter in 1861 Wigfall rowed out to the fort and arranged its surrender While still in the U S Senate Wigfall committed treason by operating a station to recruit soldiers for

the Confederacy by supplying arms to seceded states and by forwarding information on Union decisions and movements Wigfall's oratorical skills convinced Southern ruling classes there was nothing to fear by seceding He assured them that the North would not fight that they could not blockade southern ports that Europe needed Southern cotton and that England would aid the Confederacy Wigfall was able to convince Southern states to secede In this succinct biography of Wigfall Edward S Cooper discusses how this violent and mercurial man contributed to the disintegration of the Union and why he was a primary factor in the collapse of the Confederacy *Michigan History* George Newman Fuller, Lewis Beeson, 1965
