"Distribute Books, Distribute Books, Distribute Books!" Satsvarūpa Dāsa Gosvāmī, 1982 **The Future of New Religious Movements** David G. Bromley, Phillip E. Hammond, New Ecumenical Research Association (Unification Theological Seminary), 1987 *Forms of Krishna* Steven Rosen, 2023-03-15 Scholars of religion and seekers in general will find *Forms of Krishna* Collected Essays on Vaishnava Murtis to be an informative introduction to Indic philosophy and Vaishnava history particularly in terms of Krishna's form and the underlying theological and scriptural background for the worship of his iconic image. For those who are already so informed many details of Krishna and his worship are unveiled for the first time at least in the English language and this is especially so for the much beloved icons explored in these pages whose full story may be hard to find even in Sanskrit and Bengali literature. Just as Krishna's form and its many variants are central to Gauḍīya Vaishnava thought the entire philosophy of Indian spirituality including yoga and meditation can be understood through these forms in both direct and indirect ways. Steven J. Rosen, well known in the field as founding editor of the *Journal of Vaishnava Studies*, brings his vast learning to bear as readers are brought into the esoteric world of Vaishnavism.
