Divination And Oracles:

Oracles and Divination Michael Loewe, Carmen Blacker, 1981 **Divination and Oracles** Michael Loewe, Carmen Blacker, 2021-12-30 First published in 1981 Divination and Oracles analyses the religious practices of the ancient world as they have been witnessed from Scandinavia to Tibet and Japan from the third millennium BC until the present day Divination and the consultation of oracles formed part of the religious practice of the ancient world and are part of the living folklore of the contemporary societies They are subjects that are of immediate concern to anthropologists and not infrequently to the historians of early science Written by the specialists in the early history of European and Asian Civilisations the chapters call on the evidence of the written word of history and the surviving artefacts and inscriptions of archaeology They describe the different methods that have been adopted and examine the types of question that feature in man's attempt to seek guidance from other powers The contributions show how an appeal to the irrational can affect the decision of prophet or statesman or the way of life of farmer or sailor and how such an appeal can also stimulate scientific enquiry into the cycles of nature This book is a must read for scholars and researchers of religion comparative religion and ancient history **Divination and Oracles** Michael Loewe, Carmen Blacker, 1981-01-01 **The Oracles of Apollo** John Opsopaus, 2025-08-05 Throughout history divination has been an important tool for seeking guidance from the gods Fortunately several classical divination systems are available to us again today The Oracles of Apollo shows how to use two rediscovered divination systems the Alphabet Oracle a system that uses the ancient Greek alphabet and the Counsels of the Seven Sages a series of 147 short oracular statements that were inscribed on tablets at Delphi This book shares divination techniques and rituals including the use of alphabet stones dice staves beads and coins and interpretations of the outcomes to help you integrate the wisdom of the gods and goddesses These oracles were originally designed thousands of years ago to provide insights into practical matters and deeper issues and they can be used again today **Omens and Oracles** Matthew Dillon, 2017-07-14 Addressing the role which divination played in ancient Greek society this volume deals with various forms of prophecy and how each was utilised and for what purpose Chapters bring together key types of divining such as from birds celestial phenomena the entrails of sacrificed animals and dreams Oracular centres delivered prophetic pronouncements to enquirers but in addition there were written collections of oracles in circulation Many books were available on how to interpret dreams the birds and entrails and divination as a religious phenomenon attracted the attention of many writers Expert diviners were at the heart of Greek prophecy whether these were Apollo's priestesses delivering prose or verse answers to questions put to them by consultants diviners known as manteis who interpreted entrails and omens the chresmologoi who sang the many oracles circulating orally or in writing or dream interpreters Divination was utilised not only to foretell the future but also to ensure that the individual or state employing divination acted in accordance with that divinely prescribed future it was employed by all and had a crucial role to play in what courses of action both states and individuals undertook Specific attention is paid in

this volume not only to the ancient written evidence but to that of inscriptions and papyri with emphasis placed on the iconography of Greek divination

Celtic Oracles Rosemarie Anderson, 1998 The Celtic way of life is an indigenous European belief system that honors both female and male images of the divine and holds the Earth to be sacred This new divination system for personal development and spiritual growth based on Celtic symbols folk wisdom and spiritual principles will show you how to incorporate the Celtic way of knowing into your daily life The 64 oracles are the primal forces identified by the Celts as goddesses gods faeries and animal and tree spirits Each oracle contains historical background poetry or verse from original Celtic sources an interpretation for the contemporary reader and beautiful original black and white artwork created especially for this book Celtic Oracles works in a similar way to the I Ching Just throw two coins three times to discover which of the oracles is influencing your life The oracles are interrelated reflecting the Celtic worldview that all aspects of our lives are woven together Inspiring a deep connection with a powerful ancient way of knowing and living in the world this transformative system will help you understand the often hidden forces at work in your life and guide you in making practical decisions

Nature's Hidden Oracles Liz Dean, 2021-01-21 Nature's Hidden Oracles is a practical manual for natural divination in the outdoor environment all year round By collecting and interacting with the objects you find outside you can generate new ways of seeing and become more mindful of our environment and what it has to say about our past present and future Nature's Hidden Oracles shows you how to connect with your surroundings and the ways of our ancestors through practices such as flower divination herb scrying and listening to the oracles of the stones and trees that surround us Chapters Include 1 Oracles of the trees Leaf bark branch 2 Flower divination Petal predictions 3 Herb scrying Sensory messengers 4 Oracles of stone Rocks pebbles witch stones 5 Natural charms Beach field forest

Ancient Greek Divination Sarah Iles Johnston, 2009-04-22 The first English language survey of ancient Greek divinatory methods Ancient Greek Divination offers a broad yet detailed treatment of the earliest attempts by ancient Greeks to seek the counsel of the gods Offers in depth discussions of oracles wandering diviners do it yourself methods of foretelling the future magical divinatory techniques and much more Illustrates how the study of divination illuminates the mentalities of ancient Greek religions and societies

Divination and Theurgy in Neoplatonism Dr Crystal Addey, 2014-10-28 Why did ancient philosophers consult oracles write about them and consider them to be an important part of philosophical thought and practice This book explores the extensive links between oracles and philosophy in Late Antiquity particularly focusing on the roles of oracles and other forms of divination in third and fourth century CE Neoplatonism Examining some of the most significant debates between pagan philosophers and Christian intellectuals on the nature of oracles as a central yet contested element of religious tradition Addey focuses particularly on Porphyry's Philosophy from Oracles and Iamblichus De Mysteriis two works which deal extensively with oracles and other forms of divination This book argues for the significance of divination within Neoplatonism and offers a substantial reassessment of oracles and philosophical works and their

relationship to one another With a broad interdisciplinary approach encompassing Classics Ancient Philosophy Theology Religious Studies and Ancient History Addey draws on recent anthropological and religious studies research which has challenged and re evaluated the relationship between rationality and ritual *Prophets and Profits* Richard Evans,2017-09-07 This volume examines the ways in which divination often through oracular utterances and other mechanisms linked mortals with the gods and places the practice within the ancient sociopolitical and religious environment Whether humans sought knowledge by applying to an oracle through which the god was believed to speak or used soothsayers who interpreted specific signs such as the flight of birds there was a fundamental desire to know the will of the gods In many cases pragmatic concerns personal economic or political can be deduced from the context of the application Divination and communication with the gods in a post pagan world has also produced fascinating receptions The presentation of these processes in monotheistic societies such as early Christian Late Antiquity where the practice continued through the use of curse tablets or medieval Europe and beyond where the role of religion had changed radically provides a particular challenge and this topic has been little discussed by scholars This volume aims to rectify this desideratum by providing the opportunity to address questions related to the reception of Greco Roman divination oracles and prophecy in all media including literature and film Several contributions in this volume originated in the 2015 Classics Colloquium held at the University of South Africa and the volume has been augmented with additional contributions *Gods, Oracles, and Divination* Kalu Ogbaa,1992 A close reading of Chinua Achebe s four novels Copyright Libri GmbH All rights reserved

Studies in Ancient Oracles and Divination Mika Kajava,2013 **Divination and Theurgy in Neoplatonism** Crystal Addey,2019-12-20 Why did ancient philosophers consult oracles write about them and consider them to be an important part of philosophical thought and practice This book explores the extensive links between oracles and philosophy in Late Antiquity particularly focusing on the roles of oracles and other forms of divination in third and fourth century CE Neoplatonism Examining some of the most significant debates between pagan philosophers and Christian intellectuals on the nature of oracles as a central yet contested element of religious tradition Addey focuses particularly on Porphyry s Philosophy from Oracles and Iamblichus De Mysteriis two works which deal extensively with oracles and other forms of divination This book argues for the significance of divination within Neoplatonism and offers a substantial reassessment of oracles and philosophical works and their relationship to one another With a broad interdisciplinary approach encompassing Classics Ancient Philosophy Theology Religious Studies and Ancient History Addey draws on recent anthropological and religious studies research which has challenged and re evaluated the relationship between rationality and ritual **The Book Of Ordinary Oracles** Lon Milo DuQuette,2025-09-12 Consulting oracles used to be difficult and dangerous You had to make a pilgrimage plagued with hardship trudging through the desert to a holy place or person Or kill a calf to read its liver or a bird to read its entrails Or study for years to read ink dropped in water Who has the time Traditional methods just aren t

convenient today What s a divine wonderer to do Funny you should ask In The Book of Ordinary Oracles Lon Milo DuQuette shows us how to use items lying around the house from pocket change to chopsticks to divine answer to everyday questions He also tells us how to ask the right question and interpret the answer The tools he provides will make consulting oracles as easy as reaching into your pocket or cupboard Can one use channel surfing as an oracle You bet DuQuette s anecdotes illustrate various divination techniques Laugh your way to wisdom while learning new ways to look at the I Ching and how to read tarot cards for yourself **Consult the Oracle, Or, How to Read the Future** Gabriel Nostradamus,1899*

Listening to the Oracle Dianne Skafté,1997 Tracing oracular communications from their ancient beginnings to modern times Skafté a Jungian psychotherapist and professor of psychology illustrates the powerful influence these revelatory experiences have had on numerous civilizations and cultures throughout history With the exception of indigenous cultures that still practice oracular ways of knowing she explains most people today have removed themselves from the interactive world of oracles because they no longer remember how to receive or trust them Drawing on her extensive research as well as her own direct experiences Skafté explores the many ways we can regain the ability to communicate with oracles beginning by adopting an attitude of warm expectation in everyday life Ranging from oracles of the earth birds bees and oaks to Nepalese shaman divinations card readings and a fascinating experiment with a computer and word divination Listening to the Oracle blends ancient legends with psychological insight reflection advice and specific instructions on preparing for and receiving an oracle It is an inspired and highly instructive work that will awaken you to the world s rich spiritual terrain and teach you how to tap into your own hidden powers of perception BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Oracle Bones Divination* Kostas Dervenis,2013-12-17 The first complete guide to this ancient Greek form of divination Explains how to cast and interpret this oracle using either coins or traditional animal bones Reveals how the use of oracle bones predates the I Ching Includes the complete matrix of oracle interpretations reconstructed by the author from stanzas in ancient Greek temples In ancient Greece methods of foretelling the future were widespread whether they were official oracles of the gods or simple dice games to divine one s luck One of the most popular and accessible ways of determining one s fate and fortune was through the ritual casting of animal bones similar to the casting of coins or yarrow stalks with the Chinese I Ching Kostas Dervenis explains how to interpret the casting of the oracle bones either traditional sheep anklebones or coins to answer your questions on love health wealth and the future Using the original stanzas discovered in ancient Greek temples in Greece and Turkey the author reconstructs the complete matrix of interpretation for each possible casting of the bones He explores how this practice traces back to the Golden Age of the Neolithic period in Greece Turkey and Bulgaria predating the I Ching and how it is still practiced today as the popular folk game of knucklebones Providing the first complete guide to this ancient practice Dervenis allows anyone to cast the bones for guidance inspiration and insight into their fate Greek Oracles Robert Flacelière,1965 The believe in the supernatural is

universal and throughout the ages sorcerers and soothsayers fortune tellers and astrologers have influenced decisions which have been turning points in world history The ancient Greeks invented philosophy harshly criticised the most sacred traditions and are regarded as being the founders of rationalism but the peoples of antiquity clung to their superstitions with blind tenacity This book attempts to explain the pervading influence of oracles and soothsayers on their daily life and the fact that divination was esteemed as an official institution **Art and Oracle** Alisa LaGamma, Metropolitan Museum of Art (New York, N.Y.), 2000 Twenty eight African cultures are represented here by artifacts created to communicate with ancestors spirits and gods about such issues as health conception and determination of guilt or innocence Issued in conjunction with an April July 2000 exhibit at The Metropolitan Museum of Art NY this catalog contains extensive ethnographic descriptive and interpretive text in connection with each of 50 pictured pieces as well as a 13 page essay about divination in Sub Saharan Africa by John Pemberton III and an introductory essay by LaGamma Annotation copyrighted by Book News Inc Portland OR
