what life before during and after awakening is what enlightenment is beyond ancient mythological or a dogmatic understandings read on If you are compelled to examine with me what it means to be human and Divine not in some philosophical sense but in the context of a down to earth awakened practicality join me in this What follows are a collection of reflections teachings writings and personal experiences written over the period of many years that weave together what this radical shift called Awakening is Even though Awakening is quite an impersonal shift impersonal in the sense that it is beyond ego or a personal sense of self I wanted to share a perspective of what awakening truly is from the perspective of our humanity Many books are written from monasteries or ashrams or by individuals who seem to have life completely worked out in some perfected spiritual sense But for me this is not the case life is ever unfolding ever changing and the divine expression of our humanity is never fully worked out I write with humility from this ever unfolding place where our lives are continually evolving and sometimes this place is messy painful and full of despair yet this is our evolving edge Some teachers do not like to discuss their humanity and instead teach only from the transcendent realms Yet we are human and often there is a bias against being human in the spiritual world because the human world is messy and where we get into so much trouble But there is nothing wrong with being human it is actually a tremendous gift The fact that we are amazingly alive shows we are Divine what else could animate our body and minds if it were not the Divine How could being human ever be a problem It is only our egoic minds that have a problem with who we are Yet if we want to be fully free we must be willing to love and embrace all of life even our very own egoic nature which paradoxically is the Divine as well No aspect of Life is outside of Divinity Many books are written from a perspective of impersonal Enlightenment I wanted to share both the impersonal and personal because that is what it is like to be human whether we are a Buddha or someone lost in pain and suffering we all have some degree of a personal egoic nature It is important to include both our humanity and our Divinity we have denied one or the other for ages but both are God This work is an effort to create a deep understanding of what it is like to be human and awake This book is a call to awakening and embracing and transforming our humanity Join me in this Style Definitions table MsoNormalTable mso style name Table Normal mso tstyle rowband size 0 mso tstyle colband size 0 mso style noshow yes mso style priority 99 mso style qformat yes mso style parent mso padding alt 0in 5 4pt 0in 5 4pt mso para margin top 0in mso para margin right 0in mso para margin bottom 10 0pt mso para margin left 0in line height 115% mso pagination widow orphan font size 11 0pt font family Calibri sans serif mso ascii font family Calibri mso ascii theme font minor latin mso fareast font family Times New Roman mso fareast theme font minor fareast mso hansi font family Calibri mso hansi theme font minor latin Normal 0 false false false EN US X NONE X NONE Style Definitions table MsoNormalTable mso style name Table Normal mso tstyle rowband size 0 mso tstyle colband size 0 mso style noshow yes mso style priority 99 mso style qformat yes mso style parent mso padding alt 0in 5 4pt 0in 5 4pt mso para margin top 0in mso para margin right 0in mso para margin bottom 10 0pt mso para margin left 0in line height 115% mso pagination widow orphan font size 11 0pt font

Arnold, 2021-06-30 God s Grand Design By William R Arnold Edited by Ms Aurora Payad Arnold God s Grand Design is to restore mankind to its original state of sacred perfection after Adam and Eve fell and created the original sin of disobedience hiding and lying to the Lord When God cursed the serpent for tempting Adam and Eve to be like God he promised to send his only begotten Son to save humanity He did via the incarnate word in the womb of the immaculately conceived Virgin Mary God wants to be man and receive a new body to defeat death through Jesus Christ Man wants to become God to receive eternal life Man s journey to become God starts from being an ignorant baby gaining knowledge to a cowardly teenager obtaining courage to an adult converting greed to generosity to a wise man changing selfishness to unselfishness and at last to a free man able to think for himself in eternal service to God in his kingdom The journey requires him to know right from wrong good from evil and God s will from man s will and thus defeat evil worldly temptations and demonic possession Through Christ God and man are destined to become one through three advents making the God Man Christ into the new human spirit blessings Then the Man God Jesus becomes the new human flesh to make all things perfect in the sight of God Jesus Christ came as a priest on a donkey to decode the Torah bring knowledge and remove blindness to defeat sin By his death and resurrection he granted free redemption to man s flesh to give him a new body The second coming of Jesus Christ as thief in the night will bring awakening to remove deafness by teaching God s truths to defeat evil As a just judge on a cloud on his third advent the Lord will remove mankind s dumbness to defeat death And then man can become worthy of receiving God s rewards of paradise in heaven or heaven on earth *Understanding Humanity - The Alignment* MIHAI ILIOI, 2025-06-18 Understanding Humanity The Alignment Humanity s relentless quest for meaning and purpose stretches far beyond individual beliefs or the prevailing opinions of society This journey is rooted in a profound paradox one that is anchored in the timeless fabric of eternity At its core lies an unseen uncreated force an essential energy that underpins every facet of our existence Within the chambers of our human complete consciousness lies the ongoing battle of influence The heart may send impulses of emotion desire or pain to the mind seeking immediate action The spirit on the other hand seeks alignment discernment and divine timing This creates tension within the self consciousness the interface where action is initiated If the mind is not attuned to the spirit it may default to fulfilling the heart s own demands and in doing so is bypassing the voice of divine wisdom As sojourners in this temporary manifestation of existence traversing the vast and majestic landscape of life we are often confronted with profound questions Who are we Why are we here What is the

true meaning and purpose of our existence Some of these questions may remain unanswered in our lifetimes yet the journey itself the search the wonder and the mysteries of life should never cease to inspire us to awaken our curiosity and to fuel our deepest desires to seek and uncover truth The power to freely express one s thoughts is a real transformative force one that shapes history ignites change and empowers humanity It is the catalyst for innovation the foundation of wisdom and the resounding voice of the human spirit yearning to be heard This book stands as a testament to the courage required to voice one s innermost beliefs to challenge the status quo and to inspire others to seek their own truths To all who embark on the journey of understanding humanity this book is yours With heartfelt gratitude to all my readers your reflections insights and feedback are deeply valued and appreciated Sincerely Mihai Ilioi The Works of Rev.
