The Metaphysics of Perfect Beings Michael J. Almeida, 2012-02-27 The Metaphysics of Perfect Beings addresses unexpected challenges to the Anselmian God in light of recent developments in logic metaphysics and epistemology **The Tyranny of Heaven** Michael Bryson, 2004 The Tyranny of Heaven argues for a new way of reading the figure of Milton's God contending that Milton rejects kings on earth and in heaven Though Milton portrays God as a king in Paradise Lost he does this neither to endorse kingship nor to recommend a monarchical model of deity Instead he recommends the Son who in Paradise Regained rejects external rule as the model of politics and theology for Milton's fit audience though few The portrait of God in Paradise Lost serves as a scathing critique of the English people and its slow but steady backsliding into the political habits of a nation long used to living under the yoke of kingship a nation that maintained throughout its brief period of liberty the image of God as a heavenly king and finally welcomed with open arms the return of a human king Michael Bryson is a Visiting Assistant Professor of English at Northwestern University Godforsaken Dinesh D'Souza, 2012 Examines the issue of human suffering and explores why a good God allows it *The Other God* Mellanie Queen, 2024-11-04 The Other God The Judas Gospel and the Hidden God Beneath the surface of traditional teachings lies a shocking and secret truth that The Other God dares to unveil In this unique exploration Judas Iscariot emerges not as the traitor the world believes him to be but as an enlightened disciple entrusted with wisdom that transcends human comprehension This book delves deep into Gnostic spirituality offering an alternative vision where Judas is chosen to uncover hidden mysteries questioning the true nature of good and evil Through a captivating narrative the author leads readers through a labyrinth of mystical teachings presenting the concept of the Demiurge the flawed creator of the material world in stark contrast with the Supreme God a divinity beyond matter and earthly understanding Here Judas becomes a guide a traveler between shadows and light charged with revealing ancient secrets and illuminating the path to spiritual liberation Each page of The Other God challenges readers to question conventional certainties to see through the illusion of the material world and to discover the hidden divinity within This is not a path of blind faith but of profound self knowledge where Judas with courage sacrifices his own image for a greater purpose inviting each soul on a journey toward awakening and connection with eternal wisdom This book is a gateway to a universe where the sacred and the profane intertwine a masterpiece that calls upon the spirit to break its chains and seek the unknown **Aqedah** Jean-Pierre Fortin, Heiko Schulz, 2025-01-27 The Aqedah i e the story of the binding of Isaac by Abraham is a core text in all three Abrahamic religions and has been widely discussed in Judaism Christianity and Islam for centuries It still represents an intellectual moral and spiritual challenge for anyone who claims to be able to link morality and faith in God in a reasonably comprehensible way The contributions in this anthology address this challenge from philosophical theological and literary perspectives by considering exemplary problems epochs and authors pertaining to all three Abrahamic religions The first part contains seven contributions exploring the epistemic and or

philosophical dimensions of the Aqedah The second part contains nine essays on the history of the interpretation of the Aqedah from Israelite Jewish Christian and Islamic perspectives The three texts in the third and final part discuss narratological issues and reflections of the problem within modern Hebrew literature The volume complements and expands the existing scholarship on the subject above all through its consistently interreligious approach and the inclusion of current philosophical and literary sources and debates

Reassessing Homer in the Platonic Tradition Christina-Panagiota Manolea, François Renaud, Harold Tarrant, 2025-05-19 Plato's famous and infamous criticism of Homer was the climax of a series of attacks by early thinkers on the first and greatest Greek poet Homer It triggers an even longer series of responses attempting either to justify further the old quarrel between philosophy poetry Pl Resp 607b c or in most cases to reconcile the two great authors The so called Plato Homer problem is in broad outline twofold with numberless ramifications and sub issues Why does Plato's Republic repeatedly attack and even exile the greatest cultural authority of the Greeks And why does he do so while quoting Homer abundantly more than any other author and even adapting many artistic features of Homeric poetry This volume concentrates on the various responses to the controversy among Platonically minded writers while including a few other reactions from just outside that circle Strategies of reconciliation are many including both allegorical and non allegorical approaches involving the notions of myth mimesis inspiration wisdom theology etc The volume presents original treatments of major figures such as Porphyry and Proclus as well lesser known authors or texts e g Platonic Spuria and non Platonists Xenophon Aristotle scholiasts etc who serve as enlightening comparative figures While recent literature on these questions usually concentrates on single authors this book details its reception in the Platonic tradition overall

Nomos and Violence Viktor Ber, 2019 The present volume is concerned with the problem of violence as reflected in the biblical texts in their reception and interpretation The expression nomos in

the title of the book is understood in a broader sense with reference to the concept of nomos as a world of right and wrong Robert Cover Therefore the authors of the book are concerned not only with the legal texts of the Pentateuch but also with other parts of the Old Testament Tanak Most of the contributors explore the theme of violence by interpreting specific narrative legal prophetic and sapiential passages Others attempt to offer a more general theological evaluation of violence in the Bible also with constant reference to the biblical texts

Pious Irreverence Dov Weiss, 2016-07-12 Judaism is often described as a religion that tolerates even celebrates arguments with God Unlike Christianity and Islam it is said Judaism endorses a tradition of protest as first expressed in the biblical stories of Abraham Job and Jeremiah In Pious Irreverence Dov Weiss has written the first scholarly study of the premodern roots of this distinctively Jewish theology of protest examining its origins and development in the rabbinic age Weiss argues that this particular Jewish relationship to the divine is rooted in the most canonical of rabbinic texts even as he demonstrates that in ancient Judaism the idea of debating God was itself a matter of debate By elucidating competing views and exploring their theological assumptions the book challenges the scholarly claim that the early rabbis conceived of God as a morally perfect being whose goodness had to be defended in the face of biblical accounts of unethical divine action Pious Irreverence examines the ways in which the rabbis searched the words of the Torah for hidden meanings that could grant them the moral authority to express doubt about and frustration with the biblical God Using characters from the Bible as their mouthpieces they often challenged God's behavior even in a few remarkable instances envisioning God conceding error declaring to the protestor You have taught Me something I will nullify My decree and accept your word

Taking Rational Trouble Over the Mysteries Nicola Hoggard Creegan, Andrew Shepherd, 2013-07-29 How can one believe in an age of doubt How can we name the mystery of God in human words Does nature speak of the glory of God Does science undermine faith Is the problem of evil unanswerable In this volume scientists theologians philosophers as well as a historian and social scientist take seriously the challenge of knowing and speaking about God in an age of doubt and challenge All New Zealand writers the authors reflect a variety of styles inputs and assumptions from down under Some look to answer new atheists directly others point out links between belief and unbelief in any age There are essays that show us new ways of reading old texts Scientists reflect on nature its signs and its obscurity We are confronted also with the mixed picture of belief and unbelief that the last few hundred years reveals to us Most of these essays have come out of seminars and conferences put on by TANSA Theology and the Natural Sciences in Aotearoa a forum for discussion and interpretation amongst scientists and theologians in New Zealand
