Divine Guidance:

Divine Guidance Paul K. Moser, 2022-10-20 If God exists and is perfectly good God tries to guide people A twofold question then arises How does God try to guide people and to what end Problems of divine guidance for humans according to this volume are real and serious but they are manageable once we clarify the kind of God at issue According to the volume s main thesis if God has a perfect moral character accompanied by certain redemptive purposes for humans the puzzling nature of divine guidance for them need not preclude the reality of such guidance It is this volume contends a live option for God to guide or lead humans toward goodness even if the leading is not fully explainable by humans The voluntary moral attraction of cooperative humans by divine goodness is central to divine guidance and it can illuminate the kind of evidence to be expected from God

Divine Guidance Gerry Malanda, God promises in Isaiah 30 21 Your ears shall hear a word behind you saying this is the way walk in it whenever you turn to the right hand or whenever you turn to the left This promise is for every born again believer However not every born again Christian is able to discern God s voice or believe that God will or can speak to them Brother Gerry Malanda Apostle and Leader of House Of Prayer For All Nations Europe and Teacher on TBN s Voice of Healing UK demonstrates using the scriptures and his own personal experiences of the different ways in which God has spoken to His children In this book Brother Gerry explores questions like what does God say about guiding us Should I be worried whether it is God or a demon talking to me And how do I become familiar with the voice of God Giving examples in the bible Brother Gerry looks at the different ways we can discerns God s voice through His word the Rhema word burning of the heart the inner witness or inner conviction a still small voice a dictate whispering voice God s audible voice peace and joy and observing the circumstances around us Brother Gerry further highlights the importance of dreams visions and trances with the importance of getting an interpretation from God that is in line with His Word God using angels and use of revelatory gifts word of knowledge word of wisdom and prophecy Finally Brother Gerry emphasises that everything in the Kingdom of God is birthed in prayer Getting familiar with the voice of God will only be achieved in the place of intimacy as we wait for God in prayer and with fasting A must read

Divine Guidance Gail Hamilton, 1881 *Divine Guidance* R. B. Thieme, Jr., 1999-01-01 Divine Guidance is the doctrine of determining God s will for your life God guides you by communicating His will through divine revelation No believer can know or do the will of God apart from knowing the Word of God The Bible reveals numerous mandates that universally declare what the will of God is and is not for every believer The other intentions God has for your individual life that are not directly stated in Scripture must be determined from Bible doctrine in your soul From the application of Bible doctrine you will resolve what God wants you to think what He wants you to do and where He wants you to go As the personal emissaries of the Lord Jesus Christ you represent Him effectively after salvation only by obeying God s will for your life Learning the mandates categories and mechanics of divine guidance gives you the basics for doing His will As you continue to grow to spiritual maturity you will become confident that
