Divine Attributes:

The Attributes of God in Islamic Thought Mansoor Khalilizand, 2024-03-18 The debate over Allah's attribute the nature and the inner articulation of Allah is one of the focal debates in the intellectual history of Islam This edited collection aims to highlight and examine some aspects of this debate in their original context based on the relevant primary literature By showing that even an apparently self evident concept such as Allah which lies at the heart of every reading of Islam is highly ambiguous and polysemous the chapters also emphasise the plurality that has always existed in Islamic thought Through highlighting the philosophical and theological reflections on the concept of Allah the results of this study challenge the juristic reading of Islam in which Allah's function consists mainly in providing a detailed plan for the human life and also rewarding or punishing the ones who deviates from it The book also attempts to demonstrate the relevance and the actuality of the tradition and to stress its contemporaneity This volume makes a significant part of the intellectual tradition of Islam accessible for students and scholars of Islamic theology Islamic philosophy Islamic studies and the like as well as providing a secondary source for teaching on the debate in question

The Divine Attributes T. J. Mawson, 2018-11-15 The Divine Attributes explores the traditional theistic concept of God as the most perfect being possible discussing the main divine attributes which flow from this understanding personhood transcendence immanence omnipresence omniscience omnipotence perfect goodness unity simplicity and necessity It argues that the atemporalist's conception of God is to be preferred over the temporalist's on the grounds of perfect being theology but that if it were to be the case that the temporal God existed rather than the atemporal God He'd still be perfect enough to count as the God of Theism

The Christian Doctrine of the Divine Attributes Hermann Cremer, 2016-05-27 Cremer's short energetic treatise on the divine attributes was admired by both Karl Barth and Wolfhart Pannenberg Cremer chastises the speculative flights of traditional doctrines of the divine attributes and issues a resounding summons to a more exegetically economically and christologically grounded account Known primarily as a biblical scholar for his *Biblico Theological Lexicon of New Testament Greek* precursor to the

monumental TDNT Cremer shows himself here also an able systematician with a pastor's eye for the role played by doctrine in the life of congregational and individual faith

Ontology of Divinity Mirosław Szatkowski, 2024-04-22 This volume announces a new era in the philosophy of God Many of its contributions work to create stronger links between the philosophy of God on the one hand and mathematics or metamathematics on the other hand It is about not only the possibilities of applying mathematics or metamathematics to questions about God but also the reverse question Does the philosophy of God have anything to offer mathematics or metamathematics The remaining contributions tackle stereotypes in the philosophy of religion The volume includes 35 contributions It is divided into nine parts 1 Who Created the Concept of God 2 Omniscience Omnipotence Timelessness and Spacelessness of God 3 God and Perfect Goodness Perfect Beauty Perfect Freedom 4 God Fundamentality and Creation of All Else 5 Simplicity and Ineffability of God 6 God Necessity and Abstract Objects 7 God Infinity and Pascal's Wager 8 God and Meta Mathematics and 9 God and Mind

Holiness John Webster, 2021-05-31 Here John Webster presents a trinitarian theology of holiness which is aimed at a wide range of audiences including ordinands students of theology and interested laypeople According to this account God's holiness is known not in his simple transcendence but in his gracious and free relationship to his creatures That holiness finds an echo in the holiness of the Christian community especially in worship and witness and in the life of the individual disciple Integrating biblical dogmatic and practical theology the book which is based on the Day Higginbotham lectures delivered in the University of Toronto in 2002 offers a succinct account of a central theme in Christian teaching and practice

St. Thomas Aquinas and Muslim Thought Zulfiqar Ali Shah, 2022 St Thomas Aquinas the most known medieval philosophical theologian the stalwart of scholasticism the Doctor of Church and one of the most influential figures in Western Christianity was greatly influenced by Muslim synthetic thought The gulf between reason and revelation faith and philosophy or Jesus and Aristotle were wider in Christianity than in Islam Aquinas bridged that gap with the help of Muslim philosophical thought This work highlights Aquinas intersections with the great Muslim philosophers and their impact upon his personality Aquinas widely quoted Muslim philosophers and theologians including Ibn Rushd Ibn Sina al Farabi al Ghazali and al Razi and acted upon their wisdom in many ways In the estimation of E Renan St Thomas owes practically everything to Averroes The likes of A M Giochon David Burrell and John Wippel among others asserted that Aquinas and his teacher Albert the Great were highly indebted to Ibn Sina Giochon noted that Avicenna was not only a source from which they all drew liberally but one of the principal formative influences on their thought He read Latin translations of their works and incorporated many of their ideas thoughts and arguments into his project Aquinas upbringing in Southern Italy and his geographical and intellectual affinity with Islamic civilisation played a significant role in his intellectual development His thirteenth century Christendom was fully engaged with Muslims on multiple levels His greater family was involved with the neighboring Muslims of Lucera and Apulia and in the army of Frederick II Medieval Christianity's transition from the Dark Ages was facilitated by Aquinas philosophical

theology which was also shaped by the translation of philosophical and scientific manuscripts from Arabic to Latin Aquinas was what he became partly due to these interfaith interactions which are laid bare for the first time in this revelatory new book

The Ministry, Vol. 12, No. 07 Various Authors, 2008-07-01 This issue of The Ministry contains a complete record of the twelve messages given during the 2008 summer training on the Crystallization study of the Gospel of Luke held June 30 July 5 in Anaheim California The crucial truth and burden embodied in these twelve messages may be summarized in the following two sets of statements The highest standard of morality is the living of the Lord Jesus as the Man Savior whose life was a composition of God with the divine attributes and man with the human virtues to be the basic factor for His dynamic salvation The Man Savior's God man living constituted a prototype for the reproduction of the God man in the believers who are reborn of the pneumatic Christ in their spirit and transformed by the pneumatic Christ in their soul In order to be one with the Man Savior in His God man living we need to sit at His feet and listen to His word so that we may be infused with His life for the expression of God and with His desire for our service to God unto the building of God By praying ourselves into God we are empowered in Christ to repudiate ourselves renounce our material possessions and follow the Man Savior so that we may live in the reality of the economy of God to become rich toward God for the kingdom of God We need to be today's ministers and witnesses by living and proclaiming the gospel Christ as the jubilee of grace for the accomplishing of God's eternal economy If we lose our soul life in this age and do not preserve it by lingering in the earthly and material things we may participate in the rapture of the overcomers and stand before the Son of Man on Mount Zion These messages are being published immediately following the training in order that they may benefit the saints who are participating in the many video trainings that are held throughout the earth

Only God Will Save Us Simon Cuff, 2020-06-30 God's being gives meaning to God's action So said Gustavo Gutierrez If we grasp what it means to say that God is just we learn what justice really looks like If we understand how divine anger works we understand how we can be fruitfully angry Understanding who God is is not an ivory tower activity but one which helps us to better grasp of both Christian worship and Christian action An accessible introduction to the doctrine of God Only God Will Save Us demonstrates for students ordinands and Christian practitioners how a theological articulation of the nature of God can drive and refine Christian action in the world

The Ministry of the Word, Vol. 23, No. 09 Various Authors, 2019-09-01 This issue of The Ministry of the Word contains the first eight messages given during the spring 2019 term of the full time training in Anaheim California The general subject of this series of messages is The Wonderful Christ in the Canon of the New Testament Christ is wonderful glorious excellent supereminent all inclusive invaluable incomprehensible and inexhaustible The desire of God's heart is that the reality in Jesus the God man living of Jesus as recorded in the four Gospels would be

duplicated in the many members of Christ's Body by the Spirit of reality to become the reality of the Body of Christ the highest peak in God's economy In the four Gospels we see that Jesus lived a life in which He did everything in God with God for God through God and by God God was in His living and He was one with God The Lord wants the actual condition of His life to be duplicated in us repeated in us and wrought into us so that the actual condition of His life in the four Gospels becomes the actual condition of our life In the Gospel of Matthew we see the wonderful Christ as the great light as the One who has authority because He lived absolutely under the ruling of the divine life of the Father as the King of the heavenly kingdom who ministered as the Physician as the Bridegroom as the unfulled cloth made into a new garment to cover us as our righteousness before God and as our new wine as the inward exciting life put into fresh wineskins the church life We need to live in the reality of the Body of Christ according to the bird's eye view of the reality in Jesus in the Gospel of Mark which unveils a full picture of the Slave Savior serving fallen sinners as a collective person with Himself as their all inclusive salvation The Gospel of Luke is a revelation of the God man who lived a human life filled with the divine life as its content thereby expressing God in humanity In the Gospel of John we see that in the Godhead Christ is the Word that is He is God defined explained and expressed In redemption Christ is the Lamb of God who takes away the sin of the human race and who satisfies the requirements of God's righteousness holiness and glory and in resurrection Christ as the consummated Spirit is the breath as everything to us in living the Christian life and in being an overcomer The intrinsic focus of Romans is on the wonderful person Christ who as the Spirit living within the believers is higher and more subjective than the Christ presented in the Gospels As the life giving Spirit the pneumatic Christ now indwells His believers as their subjective Savior This wonderful One fully saturated Paul and permeated everything he spoke and wrote in this book which presents the gospel of God The deep thought in Romans is that God became man so that in God's complete salvation sinners may be redeemed regenerated sanctified renewed transformed conformed and glorified to become the sons of God who are the same as God in life and nature to be the members of the Body of Christ expressed as local churches The Announcements section at the end of this issue contains a list of upcoming conferences and trainings hosted by Living Stream Ministry and a website link for information related to similar events in Europe

Christian Theology and African Traditions Matthew Michael, 2013-05-21

Christian theology is increasingly recognized to be now a non western enterprise since the high concentrations of Christians in the world are no longer found in the Western societies Christian Theology and African Traditions takes seriously this present recognition of the southward movement of Christianity from the western world to a non western setting It seeks to reposition Christian theology and faith to engage the African traditions in classical category of theology proper bibliology anthropology Christology pneumatology soteriology ecclesiology and eschatology and provides unique insights and problems that these classical and systematic categories poses to African Christianity Similarly it provides theological blueprint for non Africans who are interested in knowing the nature and shape of the Christian theology in non western settings Consequently

Christian Theology and African Traditions goes beyond the mere criticism of Western misrepresentation of African traditions to seeing how the Christian theology in its systematic character engages the African traditions With this methodological template the work describes in the space of twelve chapters the different classical teachings of the Christian faith on God scriptures spirits and demons the nature of the human person the persons of Christ salvation the Holy Spirit the church and the future life in dialogue with some specific traditions of the African people *The New Evangelical Subordinationism?*

Dennis W. Jowers,H. Wayne House,2012-08-16 Whether and in what sense the Son of God might eternally submit to his Father s will is a question that has ignited a firestorm of controversy in today s evangelical academy On one side stand those who regard the affirmation of any inequality whatsoever in the Godhead as a revival of ancient subordinationism On the other stand persons who consider the Son functionally subordinate to the Father even within the immanent Trinity without respect to the Incarnation and regard their belief as integral to historic orthodoxy Many evangelicals moreover view the issue of subordination within the Trinity as pivotal to contemporary disputes about the role of women in church home and state If the relations of the divine persons constitute a paradigm for human life persons on all sides of the gender question argue human relations ought to reflect either the divine persons exceptionless equality or their orderly differentiation of roles At the same time others consider the issues of equality in the Trinity and gender relations irrelevant to each other and accuse both complementarians and evangelical feminists of degrading the doctrine of the Trinity into a partisan weapon The New Evangelical Subordinationism gathers commentary on evangelical debates about equality and subordination in the Trinity from representatives of the gamut of perspectives just mentioned Here evangelical theologians biblical scholars and church historians of widely differing theological orientations address themselves to the panoply of questions raised by these debates This volume unprecedented in the breadth and depth of its coverage of the controversy over subordination in the Trinity should become a standard source for teaching and research on its subject **The Holy Word for Morning Revival -**

Crystallization-study of Leviticus, Volume 3 Witness Lee,2018-07-16 This book is intended as an aid to believers in developing a daily time of morning revival with the Lord in His word At the same time it provides a limited review of the semiannual training held July 2 7 2018 in Anaheim California on the continuation of the Crystallization study of Leviticus Through intimate contact with the Lord in His word the believers can be constituted with life and truth and thereby equipped to prophesy in the meetings of the church unto the building up of the Body of Christ **Romance and System: The**

Theological Synthesis of Matthias Joseph Scheeben Aidan Nichols, OP,2021-01-29 Pope Benedict XVI writing in 1988 as Cardinal Joseph Ratzinger described Matthias Joseph Scheeben s theology as justly praised but rather less read My modest hope through this entirely straightforward study is to encourage some more in a phrase Scheeben would relish ecclesially fruitful reading of him in the English speaking world From the Author s Preface **Romance and System The Theological Synthesis of Matthias Joseph Scheeben** by Aidan Nichols OP is a comprehensive introduction to one of the most significant

dogmatic theologians of recent centuries Exploring the vigor coherence and beauty of Scheeben's theological vision Nichols concludes that the great German theologian's work combines romance and system a lyrical appeal to the imagination and a virile challenge to the intellect the inspiration of metaphor and the conceptual power of an architectonic account of the revelation carried by the Church Romance and System examines the major themes of Scheeben's works and underscores their preeminence in Catholic dogmatic theology Communicatio Idiomatum Richard Cross, 2019 This study offers a radical reinterpretation of the sixteenth century Christological debates between Lutheran and Reformed theologians on the ascription of divine and human predicates to the person of the incarnate Son of God the *communicatio idiomatum* It does so by close attention to the arguments deployed by the protagonists in the discussion and to the theologians metaphysical and semantic assumptions explicit and implicit It traces the central contours of the Christological debates from the discussion between Luther and Zwingli in the 1520s to the Colloquy of Montbeliard in 1586 Richard Cross shows that Luther's Christology is thoroughly Medieval and that innovations usually associated with Luther in particular that Christ's human nature comes to share in divine attributes should be ascribed instead to his younger contemporary Johannes Brenz The discussion is highly sensitive to the differences between the various Luther groups followers of Brenz and the different factions aligned in varying ways with Melancthon and to the differences between all of these and the Reformed theologians By locating the Christological discussions in their immediate Medieval background Cross also provides a comprehensive account of the continuities and discontinuities between the two eras In these ways it is shown that the standard interpretations of the Reformation debates on the matter are almost wholly mistaken
