The Oxford Handbook of Divine Revelation Balázs M. Mezei, Francesca Aran Murphy, Kenneth Oakes, 2021 This Handbook offers a systemic approach to the notion of revelation in its various theoretical contexts It provides in depth coverage of the theoretical and historical fields in which the notion of revelation is discussed *Mortal and Divine in Early Greek Epistemology* Shaul Tor, 2017-10-12 This book rethinks the relations between reasoning and revelation and therefore the nature of philosophy and religion in archaic Greece The Book of Revelation Simon Patrick Woodman, 2008 This textbook identifies the sections of Revelation in a sensible and helpful way as well as identifying the key theological themes with a view to their context and interpretation *A Critical Examination of the Doctrine of Revelation in Evangelical Theology* Carisa A. Ash, 2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash's study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward *Pandemonium Tremendum* James E. Huchingson, 2010-02-01 James E Huchingson takes computer and information science seriously in this constructive theology Central to his reflection is an understanding of the primordial chaos Pandemonium Tremendum not as destructive but as the source out of which God creates sustains and empowers creatures to become co creators God is For Us Simon C Ponsonby, 2013-04-22 Simon Ponsonby presents 52 inspirational chapters bringing Paul's greatest letter to life and blending careful theological and historical detail with illuminating application Romans is intellectually and theologically massive Augustine of Hippo the great architect of Western theology was converted while reading Romans Martin Luther's encounter with the text led to a personal revival and the European Reformation and Dr Martyn Lloyd Jones refused to teach on Romans for decades until he had grappled with and understood chapter 6 This passionate illuminating devotional will prove a potent means of grace and growth **Religion and Revelation After Auschwitz** Balázs M. Mezei, 2013-04-11 Religion After Auschwitz is a philosophical approach to the notion of revelation Following such authors as A Dulles R Swinburne or K Ward Balázs Mezei investigates some of the main problems of revelation and connects them to the general problem of religion today Religion is considered in the perspective of the age after Auschwitz an expression coined by Hans Jonas and further elaborated by J B Metz Mezei develops the insights of these philosophers and investigates various aspects of religion and revelation after Auschwitz contemporary theistic philosophy phenomenology art mysticism and the question of university

education today A fascinating amalgam of subjects and approaches Religion and Revelation After Auschwitz is an important contribution to contemporary discussions on the possibility of Catholic philosophy **The Doctrine of Sacred Scripture** George Trumbull Ladd,1883 *A Theology of Conversation* Stephen Okey,2018-10-10 Sometimes described as a theologian s theologian David Tracy s scholarship has impacted countless thinkers around the globe The complexity of his thought however has often made engaging his work into a daunting challenge Combining analysis of the most influential features of Tracy s theology theological method the religious classic public theology with a retrieval of his more overlooked interests Christology God Stephen Okey presents the essential themes of Tracy s career in accessible and insightful prose

Re-appropriating “Marvelous Fables” Noël Pretila,2013-10-17 Edwin Hatch provided a colorful portrait of the religious world to which Justin Martyr belonged The main subject matter of literary education amongst the pagans was the poets They were read as we read the Bible They were committed to memory The minds of men were saturated with them A quotation from Homer or from a tragic poet was apposite on all occasions and in every kind of society The Influence of Greek Ideas on Christianity 1957 So when some of these pagans converted to Christianity in Justin s day is it reasonable to assume that they simply forgot these mythical narratives in which they had been reared from childhood Re appropriating Marvelous Fables sets out to argue that this was hardly the case Rather Justin in 1 Apology can be seen taking full advantage of this mythical framework that still loomed large in the minds of fledgling Christian believers and students in his care masterfully re appropriating this popular form of religious discourse for the purpose of solidifying their newfound faith A Peaceable Hope David J Neville,2013-02-15 In the New Testament texts there is significant tension between Jesus s nonviolent mission and message and the apparent violence attributed to God and God s agents at the anticipated end David Neville challenges the ready association between New Testament eschatology and retributive vengeance on christological and canonical grounds He explores the narrative sections of the New Testament the Gospels Acts and Revelation with a view to developing a peaceable as opposed to retributive understanding of New Testament eschatology Neville shows that for every narrative text in the New Testament that anticipates a vehement eschatology another promotes a largely peaceable eschatology This work furthers the growing discussion of violence and the doctrine of the atonement **Old Man Dreaming** John L. Williams,2017-07-25 The most fruitful and most profound understandings of vision and visioning processes are not in organizational theories or management techniques They are instead in the Bible and Christian theology claims the author of this book To explain his case the author analyzes and challenges the views of management experts and consultants regarding vision and visioning processes in secular and church organizations He interprets key biblical stories and texts about vision and explores a theology of vision and place of vision in theology and the church On the basis of his experience and studies the author shares his vision of his own Presbyterian Church s present realities and its pathways to the future **An American Commentary on the New Testament** Alvah Hovey,1888 **Book 7 Revelation HC** Kurt Jurgensmeier,2012-08-22 How

and why has God spoken to us Answering these questions involves the immense topic of divine revelation Our purpose in this book is to provide a biblical study of the various types and purposes of the myriad of different methods of divine revelation In the process we endeavor to answer such critical and controversial questions as How do we know when God is speaking What has been the progression of divine revelation What are the only two methods of revelation that God uses to communicate to all of humanity Why is Scripture so authoritative and sufficient for the Christian life What are the several vital but often neglected ways that God speaks to us apart from Scripture How does God expect us to make decisions and does He have a personal will for our lives that cannot be found in Scripture Does God speak to us by planting thoughts in our mind

The Word Among Us Terry L. Burden, 2022-07-19 The Word Among Us Theologies of the Hebrew Bible Old Testament is a topical approach to the study of the Judeo Christian Bible Each topic is a survey of the many theological themes we encounter in the Biblical narrative such as the theology of Biblical History Torah Moses Election Covenant Land Kingship Prophecy and many more Special topics include The Theology of the Fall of Israel Theology of Messianic Expectations and The Theology of Israel Of particular interest is The Theology of Story which introduces the story oriented literary discipline At the center of Biblical theology is the tragic fall of the Northern Kingdom of Israel in 722 B C E and the Southern Kingdom of Judah in 586 B C E From these periods many of the theological motifs such as covenant law and prophecy arise to address and to explain these tragedies in Israelite history The primary purpose of the present study is a better understanding of the theological function of these motifs or themes A theological function is the power of a Biblical narrative to constitute and to restore the Israelite people who were struggling to survive the late period of Biblical history A special feature of my study are the several promptings from Biblical topics of the many discussions that relate to the New Testament and Christian teachings My approach to the study of the Hebrew Bible Old Testament is unique among other introductions to the Hebrew Bible This book therefore is very important to both the Jewish and the Christian reader

God's Apocalyptic Insurrection Richard D. Crane, 2024-10-15 What if our inherited theologies of salvation are distorted by a sinful history that includes white supremacy slavery and colonial conquest What if we perpetuate this distortion by continuing to imagine salvation as a legal transaction by which we are saved by God from divine punishment If salvation merely rectifies the individual's standing before God justice and human flourishing are viewed as peripheral to the gospel This book begins with a bit of deconstruction But the real need is construction or perhaps the discovery of another soteriological imagination To be saved is to be drawn into union with Jesus Messiah the bringer of the now and future reign of God where all things are rectified Jesus's life death and resurrected body are the space where a disordered creation is put right Jesus is God's apocalyptic insurrection against every power that dehumanizes harms and destroys human persons We are saved by the triune God by God's gracious acceptance that cannot be earned But we are saved for participation in the invasion of God's reign of justice healing and transformation Salvation has everything to do with caring for refugees resisting systemic racial and other injustices food for the hungry and

valuing human persons as Christ incognito Bases of Religious Belief, Historic and Ideal Charles Mellen Tyler, 1897

Sinners in the Presence of a Loving God R. Zachary Manis, 2019 In Sinners in the Presence of a Loving God R Zachary Manis examines in detail the several facets of the problem of hell considers the reasons why the usual responses to the problem are unsatisfying and suggests how an adequate solution to the problem can be constructed **Religion, Revelation & Reason** Eric Rust, 1981 This book begins with a general consideration of religious experience and moves to a defense of the Christian revelation as the normative one for all other divine disclosures This means that increasingly the book moves towards a defense of theistic thought as contrasted with other religious systems This emphasis on the approach to the understanding of God typical of the Judaeo Christian and Islamic traditions has meant a preoccupation with issues particularly significant for this way of thinking the nature of man the understanding of the creative process the problem of human survival beyond death and the mystery of evil I have however brought in the views of other religious systems and offered a critique of their relationship to the theistic position Wherever thought has moved to the specific content of the Christian disclosure in Jesus Christ I have stopped short Philosophy of religion and theistic philosophy in particular are only prolegomena to the task of the Christian theologian **SCM Core Text: The Book of Revelation** Simon Woodman, 2013-01-25 For most people Revelation is a book that is either largely ignored or it is the object of such fanatical study and fanciful interpretation that it passes from the realm of the interesting and helpful into the realm of fantasy and speculation Much literature has been published in recent years on its interpretation some of which is scholarly and technical and some of which is populist and accessible The problem is that the technical and scholarly material frequently requires careful and detailed study combined with an advanced level of knowledge whereas much of the populist material tends toward the fanatical and fanciful The aim of this book is to bridge this gap It is written with second and third year university students in mind and would also be helpful for pastors and those in local churches who want to take seriously their study of this often needlessly confusing biblical book
