Divining Women

**C.B. Carlston, R.A. Mathias, C.W.
Shilling**

Divining Women:

Divining Woman Jane Flower, 2024-04-30 *Divining Woman* is directed to both the academic for research praxis and general reader interested in female history. It takes the reader on a historical journey from the rise of patriarchy and its grand narratives that defined the place of women in western culture and which still resonate today. At the same time is the lesser but extremely interesting history of a contemporary woman as she navigates the place of one woman in today's world and how the reader might evaluate their own place as a creative force in reclaiming her voice, culture and lineage today. The author takes a systemic approach in her research that introduces a different history of certain women throughout time with their specific characteristics and skills as well as their impactful actions. It is a reclamation of female culture and a newfound history of female genealogy within a framework that covers the female spiritual in Celtic, Christian, Buddhist and the secular arts. The in-depth research, historical and cultural interplay, literary quests and myths promote a compelling case of women's fight against subjugation and exclusion. This is both academic research and feminist storytelling intertwined with historical events that provide the reader with a creative insight into the topic. On one hand, academic research and analysis style gives an overview of patriarchy and its effects past and present and on the other, the first person narration, personal anecdotes and storytelling help bring *Divining Woman* to life. Content is thus enhanced and complemented by these two styles. This thesis places the reader in a prime position to launch the young academic on the road to finding solutions outside the mainstream schools of thought because it is honest, personable and thoroughly academically researched. **Women's Divination in**

Biblical Literature Esther J. Hamori, 2015-04-28 Divination, the use of special talents and techniques to gain divine knowledge, was practiced in many different forms in ancient Israel and throughout the ancient world. The Hebrew Bible reveals a variety of traditions of women associated with divination. This sensitive and incisive book by respected scholar Esther J. Hamori examines the wide scope of women's divinatory activities as portrayed in the Hebrew texts, offering readers a new appreciation of the surprising breadth of women's arts of knowledge in biblical times. Unlike earlier approaches to the subject that have viewed prophecy separately from other forms of divination, Hamori's study encompasses the full range of divinatory practices and the personages who performed them, from the female prophets and the medium of En-dor to the matriarch who interprets a birth omen and the wise women of Tekoa and Abel and more. In doing so, the author brings into clearer focus the complex, rich and diverse world of ancient Israelite divination. **Women's Ritual in Formative Oaxaca**

Joyce Marcus, 1998-01-01 This book covers divination, figurine making and women's ritual treatment of ancestors in the Valley of Oaxaca, Mexico, from 1600 to 500 BC. **Divining the Woman of Endor** J. Kabamba Kiboko, 2018-08-23 An examination of the language of divination in the Hebrew Bible, particularly in 1 Samuel 28:3-25, the oft-called Witch of Endor passage. Kiboko contends that much of the vocabulary of divination in this passage and beyond has been mistranslated in authorized English and other translations used in Africa and in scholarly writings. Kiboko argues that the woman of Endor is

not a witch The woman of Endor is rather a diviner much like other ancient Near Eastern and modern African diviners She resists an inner biblical conquest theology and a monologic authoritarian view of divination to assist King Saul by various means including invoking the spirit of a departed person Samuel Kiboko carries out a Hebrew word study shaped by the theories of Mikhail M Bakhtin regarding the utterance heteroglossia and dialogism in order to understand the designative connotative emotive and associative meanings of the many divinatory terms in the Hebrew Bible She then examines 1 Samuel 28 and a number of prior translations thereof using the ideological framework of African feminist postcolonial biblical interpreters and translation theories to uncover the hidden ideology or transcript of these translations Finally using African contextual cultural hermeneutics and cross cultural translation theory Kiboko offers new English French and Kisanga translations of this passage that are both faithful to the original text and more appropriate to an inculturated liberation African Christian hermeneutic theology and praxis

The Ojibwa Woman Ruth Landes,1997-01-01 In the 1930s young anthropologist Ruth Landes crafted this startlingly intimate glimpse into the lives of Ojibwa women a richly textured ethnography widely recognized as a classic study of gender relations in a native society Sexuality and violence marital rights and responsibilities and more are thoughtfully examined Landes s pioneering work continues to inspire lively debate today

NOAA Diving Manual United States. National Oceanic and Atmospheric Administration. Diving and Subaquatic Medicine Carl Edmonds, Michael Bennett, John Lippmann, Simon Mitchell, 2015-09-11 Considered an essential resource by many in the field Diving and Subaquatic Medicine remains the leading text on diving medicine written to fulfil the requirements of any general physician wishing to advise their patients appropriately when a diving trip is planned for those accompanying diving expeditions or when a doctor is required to assess **Identity and Ritual in a Japanese Diving Village** D. P. Martinez, 2004-04-30 Through her detailed description of a particular place Kuzaki cho at a particular moment in time the 1980s D P Martinez addresses a variety of issues currently at the fore in the anthropology of Japan the construction of identity both for a place and its people the importance of ritual in a country that describes itself as nonreligious and the relationship between men and women in a society where gender divisions are still very much in place Kuzaki is for the anthropologist both a microcosm of modernity and an attempt to bring the past into the present But it must also be understood as a place all of its own In the 1980s it was one of the few villages where female divers ama still collected abalone and other shellfish and where some of its inhabitants continued to make a living as fishermen Kuzaki was also a kambe or sacred guild of Ise Shrine the most important Shinto shrine in modern Japan home to Amaterasu the sun goddess Kuzaki s rituals affirmed a national identity in an era when attitudes to modernity and Japaneseness were being challenged by globalization Martinez enhances her fascinating ethnographic description of a single diving village with a critique of the way in which the anthropology of Japan has developed The result is a sophisticated investigation by a senior scholar of Japanese studies that while firmly grounded in empirical data calls on anthropological theory to construct another means of understanding Japan both as a society in which the collective is important and as a place where individual ambitions and desires can be expressed **African Divination Systems** Philip M. Peek, 1991 This volume of finely crafted case studies is also the vehicle for an important general theory of divination this is a book overflowing with ideas that will powerfully stimulate further research Journal of Ritual Studies The essays in this collection provide a very useful overview of both the diversity of African divination systems and of recent approaches to their study Choice This unique collection of essays by an exceptional international group of Africanists demonstrates the central role that divination continues to play throughout Africa in maintaining cultural systems and in guiding human action African Divination Systems offers insights for current discussions in comparative epistemology cross cultural psychology cognition studies semiotics ethnosience religious studies and anthropology Deep Sea Diving Jasper Quincy, AI, 2025-03-10 Venture into the extreme depths with Deep Sea Diving a comprehensive exploration of underwater exploration that balances adventure with earth science This book reveals the science technology and human endurance required to dive into the challenging deep sea environment Discover how divers overcome immense pressure and the physiological dangers they face such as decompression sickness The book also highlights the innovative methods and diving equipment including rebreather systems developed to facilitate underwater breathing and survival Delving into the evolution of diving technology the book progresses historically from early diving bells

to modern systems showcasing human ingenuity It also examines the inherent risks involved in deep sea diving including equipment malfunctions and unpredictable marine life emphasizing the importance of safety protocols By combining scientific rigor with accessible explanations Deep Sea Diving provides a valuable resource for students divers and anyone interested in the science and adventure of underwater exploration Beginning with fundamental principles like pressure and buoyancy the book moves into diving physiology and the effects of pressure on the human body It then explores various diving methods and equipment before concluding with the importance of deep sea diving for scientific research and technological advancement

Sojourner Truth Isabelle Kinnard Richman, 2016-04-28 Although Sojourner Truth was born into bondage and oppression in liberation she emerged as a leader in the most radical causes of her era She travelled the country as an outspoken and riveting presence battling for the abolition of slavery and for women s suffrage While her role in these movements has been well documented biographers have frequently overlooked the influence of religion in Truth s life A participant in a number of the most significant religious movements of her day including the Methodist Perfectionists the Kingdom of Matthias the Utopians and the Spiritualists Truth drew her notions of justice from religion Sojourner Truth Prophet of Social Justice provides a concise biography of this important figure integrating her religious life in ways that shed light on Truth s work and the religious movements of her day Accompanied by primary source documents including political records speech transcripts and selections from her autobiography Richman s biography provides a rich and accessible narrative of Truth s life and legacy

NOAA Diving Manual United States. Office of Ocean Engineering, 1979

The Physician's Guide to Diving Medicine C.B. Carlston, R.A. Mathias, C.W. Shilling, 2012-12-06 This book is designed to be a physician s guide for those interested in diving and hyperbaric environments It is not a detailed document for the erudite researcher rather it is a source of information for the scuba diving physician who is searching for answers put to him by his fellow nonmedical divers Following the publication of *The Underwater Handbook A Guide to Physiology and Performance for the Engineer* there were frequent requests for a companion volume for the physician This book is designed to fill the void Production of the book has been supported by the Office of Naval Research and by the Bureau of Medicine and Surgery Research and Development Command under Navy Contract No N000014 78 C 0604 Our heartfelt thanks go to the many authors without whose contributions the book could not have been produced These articles are signed by the responsible authors and the names are also listed alphabetically in these preliminary pages Every chapter was officially reviewed by at least one expert in the field covered and these reviewers are also listed on these pages Our thanks go to them for their valuable assistance We are grateful to Marthe Beckett Kent for editing Chapter III Our thanks also go to Mrs Carolyn Paddon for typing and retyping the manuscripts and to Mrs Catherine Coppola who so expertly handled the many fiscal affairs

Encyclopedia of Contemporary Writers and Their Work Geoff Hamilton, Brian Jones, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of authors associated with the English language fiction of the

twentieth and twenty first centuries Women and Pressure Caroline E. Fife, Marguerite St. Leger Dowse, 2010-01-01

Women and Pressure is a remarkable look at women's progress in the fields of diving and altitude. With content ranging from the history of women divers, combat pilots and astronauts to the unique physiological characteristics of females working and playing in altered barometric pressure environments, this book is long overdue. Featuring contributions from 35 authors, many of whom are pioneers in their field, it represents a wide range of disciplines and offers a comprehensive dialogue about the effects of pressure on women. This book is a must read for women divers, dive instructors, men who dive with women, and anyone involved in these fields. As an admirable collection of the current research and attitudes regarding the most frequent concerns of divers, instructors and aviators, topics are explored on a level of seriousness and urgency. The essays included in this text contain crucial discussions of such relevant factors as pregnancy, the menstrual cycle, and decompression illness. Decompression illness susceptibility compared with men, fitness to dive, thermal tolerance, equipment, legal issues, and women in the workplace. The pool of information in this book displays the serious nature of a text addressing the past, present, and future of issues of consequence in relation to the well being of the women involved. From the Foreword: It is obviously important to have a good understanding of how women's physical and psychological responses might differ from those experienced by men. I believe that this book is a scholarly attempt to answer these questions, and I hope that it will make a valuable contribution to the health and welfare of women engaged in these highly specialized occupations. HRH Prince Philip, Duke of Edinburgh. Over the years, different data, theories, and hypotheses have been proffered, but there has never been an authoritative compendium on these issues. This is perhaps the only work in existence that in one place provides physicians, physiologists, and other interested divers and aerospace professionals with what's broadly known about the subject of women in diving and aerospace. Karl Shreeves, The Undersea Journal 2010. Proceeds from this book will go to the Diving Diseases Research Center to support further diving research.

Whispering the Secrets of Language: An Psychological Quest through **Divining Women**

In a digitally-driven earth wherever displays reign great and quick transmission drowns out the subtleties of language, the profound secrets and mental nuances hidden within words often get unheard. However, set within the pages of **Divining Women** a captivating literary prize blinking with natural feelings, lies a fantastic quest waiting to be undertaken.
