Marlow, S.R. Sauber, 2013-06-29 Mediation as a procedure to assist couples in dealing with the problems incident to their separation and divorce is still relatively new in the United States For the would be practitioner that poses certain problems Divorce mediation cannot provide a long history of generally accepted procedures Nor is there even a body of information to which would be practitioners can turn for instruction or guidance And of course there are no established schools that can train or prepare a practitioner to do this work To make matters worse the situation is likely to remain in this state for some time to come Given this fact it was felt that it would be useful for practitioners even for those already engaged in divorce mediation to have a handbook which would trace a typical mediation from its inception to its conclusion and which would provide them with the substantive information they need to know in order to do divorce mediation It is hoped that this handbook will fill this need Having said that however it must be acknowledged that the purpose of this book is very much beyond that Until now divorce mediation in the United States has been shaped principally by such books as O J Coogler's Structured Mediation in Divorce Settlements A Handbook for Marital Mediators 1 and John Haynes Divorce Mediation 2 A Practical Guide for Therapists and Counselors **Civil and Criminal Codes of Practice of Kentucky** Kentucky, 1895 *Mixing Metaphors* Sarah J. Dille, 2004-07-01 While most treatments of biblical metaphor examine individual metaphors in isolation Sarah J Dille presents a model for interpretation based on their interaction with one another Using Lakoff and Johnson's category of

metaphoric coherence she argues that when nonconsistent or contradictory metaphors appear together in a literary unit the areas of overlap coherence are highlighted in each Using the images of father and mother in Deutero Isaiah as a starting point she explores how these images interact with others for example the divine warrior the redeeming kinsman the artisan of clay or the husband The juxtaposition of diverse metaphors common in Hebrew prophetic literature highlights common entailments enabling the reader to see aspects of the image which would be overlooked or invisible if read in isolation Dille argues that any metaphor for God can only be understood if it is read or heard in interaction with others within a particular cultural context
