Dispatches From Palestine The Rise And Fall Of The Oslo Peace Process:

Dispatches from Palestine Graham Usher, 1999-05-20 The 1994 Oslo accords between Israel and the Palestinians were hailed as the start of a process that would bring about resolution of the Israeli Arab conflict Five years later Oslo must be judged a failure For the Arab and Islamic world Israel remains what it was at the outset of Oslo a pariah state illegally occupying Arab lands Gaza based journalist Graham Usher witnessed many of the pivotal events of the peace process and his insightful new book gives voice to the people of Palestine In addition to presenting the views of ordinary individuals on the street the book includes interviews with many of the leading commentators and figures from Palestinian Hamas and Fatah Lebanese Hezbollah and Shas the Sephardic Jews within Israel Among the key figures interviewed are Azmi Bishara Arab activist Israeli citizen running for President Yossi Beilin former Israeli Labour Cabinet member Aryeh Deri Shas Marwan Barghouti Fatah and Ibrahim Ghoshah Hamas The collection also contains longer analytical pieces that describe the rise of Hamas in the occupied territories the growing authoritarianism of Yassar Arafat s Palestinian Authority the politics of Hezbollah in Lebanon and the causes behind the nihilistic violence of the Gamaa Islamiyya in Egypt Dispatches from Palestine offers the contemporary history of a process that has irreversibly changed the nature of the Israeli Palestinian conflict and one whose failure is bound to leave its mark on the region and the world in the future **The Discourse of**

Palestinian-Israeli Relations Sean F. McMahon, 2010-04-15 Many observers have portrayed the Oslo Process as a milestone in the peacemaking process between Palestinians and Israelis In this controversial and groundbreaking new work McMahon challenges the interpretation of the Oslo Process as a breakthrough or new beginning in Palestinian Israeli relations He argues that the Oslo Process affected no discursive or non discursive change and that the Oslo Process in fact institutionalized the analytics practices involved in Israeli and Palestinian relations It should McMahon concludes be no surprise that the process ended with direct Palestinian Israeli violence This book will be crucial reading for scholars of Israeli and Palestinian relations as well as anyone who is interested in understanding what discursive change must occur for peace between Israel and Palestinians to be established and sustained **The Oslo Accords 1993-2013** Petter

Bauck, Mohammed Omer, 2013-09-09 Twenty years have passed since Israel and the Palestine Liberation Organization concluded the Oslo Accords or Declaration of Principles on Interim Self Government Arrangements for Palestine It was declared a political breakthrough of immense importance Israel officially accepted the PLO as the legitimate representative of the Palestinian people and the PLO recognized the right of Israel to exist Critical views were voiced at the time about how the self government established under the leadership of Yasser Arafat created a Palestinian administered Israeli occupation rather than paving the way towards an independent Palestinian state with substantial economic funding from the international community Through a number of essays written by renowned scholars and practitioners the two decades since the Oslo Accords are scrutinized from a wide range of perspectives Did the agreement have a reasonable chance of success

What went wrong causing the treaty to derail and delay a real workable solution What are the recommendations today to show a way forward for the Israelis and the Palestinians *Special Bibliography Series*, 1957

Identity and Religion in Palestine Loren D. Lybarger, 2018-06-05 This remarkable book examines how the Islamist movement and its competition with secular nationalist factions have transformed the identities of ordinary Palestinians since the first Palestinian uprising or intifada of the late 1980s Drawing upon his years living in the region and more than eighty in depth interviews Loren Lybarger offers a riveting account of how activists within a society divided by religion politics class age and region have forged new identities in response to shifting conditions of occupation peace negotiations and the fragmentation of Palestinian life Lybarger personally witnessed the tragic days of the first intifada the subsequent Oslo Peace Process and its failures and the new escalation of violence with the second intifada in 2000 He rejects the simplistic notion that Palestinians inevitably fall into one of two camps pragmatists who are willing to accept territorial compromise and extremists who reject compromise in favor of armed struggle Listening carefully to Palestinians themselves he reveals that the conflicts evident among the Islamists and secular nationalists are mirrored by the internal struggles and divided loyalties of individual Palestinians Identity and Religion in Palestine is the first book of its kind in English to capture so faithfully the rich diversity of voices from this troubled part of the world Lybarger provides vital insights into the complex social dynamics through which Islamism has reshaped what it means to be Palestinian *The Israeli-Palestinian Conflict* Beverley Milton-Edwards, 2008-07-30 The conflict between Israelis and Palestinians is one of the most enduring and complex in the modern world But why did the conflict break out Who is demanding what and why is peace so difficult to achieve The Israeli Palestinian Conflict tackles the subject and analyses the conflict from its historical roots in the late nineteenth century to the present attempts at conflict resolution in the twenty first century Framing the debate and analysis around issues such as Zionism Palestinian nationalism international peace efforts the refugees state building democracy and religious opposition and highlighted by first hand quotes and sources of the conflict from its major participants Beverley Milton Edwards explores the deep impact of the conflict on regional politics in the Middle East and why the enmity between Palestinians and Israelis has become a number one global issue drawing in the world s most important global actors An essential insight into the complexities of one of the world s most enduring conflicts between Israelis and Palestinians this textbook is designed to make a complex subject accessible to all Key features include a chronology of events and annotated further reading at the end of each chapter The Israeli Palestinian Conflict is an ideal and authoritative introduction into aspects of politics in Israel among the Palestinians a vitally important issue for those studying the politics of the Middle East

Young, John Kent, 2020 This textbook provides description and analysis of the Cold War and its aftermath It covers the period from all angles with focus on regional developments as well as global interactions and also gives due consideration to economic and strategic issues *Where Now for Palestine?* Jamil Hilal, 2013-07-04 Where Now for Palestine

marks a turning point for the Middle East Since 2000 the attacks of 9 11 the death of Arafat and the elections of Hamas and Kadima have meant that the Israel Palestine two state solution now seems illusory This collection critically revisits the concept of the two state solution and maps the effects of local and global political changes on both Palestinian people and politics The authors discuss the changing face of Fateh Israeli perceptions of Palestine and the influence of the Palestinian diaspora The book also analyzes the environmental destruction of Gaza and the West bank the economic viability of a Palestinian state and the impact of US foreign policy in the region This authoritative and up to date guide to the impasse facing the region is required reading for anyone wishing to understand a conflict entrenched at the heart of global politics

Hamas Khaled Hroub,2009 *Democratisation in the Middle East* Birgitte Rahbaek,2005-12-01 The main aim of the book is to provide a forum for opinions held by Arabs who are neither Western puppets nor fanatical nationalists or Islamists but rather academics with a vast knowledge of the Middle East as well as of the West The authors all support the building of a democratic secular Middle East but their writings also show that although there is no easy way to achieve this goal neither is there any excuse for not making the attempt Contributors Nader Fergany author of the Arab Human Development Reports Raymond Hinnebusch professor of International Relations and Middle East Politics University of St Andrews Yezid Sayigh consultant to the international donor community in Palestine Samir Aita Syrian scholar and dissident Graham Usher British journalist Hanan Rabbani Palestinian consultant for Amnesty International Mai Yamani Saudi Arabia research fellow with the Middle East Programme at the Royal Institute of International Affairs Chatham House Fowziyah Abu Khalid Saudi sociologist Amal Shlash Iraq Huda Al Nu aimi Iraq Jgen S Nielsen Professor director of the Danish Institute in Damascus

Trans-Colonial Urban Space in Palestine Maha Samman,2013-06-26 Taking a multidisciplinary approach to examine the dynamics of ethno national contestation and colonialism in Israel Palestine this book investigates the approaches for dealing with the colonial and post colonial urban space resituating them within the various theoretical frameworks in colonial urban studies The book uses Henry Lefebvre s three constituents of space perceived conceived and lived to analyse past and present colonial cases interactively with time It mixes the non temporal conceptual framework of analysis of colonialism using literature of previous colonial cases with the inter temporal abstract Lefebvrian concepts of space to produce an inter temporal re reading of them Israeli colonialism in the occupied areas of 1967 its contractions from Sinai and Gaza and the implications on the West Bank are analysed in detail By illustrating the transformations in colonial urban space at different temporal stages a new phase is proposed the trans colonial This provides a conceptual means to avoid the pitfalls of neo colonial and post colonial influences experienced in previous cases and the book goes on to highlight the implications of such a phase on the Palestinians It is an important contribution to studies on Middle East Politics and Urban Geography

Hamas and Suicide Terrorism Rashmi Singh,2013-01-11 This book analyses the root causes of suicide terrorism at both the elite and rank and file levels of the Hamas and also explains why this tactic has disappeared in the post 2006 period

This volume adopts a multi causal multi level approach to analyse the use of suicide bombings by Hamas and its individual operatives in the Israeli Palestinian conflict It uses extensive fieldwork and on the ground interviews in order to delve beneath the surface and understand why and how suicide operations were adopted as a sustained mechanism of engagement within the Israeli Palestinian conflict Three core factors fuelled Hamas s suicide bombing campaigns First Palestinian suicide operations are a complex combination of instrumental and expressive violence adopted by both organisations and individuals to achieve political and or societal survival retaliation and competition In other words suicide bombings not only serve distinct political and strategic goals for both Hamas and its operatives but they also serve to convey a symbolic message to various audiences within Israel the Palestinian territories and around the world Second suicide operations perform a crucial role in the formation and consolidation of Palestinian national identity and are also the latest manifestation of the historically entrenched cultural norm of militant heroic martyrdom Finally Hamas s use of political Islam also facilitates the articulation justification and legitimisation of suicide operations as a modern day jihad against Israel through the means of modern interpretations and fatwas This approach not only facilitates a much needed multifaceted holistic understanding of suicide bombings in this particular region but also yields policy relevant lessons to address extreme political violence in other parts of the world This book will be of much interest to students of Hamas terrorism Middle East politics and security studies

Hamas and Civil Society in Gaza Sara Roy,2013-11-10 A revealing look at Islamic social institutions in Gaza and the West Bank Many in the United States and Israel believe that Hamas is nothing but a terrorist organization and that its social sector serves merely to recruit new supporters for its violent agenda Based on Sara Roy s extensive fieldwork in the Gaza Strip and West Bank during the critical period of the Oslo peace process *Hamas and Civil Society in Gaza* shows how the social service activities sponsored by the Islamist group emphasized not political violence but rather community development and civic restoration Roy demonstrates how Islamic social institutions in Gaza and the West Bank advocated a moderate approach to change that valued order and stability not disorder and instability were less dogmatically Islamic than is often assumed and served people who had a range of political outlooks and no history of acting collectively in support of radical Islam These institutions attempted to create civic communities not religious congregations They reflected a deep commitment to stimulate a social cultural and moral renewal of the Muslim community one couched not only or even primarily in religious terms Vividly illustrating Hamas s unrecognized potential for moderation accommodation and change *Hamas and Civil Society in Gaza* also traces critical developments in Hamas s social and political sectors through the Second Intifada to today and offers an assessment of the current more adverse situation in the occupied territories The Oslo period held great promise that has since been squandered This book argues for more enlightened policies by the United States and Israel ones that reflect Hamas s proven record of nonviolent community building

Security and Environment in the Mediterranean
Hans Günter Brauch,2003 In this volume security specialists peace researchers environmental scholars demographers as

well as climate desertification water food and urbanisation specialists from the Middle East and North Africa Europe and North America review security and conflict prevention in the Mediterranean They also analyse NATO s Mediterranean security dialogue and offer conceptualisations on security and perceptions of security challenges as seen in North and South The latter half of the book analyses environmental security and conflicts in the Mediterranean and environmental consequences of World War II the Gulf War the Balkan wars and the Middle East conflict It also examines factors of global environmental change population growth climate change desertification water scarcity food and urbanisation issues as well as natural disasters Furthermore it draws conceptual conclusions for a fourth phase of research on human and environmental security and peace as well as policy conclusions for cooperation and partnership in the Mediterranean in the 21st century

Islamism Anders Strindberg,Mats Wärn,2011-11-07 Islamism has emerged as one of the most significant political ideologies of the 21st century From the Islamic Revolution in Iran to the grinding struggle of Hizballah in Lebanon and the devastating 9 11 attacks by al Qa ida Islam has become both a critical discourse and a framework for active resistance which levels a potent challenge against the ideals of modern secularism and the structures of Western hegemony This book offers a rigorous and balanced analysis of how and why Islamism has risen to the fore as the dominant voice of Islamic discourse and what accounts for the often vastly different political agendas tactical choices and strategic objectives of individual Islamist groups It shows how a common Islamist language of resistance and defiance acquires distinctive meanings and implications in different local contexts as well as how these local struggles connect to each other Drawing on important insights from social psychology critical studies and post colonial studies the book pinpoints the underlying dynamic that drives Islamist struggles in the world today and shows how diverse experiences of repression and humiliation real or perceived are translated into an equally diverse collection of struggles aimed at promoting an alternative social order of independence and dignity framed by Islam Islamism will be essential reading for students and scholars of Islamic Studies as well as general readers with an interest in the role and status of Islam in contemporary international politics

Neoliberal Apartheid Andy Clarno,2017-03-07 In recent years as peace between Israelis and Palestinians has remained cruelly elusive scholars and activists have increasingly turned to South African history and politics to make sense of the situation In the early 1990s both South Africa and Israel began negotiating with their colonized populations South Africans saw results the state was democratized and black South Africans gained formal legal equality Palestinians on the other hand won neither freedom nor equality and today Israel remains a settler colonial state Despite these different outcomes the transitions of the last twenty years have produced surprisingly similar socioeconomic changes in both regions growing inequality racialized poverty and advanced strategies for securing the powerful and policing the racialized poor Neoliberal Apartheid explores this paradox through an analysis of de colonization and neoliberal racial capitalism After a decade of research in the Johannesburg and Jerusalem regions Andy Clarno presents here a detailed ethnographic study of the precariousness of the poor in Alexandra

township the dynamics of colonization and enclosure in Bethlehem the growth of fortress suburbs and private security in Johannesburg and the regime of security coordination between the Israeli military and the Palestinian Authority in the West Bank The first comparative study of the changes in these two areas since the early 1990s the book addresses the limitations of liberation in South Africa highlights the impact of neoliberal restructuring in Palestine and argues that a new form of neoliberal apartheid has emerged in both contexts *Between the Lines* Taufic Haddad, Tikva Honig-Parnass, 2010-11 This compilation of essays edited by a Palestinian writer and an Israeli journalist constitutes a challenge to critically rethink the Israeli Palestinian conflict *Between the Lines* presents a groundbreaking study that brings together insights from across the lines of conflict to put the latest chapter of Israeli apartheid and Palestinian resistance into context Contributors include Marwan Barghout Dr Azmi Bishara Dr Sami Shalom Chetrit Dr Saleh Abdel Jawwad Husam Khader Eileen Kuttub Dr Yitzhak Laor Dr Adi Ophir Dr Ilan Pappé Linda Tabar Graham Usher and Dr Jamal Zahalqa *Gaza Nakba 2023-2024* Hiroyuki Suzuki, Keiko Sakai, 2025-01-15 This book is one of the first edited volumes on the current Israel Palestine conflict the Gaza Nakba 2023 24 It contains contributions from both young post doctoral researchers and more seasoned scholars from Japan These authors with their rich experience of field work in the region and their interdisciplinary approaches are able to provide critical analyses on the current breakdown of humanitarian norms the dysfunctional state of international organizations and the breakdown of conflict management and peace building The unique viewpoints of Japanese scholars are shared regarding their understanding of the critical developments in Gaza since October 7 2023 Further these chapters analyze the background of the conflict focusing on popular sentiments national identity and historical memory in Israel Palestine and the importance of space and land as national and cultural symbols using rich and updated written and visual data from the region This work significantly challenges prevailing arguments as it avoids stereotyped understandings of the persistence of religious and ethnic hatred the proxy relationships of global powers e g USA and regional ones Iran and regional rivalries over geopolitical and economic interests in the Middle East Such arguments as these provide no more than a quick divide and rule type of solution encouraging merely superficial diplomatic coordination among the major global powers rather than a real solution Alternatively this book provides a new framework for understanding the structure of the conflict making way for solving the problem from the popular level and delving deeply into reconsideration of the durability or non durability of the state system in the Middle East and a Western originated liberal international order and norm in general The book also discloses the severe reality that human rights in the Global South are often neglected In this sense the purpose of this work is to disclose the significance of the Gaza War as an iconic event which reveals all the contradictions inequalities and injustices in a global historical context This book is essential for anyone who wants a fresh and expert consideration of the Israel Palestine Gaza issue which avoids the often parochial stereotypes that attend it in the West and which views it through a global lens Juan Cole Richard P Mitchell Collegiate Professor of History University of Michigan **Making Trouble** Lynne

Segal,2017-07-25 What happens when angry young rebels become wary older women raging in a leaner meaner time a time which exalts only the new when the ruling orthodoxy daily disparages everything associated with the old Delving into her own life and those who left their mark on it Lynne Segal journeys through time to consider her generation of female dreamers the experiences that formed them what they have left to the world and how they are remembered in a period when pessimism pervades public life Searching for answers she studies her family history sexual awakening and ethnicity as well as the peculiarities of the time and place that shaped her political journey with all its urgency significance pleasures and absurdities

Israel's Occupation Dr. Neve Gordon,2008-10-02 This first complete history of Israel s occupation of the West Bank and the Gaza Strip allows us to see beyond the smoke screen of politics in order to make sense of the dramatic changes that have developed on the ground over the past forty years Looking at a wide range of topics from control of water and electricity to health care and education as well as surveillance and torture Neve Gordon s panoramic account reveals a fundamental shift from a politics of life when for instance Israel helped Palestinians plant more than six hundred thousand trees in Gaza and provided farmers with improved varieties of seeds to a macabre politics characterized by an increasing number of deaths Drawing attention to the interactions excesses and contradictions created by the forms of control used in the Occupied Territories Gordon argues that the occupation s very structure rather than the policy choices of the Israeli government or the actions of various Palestinian political factions has led to this radical shift
