Disraeli The Rise A New Imperi:

Disraeli and the Rise of a New Imperialism C. C. Eldridge, 1996 This work provides a study of Benjamin Disraeli one of the most enigmatic British political characters of the 19th century Later generations associated the name of Disraeli with an awakening of the imperial spirit which they dubbed the New Imperialism Was Disraeli a prophet and pioneer of the New Imperialism or merely a charlatan intent on short term political gain **The Historiography of Gladstone and Disraeli**

Ian St John, 2016-08-03 This book traces the often sharply differing perspectives historians have formed with regard to the key incidents in the careers of the two foremost politicians of the Victorian age Gladstone and Disraeli Following the parallel careers of both men it focuses upon a series of contentious questions ranging from why Disraeli opposed Corn Law repeal in 1846 and Gladstone abandoned his High Tory politics for Peelism to whether Disraeli was ever an Imperialist and why Gladstone took up the cause of Irish Home Rule By juxtaposing the contrasting interpretations advocated by historians it brings home to students how history is a continually evolving subject in which every generation poses new questions or reformulates answers to old ones encouraging those studying the subject to realise that history is an ongoing dialogue to which they are called upon to contribute *Empire as the Triumph of Theory* Edward Beasley, 2005 A key addition to our understanding of the Victorian era British Empire this book looks at the founders of the Colonial Society and the ideas that led them down the path to imperialism Hegemonic Peace and Empire Ali Parchami, 2009-03-04 This book examines the language and the ideology of the Pax Romana the Pax Britannica and the Pax Americana within the broader contexts of hegemony and empire It addresses three main themes a conceptual examination of the way in which hegemony has been justified a linguistic study of how the notion of pax usually translated as peace has been used in ancient and modern times and a study of the international orders created by Rome and Britain Using an historiographical approach the book draws upon texts from Greco Roman antiquity and sources from the nineteenth twentieth and twenty first centuries to show how the pax ideology has served as a justification for hegemonic foreign policy and as an intellectual exercise in power projection From Tacitus condemnation of what he described as creating a wilderness and calling it peace to debates about the establishment of a Pax Americana in post Saddam Hussein s Iraq the book shows not only how the governing elite in each of the three hegemonic orders prescribed to a loose interpretation of the pax ideology but also how their internal disagreements and different conceptualisations of pax have affected the process of empire building This book will be of interest to students of international history empire and International Relations in general *Victorian Narrative Technologies in the Middle East* Cara Murray, 2008-06-15 Using narrative theory and postcolonial theory this study reveals the cultural changes that turned England from a nation that abstained from investing in the internationally conceived Suez Canal to an imperial power who by 1875 owned it Arguing that literary genre was itself a technology that spread imperialism Murray shows how roads canals and novels colonized the Middle East Disraeli and the Art of Victorian Politics Ian St John, 2010 This book is a

comprehensive review of the political career of Benjamin Disraeli providing a thorough critical analysis of one of the most ambitious and controversial leaders in British history Disraeli and the Art of Victorian Politics is a major addition to our understanding of the dynamics of nineteenth century politics "All is Race" Simone Beate Borgstede, 2011 Inspired by Hannah Arendt's discussion of the Victorian Tory politician and novelist Benjamin Disraeli as a Jew who fought back this book explores the complex ways in which mid Victorian discourses of identity and belonging were interwoven with discourses of race The book looks at Disraeli's response to the antisemitism of the period leading him to become convinced that race was the key to understand how society works It traces Disraeli's use of the category of race as a pivotal idea of social difference and looks at how race intersected his thinking with class culture gender nation and empire It also shows how Disraeli's one nation politics was dependent on the idea of empire and how his representations of both nation and empire became based on race Series Racism Analysis Series A Studies Vol 2 The Political Diaries of the Fourth Earl of Carnarvon, 1857-1890: Volume 35 Peter Gordon, 2009-12-17 Based on the diaries of Henry Herbert Molyneux fourth Earl of Carnarvon this book sheds new light on Conservative politics in the second half of the nineteenth century Few political diaries of this scale and significance have survived and they reveal him to be a shrewd observer of events *The Cambridge History of Modern European Thought* Warren Breckman, Peter Eli Gordon, 2019 In these well nigh encyclopedic volumes Warren Breckman and Peter E Gordon engage in a daunting feat They offer compact and informative introductions to essays on very many crucial dimensions of thought in the nineteenth and twentieth centuries And they furnish along with their own substantive chapters contributions from an array of prominent scholars of intellectual and cultural history all of whom demonstrate impressive expertise in their varied areas of inquiry The result is an important work of both scholarly and general interest Back cover **British Foreign and Imperial Policy 1865-1919** Graham Goodlad, 2005-08-08 British Foreign and Imperial Policy explores Britain's role in International Affairs from the age of Gladstone and Disraeli to the end of the First World War exploring such themes as Britain's involvement in the Scramble for Africa the Anglo Boer War the foreign policy of Lord Salisbury and the prospects for Britain and the Empire at the end of the First World War *Masculinity and the New Imperialism* Bradley Deane, 2014-05-29 This study uses popular literature to offer a fresh account of Victorian manliness as it was transformed by imperial and colonial politics *Imperial Britain* Andrew S. Thompson, 2014-07-30 This new study considers the impact of the empire upon modern British political culture The economic and cultural legacy of empire have received a great deal of attention but historians have neglected the effects of empire upon the domestic British political scene Dr Thompson explores economic demographic intellectual and military influences and he shows how parliamentary and party opinion interacted with imperial ideas and interests in the country at large This is a major new book which explores the ideology of key imperial campaigns and their popular support It makes a critical contribution to recent debates about the importance of empire to the nature and development of British national identities

before and after the First World War Muslim Europe Gavin Murray-Miller,2024-12-15 Europe and the Islamic world have shared a long and conflicted history From the Middle Ages to the global War on Terror the image of two civilizations perpetually at war has endured However a closer look at the past suggests this was not always the case Muslim Europe follows the lives of imperialists journalists and Muslim activists who attempted to challenge the idea of two opposing civilizations locked in eternal conflict Rich in detail it tells the stories of English officials who once declared Britain the greatest Muslim power on the face of the earth and recounts the extraordinary political campaign that saw a French Muslim elected to the National Assembly against all odds The age of empire brought Islam into European public life like never before inspiring Muslims on the continent to take to the press and mount political movements guided by desires for greater social recognition In chronicling the forgotten history of Europe s early Muslim communities across empires Muslim Europe proposes a new history for Europe highlighting the contributions made by Muslim subjects and citizens in search of a more just and tolerant society *A Wider Patriotism* J Lee Thompson,2015-09-30 When Alfred Milner was knighted he took as his motto *Communis Patria* patriotism for our common country This is the study of Milner which takes his politics or constructive imperialism as its primary theme It also discovers a group of young female supporters of his vision The Idea of Greater Britain Duncan Bell,2011-04-17 During the tumultuous closing decades of the nineteenth century as the prospect of democracy loomed and as intensified global economic and strategic competition reshaped the political imagination British thinkers grappled with the question of how best to organize the empire Many found an answer to the anxieties of the age in the idea of Greater Britain a union of the United Kingdom and its settler colonies in Australia Canada New Zealand and southern Africa In *The Idea of Greater Britain* Duncan Bell analyzes this fertile yet neglected debate examining how a wide range of thinkers conceived of this vast Anglo Saxon political community Their proposals ranged from the fantastically ambitious creating a globe spanning nation state to the practical and mundane reinforcing existing ties between the colonies and Britain But all of these ideas were motivated by the disquiet generated by democracy by challenges to British global supremacy and by new possibilities for global cooperation and communication that anticipated today s globalization debates Exploring attitudes toward the state race space nationality and empire as well as highlighting the vital theoretical functions played by visions of Greece Rome and the United States Bell illuminates important aspects of late Victorian political thought and intellectual life **Lives of Victorian Political Figures, Part I, Volume 2** Nancy LoPatin-Lummis,Michael Partridge,Richard Gaunt,2021-03-24 Aims to bring alive through the eyes of their contemporaries three of the greatest political figures of the Victorian era Henry third Viscount Palmerston Benjamin Disraeli and William Gladstone This four volume set draws together various documents including journals and diaries pamphlets correspondence and other ephemeral literature Volume 2 covers the political life of Benjamin Disraeli Part I British Jews and Imperial Service Stephanie M.
